Poverty and Famines

Amartya Sen, 1983-01-20 The main focus of this book is on the causation of starvation in general and of famines in particular. The author develops the alternative method of analysis, the entitlement approach, concentrating on ownership and exchange, not on food supply. The book also provides a general analysis of the characterization and measurement of poverty. Various approaches used in economics, sociology, and political theory are critically examined. The predominance of distributional issues, including distribution between different occupation groups, links up the problem of conceptualizing poverty with that of analyzing starvation.

The Evolution of International Security Studies Barry Buzan, Lene Hansen, 2009-08-27 International Security Studies (ISS) has changed and diversified in many ways since 1945. This book provides the first intellectual history of the development of the subject in that period. It explains how ISS evolved from an initial concern with the strategic consequences of superpower rivalry and nuclear weapons to its current diversity in which environmental, economic, human, and other securities sit alongside military security, and in which approaches ranging from traditional Realist analysis to Feminism and Post colonialism are in play. It sets out the driving forces that shaped debates in ISS, shows what makes ISS a single conversation across its diversity, and gives an authoritative account of debates on all the main topics within ISS. This is an unparalleled survey of the literature and institutions of ISS that will be an invaluable guide for all students and scholars of ISS, whether traditionalist, new agenda, or critical.

The Argumentative Indian Amartya Sen, 2013-10-15 A Nobel Laureate offers a dazzling new book about his native country. India is a country with many distinct traditions, widely divergent customs, vastly different convictions, and a veritable feast of viewpoints. In *The Argumentative Indian*, Amartya Sen draws on a lifetime study of his country's history and culture to suggest the ways we must understand India today in the light of its rich, long argumentative tradition. The millenia-old texts and interpretations of Hindu, Buddhist, Jain, Muslim, agnostic, and atheistic Indian thought demonstrate, Sen reminds us, ancient and well-respected rules for conducting debates and disputations, and for appreciating not only the richness of India's diversity but its need for toleration. Though Westerners have often perceived India as a place of endless spirituality and unreasoning mysticism, he underlines its long tradition of skepticism and reasoning, not to mention its secular contributions to mathematics, astronomy, linguistics, medicine, and political economy. Sen discusses many aspects of India's rich intellectual and political heritage, including philosophies of governance from Kautilya's and Ashoka's in the fourth and third centuries BCE to Akbar's in the 1590s, the history and continuing relevance of India's relations with China more than a millennium ago, its old and well-organized calendars, the films of Satyajit Ray, and the debates between Gandhi and the visionary poet Tagore about India's past, present, and future. The success of India's democracy and defense of its secular politics, Sen argues, depend on understanding and using this rich argumentative tradition. It is also essential to removing the inequalities, whether of caste, gender, class, or community, that mar Indian life, to stabilizing the now precarious conditions of a nuclear-armed subcontinent, and to correcting what Sen calls the politics of

deprivation His invaluable book concludes with his meditations on pluralism on dialogue and dialectics in the pursuit of social justice and on the nature of the Indian identity AFCAT (Flying technical & ground duty branch) 2022 Arihant Experts,2021-10-09 1 AFCAT Common Admission Test Online is prepared for the upcoming AFCAT entrance 2 The book is divided into 4 sections 3 Chapterwise Theory Notes are provided for better revision 4 Chapterwise MCQs are given for the quick grasping of concepts 5 Latest Solved papers 2020 2019 and 3 Practice Sets 6 Online practice sets are given to experience of the exam Aiming to Touch the Sky with Glory Indian Air Force invites for AFCAT Common Admission Test Online who wish to make careers at Air Force Presenting the revised and updated edition of AFCAT Common Admission Test Online that is completely designed according to the prescribed syllabus Giving the complete coverage to the syllabus this book is divided into 4 sections Each chapter is supported by not just with Theory Notes but also supplemented with MCQs for the quick grasping of the concepts To get the insights of the pattern and question weightage Each chapter is accompanied with previous years AFCAT Questions Latest Solved Papers 2020 2019 and 3 Practice Sets with online attempt are provided to promote awareness of the latest exam pattern As the book covers complete syllabus with solved papers and online practice sets it is a perfect study guide to expect successful shifting to the final phase of AFCAT i e Air Force Selection Board Interview TOC Solved Paper 2020 II Solved Paper 2020 I Solved paper 2019 II Solved Paper I General Awareness Verbal Ability in English Numerical Ability Reasoning and Military Aptitude Test Practice Sets 1 3 Jawahar Navodaya Vidyalaya Entrance Test (For Class IX) Dr.J.N.Sharma & Rajesh Kumar,2010-09 NCERT MCQs: Social Science Vikash Gautam,2016-03-02 NCERT MCQs Social Science is a collection of Multiple Choice Questions entirely based on N C E R T Social Science books History Geography and Political Science of class VI to X It is for school students as well as competitive exams **Primates** Kurt Benirschke,2012-12-06 This conference represents the first time in my life when I felt it was a misfortune rather than a major cause of my happiness that I do conservation work in New Guinea Yes it is true that New Guinea is a fascinating microcosm it has fascinating birds and people and it has large expanses of undisturbed rainforest In the course of my work there helping the Indonesian government and World Wildlife Fund set up a comprehensive national park system I have been able to study animals in areas without any human population But New Guinea has one serious drawback it has no primates except for humans Thus I come to this conference on primate conservation as an underprivileged and emotionally deprived observer rather than as an involved participant Nevertheless it is easy for anyone to become interested in primate conservation The public cares about primates More specifically to state things more realistically many people care some of the time about some primates Primates are rivaled only by birds pandas and the big cats in their public appeal For some other groups of animals the best we can say is that few people care about them infrequently For most groups of animals no one cares about them ever Theory in Archaeology Peter J.
