Story about the historic struggle of the Civil Rights Movement in the 1960s during the time of segregation at Rock Hill, S.C. Ten young Black men peaceably entered McCrory's Variety Store and asked to be served at the lunch counter with equal service as Whites. They were arrested in spite of their non-violent protest and sent to prison. Charles Taylor returned to College shortly afterward, and worked to support the efforts of equality. The men who remained and served a longer prison sentence became known as the Friendship 9. They became an inspiration to other Civil Rights advocates and their historic sit-in protest sit-in inspired the Jail, No Bail movement. The Friendship 9 were Robert McCullough, John Gaines, Thomas Gaither, Clarence Graham, S.T. "Dub" Massey, Willie McCleod, James Wells, David Williamson, Jr., and Mark Workman. A book students will read. America, now in its twenty-fifth year, has sold more 1.2 million copies over the past seven editions and remains the most affordable history text on the market. This remarkable and monumental book at last provides a comprehensive answer to the age-old riddle of whether there are only a small number of 'basic stories' in the world. Using a wealth of examples, from ancient myths and folk tales via the plays and novels of great literature to the popular movies and TV soap operas of today, it shows that there are seven archetypal themes which recur throughout every kind of storytelling. But this is only the prelude to an investigation into how and why we are 'programmed' to imagine stories in these ways, and how they relate to the inmost patterns of human psychology. Drawing on a vast array of examples, from Proust to detective stories, from the Marquis de Sade to E.T., Christopher Booker then leads us through the extraordinary changes in the nature of storytelling over the past 200 years, and why so many stories have 'lost the plot' by losing touch with their underlying archetypal purpose. Booker analyses why evolution has given us the need to tell stories and illustrates how storytelling has provided a uniquely revealing mirror to mankind's psychological development over the past 5000 years. This seminal book opens up in an entirely new

way our understanding of the real purpose storytelling plays in our lives, and will be a talking point for years to come. "From five distinguished scholars comes one approachable and compelling narrative. U.S.: A Narrative History tells the stories of the American people in a concise and visually appealing way. The engaging narrative, crafted by a team of authors representing different eras, regions, topics, and approaches, showcases the diversity and complexity of the American past and guides students to develop a more nuanced understanding of our present and future. This extremely readable program provides opportunities to engage with and uncover the history of America by leveraging the tools and practices that historians use to illuminate the past. The approachable narrative is supported by a comprehensive set of learning activities found in Connect: American History. By harnessing the power of Connect, your students will get the help they need, when and how they need it, so that your class time can be more rewarding for your students and you"-- America is the leading narrative history because students love to read it. New Chapter Opener videos, History Skills Tutorials, and Norton's adaptive learning tool, InQuizitive, help students develop history skills, engage with the reading, and come to class prepared. What hasn't changed? Our unmatched affordability. Choose from Full, Brief (15% shorter), or The Essential Learning Edition--featuring fewer chapters and additional pedagogy. Many know Title IX as groundbreaking legislation that protects people from sex-based discrimination in education programs and activities that receive federal financial assistance. Yet, many do not know the history of women's sports before Title IX, the history of the amendment, and the struggle for its implementation. These topics and more are discussed in Ware's well-researched and reader-friendly Introduction, followed by 26 provocative, pertinent documents. The carefully selected writings, organized in chronological order, balance the views of policymakers, legislators, and commentators with the voices of individuals whose lives were shaped by the law. Ware purposely presents conflicting points of view to encourage analytical thinking and lively classroom discussion about gender equity, both in sports and in American society as a whole. The instant #1 New York Times bestseller. In time for the twentieth anniversary of 9/11, master storyteller Alan Gratz (Refugee) delivers a pulse-pounding and unforgettable take on history and hope, revenge and fear -- and the stunning links between the past and present. September 11, 2001, New York City: Brandon is visiting his dad at work, on the 107th floor of the World Trade Center. Out of nowhere, an airplane slams into the tower, creating a fiery nightmare of terror and confusion. And Brandon is in the middle of it all. Can he survive -- and escape? September 11, 2019, Afghanistan: Reshmina has grown up in the shadow of war, but she dreams of peace and progress. When a battle erupts in her village, Reshmina stumbles upon a wounded American soldier named Taz. Should she help Taz -- and put herself and her family in mortal danger? Two kids. One devastating day. Nothing will ever be the same. Since its original landmark publication in 1980, A People's History of the United States has been chronicling American history from the bottom up, throwing out the official version of history taught in schools -- with its emphasis on great men in high places -- to focus on the street, the home, and the workplace. Known for its lively, clear prose as well as its scholarly research, A People's History is the only volume to tell America's story from the point of view of -- and in the words of -- America's women, factory workers, African-Americans, Native Americans, the working poor, and immigrant laborers. As historian Howard Zinn shows, many of our country's