*Fundamentals of Nursing Care* Marti Burton,David W. Smith (Of University of Texas at Arlington),2023 When we decided to write a nursing textbook we wanted it to be written to the entry level student not about the student We designed it so that students could truly understand what they are reading without the need for prior nursing experience or knowledge We wrote it to guide the student in developing simple problem solving skills and then progressing to clinical judgment in real world nursing Our aim is to teach students to understand and connect the what why and how of safe and effective care *Nursing Arts.
