**The Coach's Guide to Teaching** Doug Lemov, 2020-12-07 The mark of a great coach is a constant desire to learn and grow. A hunger to use whatever can make them better. The best-selling author of Teach Like a Champion and Reading Reconsidered brings his considerable knowledge about the science of classroom teaching to the sports coaching world to create championship-caliber coaches on the court and field. What great classroom teachers do is relevant to coaches in profound ways. After all, coaches are at their core teachers. Lemov knows that coaches face many of the same challenges found in the classroom, so the science of learning applies equally to them. Unfortunately, coaches and organizations have a mixed level of understanding of the research and study of the science of learning. Sometimes coaches and organizations build their teaching on myths and platitudes more than science. Sometimes there isn't any science applied at all. While there are thousands of books and websites a coach can consult to better understand technical and tactical aspects of the game, there is nothing for a coach to consult that explicitly examines the teaching problems on the field, the court, the rink, and the diamond. Until now, intended to offer lessons and guidance that are applicable to coaches of any sporting endeavor, including everyone from parent volunteers to professional coaches and private trainers, Lemov brings the powerful science of learning to the arena of sports coaching to create the next generation of championship-caliber coaches.

*Practice Perfect* Doug Lemov, Erica Woolway, Katie Yezzi, 2018-01-24 Rules for developing talent with disciplined, deliberate, intelligent practice. We live in a competition-loving culture. We love the performance, the big win, the ticking seconds of the clock as the game comes down to the wire. We watch games and cheer, sometimes to the point of obsession, but if we really wanted to see greatness, we'd spend our time watching, obsessing on, and maybe even cheering the practices instead. This book puts practice on the front burner of all who seek to instill talent and achievement in others as well as in themselves. This is a journey to understand that practice, not games, makes champions. In this book, the authors engage the dream of better, both in fields and endeavors where participants know they should practice and also in those where many do not yet recognize the transformative power of practice. And it's not just whether you practice. How you practice may be a true competitive advantage. Deliberately engineered and designed practice can revolutionize our most important endeavors. The clear set of rules presented in *Practice Perfect* will make us better in virtually every performance of life. The how-to rules of practice cover such topics as rethinking practice, modeling excellent practice, using feedback, creating a culture of practice, making new skills stick, and hiring for practice. Discover new ways to think about practice. Learn how to design successful practice. Apply practice across a wide range of realms, both personal and professional. The authors include specific activities to jump-start practice. Doug Lemov is the best-selling author of *Teach Like a Champion*. A hands-on resource to practice the rules within will help to create positive outliers and world-changing reservoirs of talent.

**Teach Like a Disciple** Jillian N. Lederhouse, 2016-11-11 Although much has been written about P 12 teaching from a biblical perspective this study focuses on Christ's relationships with a diverse group of individuals wealthy and poor women and men unschooled and well educated loud and quiet influential and powerless those whom Jesus knew well and those who were strangers to him those of his own faith and culture as well as those outside of it These individuals are remarkably similar to the students we teach in our public and private school classrooms today Each interaction between Jesus and an individual focuses on what we can learn from the student and Jesus as well as what we as teachers can apply in our profession As in our own practice some students learned their lessons well others failed For some we are uncertain when or if they achieved Jesus' objective for them Whether we are novices or experienced educators we can learn through these instructive relationships how to be teachers who follow Jesus' example in seeing our students' potential holistically caring for them and ultimately having a positive impact on their lives Through exploring these biblical relationships we can gain a better understanding of how to teach like Christ's disciple

Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
