**INTRODUCTORY NOTES**

- The manual is divided into sections identified by two-figure numbers and each section has independent page numbering.
- The relevant sections can easily be found by consulting the table of contents on the following pages.
- The document number of the manual and the corresponding dates are given at the bottom of each page.
- Pages updated in the future will be identified by the same document number followed by an additional digit that identifies standard manual 876790004 - 1st update 876790041 - 2nd update 876790042 - etc. The update pages can replace or supplement the pages of the standard manual; the information necessary for the procedure for adding or replacing pages is given on the 6th page of the update. The publication will be completed with an appropriate date.
- If it is necessary to issue a new updated manual (2nd edition) it will have document number 876790000, this indicates that the manual is composed of the standard version 876790004 completed with all the updates for update 876790041 - 2nd update 876790042 - etc.
- The information contained in the manual was current on the date printed on each section. As CASE IH constantly improves its product range, some information may be out of date subsequent to modifications implemented for technical or commercial reasons or to meet legal requirements in different countries. In the event of conflicting information, consult the CASE IH Sales and Service Departments.

**IMPORTANT WARNINGS**

- All maintenance and repair work described in this manual must be performed exclusively by CASE IH service technicians in strict accordance with the instructions given and using any specific tools necessary.
- Anyone performing the operations described herein without strictly following the instructions is personally responsible for any eventual injury or damage to property.
- The Manufacturer and all organisations belonging to the Manufacturer's distribution network, including but not limited to national, regional or local distributors, will accept no responsibility for personal injury or damage to property caused by abnormal function of parts and/or components not approved by the Manufacturer, including those used for maintenance and/or repair of the product manufactured or marketed by the Manufacturer.
- In any case, the product manufactured or marketed by the Manufacturer is covered by its guarantee of any kind against personal injury or damage to property caused by abnormal function of parts and/or components not approved by the Manufacturer.

**Chemical Process Design and Integration** Robin Smith, 2016-08-02 Written by a highly regarded author with industrial and academic experience this new edition of an established bestselling book provides practical guidance for students researchers and those in chemical engineering The book includes a new section on sustainable energy with sections on carbon capture and sequestration as a result of increasing environmental awareness and a companion website that includes problems worked solutions and Excel spreadsheets to enable students to carry out complex calculations

*Elements of Advanced Mathematics, Third Edition*

Steven G. Krantz, 2012-03-19 For many years this classroom tested best selling text has guided mathematics students to more advanced studies in topology abstract algebra and real analysis Elements of Advanced Mathematics Third Edition retains the content and character of previous editions while making the material more up to date and significant This third edition adds four new chapters on point set topology theoretical computer science the P NP problem and zero knowledge proofs and RSA encryption The topology chapter builds on the existing real analysis material The computer science chapters connect basic set theory and logic with current hot topics in the technology sector Presenting ideas at the cutting edge of modern

cryptography and security analysis the cryptography chapter shows students how mathematics is used in the real world and gives them the impetus for further exploration This edition also includes more exercises sets in each chapter expanded treatment of proofs and new proof techniques Continuing to bridge computationally oriented mathematics with more theoretically based mathematics this text provides a path for students to understand the rigor axiomatics set theory and proofs of mathematics It gives them the background tools and skills needed in more advanced courses

*Applications of Process Engineering Principles in Materials Processing, Energy and Environmental Technologies* Shijie Wang, Michael L. Free, Shafiq Alam, Mingming Zhang, Patrick R. Taylor, 2017-02-07 This collection offers new research findings innovations and industrial technological developments in extractive metallurgy energy and environment and materials processing Technical topics included in the book are thermodynamics and kinetics of metallurgical reactions electrochemical processing of materials plasma processing of materials composite materials ionic liquids thermal energy storage energy efficient and environmental cleaner technologies and process modeling These topics are of interest not only to traditional base ferrous and non ferrous metal industrial processes but also to new and upcoming technologies and they play important roles in industrial growth and economy worldwide