greatest battles -- the fights for a fair wage, an eight-hour workday, child-labor laws, health and safety standards, universal suffrage, women's rights, racial equality -- were carried out at the grassroots level, against bloody resistance. Covering Christopher Columbus's arrival through President Clinton's first term, A People's History of the United States, which was nominated for the American Book Award in 1981, features insightful analysis of the most important events in our history. Revised, updated, and featuring a new afterword by the author, this special twentieth anniversary edition continues Zinn's important contribution to a complete and balanced understanding of American history. This history of Native Americans, from the period of first contact to the present day, offers an important variation to existing studies by placing the lives and experiences of Native American communities at the center of the narrative. Presents an innovative approach to Native American history by placing individual native communities and their experiences at the center of the study Following a first chapter that deals with creation myths, the remainder of the narrative is structured chronologically, covering over 600 years from the point of first contact to the present day Illustrates the great diversity in American Indian culture and emphasizes the importance of Native Americans in the history of North America Provides an excellent survey for courses in Native American history Includes maps, photographs, a timeline, questions for discussion, and "A Closer Focus" textboxes that provide biographies of individuals and that elaborate on the text, exposing students to issues of race, class, and gender Why we learn the wrong things from narrative history, and how our love for stories is hard-wired. To understand something, you need to know its history. Right? Wrong, says Alex Rosenberg in How History Gets Things Wrong. Feeling especially well-informed after reading a book of popular history on the best-seller list? Don't. Narrative history is always, always wrong. It's not just incomplete or inaccurate but deeply wrong, as wrong as Ptolemaic astronomy. We no longer believe that the earth is the center of the universe. Why do we still believe in historical narrative? Our attachment to history as a vehicle for understanding has a long Darwinian pedigree and a genetic basis. Our love of stories is hard-wired. Neuroscience reveals that human evolution shaped a tool useful for survival into a defective theory of human nature. Stories historians tell, Rosenberg continues, are not only wrong but harmful. Israel and Palestine, for example, have dueling narratives of dispossession that prevent one side from compromising with the other. Henry Kissinger applied lessons drawn from the Congress of Vienna to American foreign policy with disastrous results. Human evolution improved primate mind reading--the ability to anticipate the behavior of others, whether predators, prey, or cooperators--to get us to the top of the African food chain. Now, however, this hard-wired capacity makes us think we can understand history--what the Kaiser was thinking in 1914, why Hitler declared war on the United States--by uncovering the narratives of what happened and why. In fact, Rosenberg argues, we will only understand history if we don't make it into a story. In the first two volumes of this work, Paul Ricoeur examined the relations between time and narrative in historical writing, fiction and theories of literature. This final volume, a comprehensive reexamination and synthesis of the ideas developed in volumes 1 and 2, stands as Ricoeur's most complete and satisfying presentation of his own philosophy. In a work of history that will make headlines, New York Times reporter Philip Shenon investigates the investigation of 9/11 and tells the inside story of most important federal commission since the the Warren Commission. Shenon uncovers startling new information about the inner workings of the 9/11 commission and its relationship with the Bush White House. The Commission will change our understanding of the 9/11 investigation -- and of the attacks themselves. A book students love, in a more concise format. America has sold more than 1.8 million copies over the past eight editions because it's a book that students enjoy reading. "[A] groundbreaking compendium . . . bracing and urgent . . . This collection is an extraordinary update to an ongoing project of vital truth-telling."—*Esquire* NOW AN EMMY-NOMINATED HULU ORIGINAL DOCUSERIES • FINALIST FOR THE KIRKUS PRIZE • ONE OF THE BEST BOOKS OF THE YEAR: *The Washington Post*, *NPR*, *Esquire*, *Marie Claire*, *Electric Lit*, *Ms. magazine*, *Kirkus Reviews*, *Booklist* In late August 1619, a ship arrived in the British colony of Virginia bearing a cargo of twenty to thirty enslaved people from Africa. Their arrival led to the barbaric and unprecedented system of American chattel slavery that would last for the next 250 years. This is sometimes referred to as the country's original sin, but it is more than that: It is the source of so much that still defines the United States. The *New York Times Magazine*'s award-winning 1619 Project issue reframed our understanding of American history by placing slavery and its continuing legacy at the center of our national narrative. This book substantially expands on that work, weaving together eighteen essays that explore the legacy of slavery in present-day America with thirty-six poems and works of fiction that illuminate key moments of oppression, struggle, and resistance. The essays show how the inheritance of 1619 reaches into every part of contemporary American society, from politics, music, diet, traffic, and citizenship to capitalism, religion, and our democracy itself. This book that speaks directly to our current moment, contextualizing the systems of race and caste within which we operate today. It reveals long-glossed-over truths around our nation's founding and construction—and the way that the legacy of slavery did not end with emancipation, but continues to shape contemporary American life.
