Factory Girls Leslie T. Factory Girls Leslie T. Chang, 2008-10-07 An eye opening and previously untold story Factory Girls is the first look into the everyday lives of the migrant factory population in China China has 130 million migrant workers the largest migration in human history In Factory Girls Leslie T Chang a former correspondent for the Wall Street Journal in Beijing tells the story of these workers primarily through the lives of two young women whom she follows over the course of three years as they attempt to rise from the assembly lines of Dongguan an industrial city in China s Pearl River Delta As she tracks their lives Chang paints a never before seen picture of migrant life a world where nearly everyone is under thirty where you can lose your boyfriend and your friends with the loss of a mobile phone where a few computer or English lessons can catapult you into a completely different social class Chang takes us inside a sneaker factory so large that it has its own hospital movie theater and fire department to posh karaoke bars that are fronts for prostitution to makeshift English classes where students shave their heads in monklike devotion and sit day after day in front of machines watching English words flash by and back to a farming village for the Chinese New Year revealing the poverty and idleness of rural life that drive young girls to leave home in the first place Throughout this riveting portrait Chang also interweaves the story of her own family s migrations within China and to the West providing historical and personal frames of reference for her investigation A

book of global significance that provides new insight into China *Factory Girls* demonstrates how the mass movement from rural villages to cities is remaking individual lives and transforming Chinese society much as immigration to America's shores remade our own country a century ago

**Factory Girls** Leslie T. Chang, 2008 Chronicles the everyday world of the millions of female Chinese migrant workers who have left their homes in rural towns to find jobs in China's cities as revealed through a two year study of the lives of two young women and assesses the sociological significance and global influence of this movement 25 000 first printing

*Factory Girls* Leslie T. Chang, 2010-01-01 Head and shoulders above almost all other new books about China this unflinching and yearningly compassionate portrait of the lives and loves of ordinary Chinese workers is quite unforgettable

Simon Winchester Every year in China millions of migrant workers leave their rural towns to find jobs in the cities These people are the driving forces behind China's economic boom they work very hard and for little money to make the trainers ornaments designer handbags and toys which we buy Through the lives of two young women Chang vividly portrays a world where you can lose your boyfriend and your friends with the loss of a cell phone where lying about your age your education and your work experience is often a requisite for getting ahead where a few computer or English lessons can catapult you into a completely different social class This is a powerful and humane portrait of the forces which are shaping China Astonishing Heartbreaking As one tool in trying to understand today's China this is a most valuable if troubling read

Irish Times Engrossing An exceptionally vivid and compassionate depiction of the day to day dramas and the fears and aspirations of the real people who are powering China's economic boom Scotsman Chang's elegant book is evidence that the best trips home often require a circuitous approach

**The Chinese Typewriter** Thomas S. Mullaney, 2018-10-09 How Chinese characters triumphed over the QWERTY keyboard and laid the foundation for China's information technology successes today Chinese writing is character based the one major world script that is neither alphabetic nor syllabic Through the years the Chinese written language encountered presumed alphabetic universalism in the form of Morse Code Braille stenography Linotype punch cards word processing and other systems developed with the Latin alphabet in mind This book is about those encounters in particular thousands of Chinese characters versus the typewriter and its QWERTY keyboard Thomas Mullaney describes a fascinating series of experiments prototypes failures and successes in the century long quest for a workable Chinese typewriter The earliest Chinese typewriters Mullaney tells us were figments of popular imagination sensational accounts of twelve foot keyboards with 5 000 keys One of the first Chinese typewriters actually constructed was invented by a Christian missionary who organized characters by common usage but promoted the less common characters for Jesus to the common usage level Later came typewriters manufactured for use in Chinese offices and typewriting schools that turned out trained typewriter girls and typewriter boys Still later was the Double Pigeon typewriter produced by the Shanghai Calculator and Typewriter Factory the typewriter of choice under Mao Clerks and secretaries in this era experimented with alternative ways of organizing characters on their tray beds inventing an input

method that was the first instance of predictive text Today after more than a century of resistance against the alphabetic not only have Chinese characters prevailed they form the linguistic substrate of the vibrant world of Chinese information technology The Chinese Typewriter not just an object history but grappling with broad questions of technological change and global communication shows how this happened A Study of the Weatherhead East Asian Institute Columbia University

pleasures A beautiful coming of age novel Northern Girls explores the inner lives of a generation of young rural Chinese women who embark on life changing journeys in search of something better **The Dew Breaker** Edwidge

Danticat,2007-12-18 We meet him late in life a quiet man a good father and husband a fixture in his Brooklyn neighborhood a landlord and barber with a terrifying scar across his face As the book unfolds moving seamlessly between Haiti in the 1960s and New York City today we enter the lives of those around him and learn that he has also kept a vital dangerous secret

Edwidge Danticat s brilliant exploration of the dew breaker or torturer s an unforgettable story of love remorse and hope of personal and political rebellions and of the compromises we make to move beyond the most intimate brushes with history It firmly establishes her as one of America s most essential writers BONUS This edition includes an excerpt from Edwidge

Danticat s *Claire of the Sea Light* *China Witness* Xinran,2010-04-20 *China Witness* is a remarkable work of oral history that lets us see the cultural upheavals of the past century through the eyes of the Chinese who lived through them Xinran acclaimed author of *The Good Women of China* traveled across China seeking out the nation s grandparents and great grandparents the men and women who experienced firsthand the tremendous changes of the modern era Although many of them feared repercussions they spoke with stunning candor about their hopes fears and struggles and about what they witnessed from the Long March to land reform from Mao to marriage from revolution to Westernization In the same way that Studs Terkel s *Working* and Tom Brokaw s *The Greatest Generation* gave us the essence of very particular times *China Witness* gives us the essence of modern China a portrait more intimate nuanced and revelatory than any we have had before

*The Corpse Walker* Liao Yiwu,2009-05-05 *The Corpse Walker* introduces us to regular men and women at the bottom of Chinese society most of whom have been battered by life but have managed to retain their dignity a professional mourner a human trafficker a public toilet manager a leper a grave robber and a Falung Gong practitioner among others By asking challenging questions with respect and empathy Liao Yiwu managed to get his subjects to talk openly and sometimes hilariously about their lives desires and vulnerabilities creating a book that is an instance par excellence of what was once upon a time called The New Journalism *The Corpse Walker* reveals a fascinating aspect of modern China describing the lives of normal Chinese citizens in ways that constantly provoke and surprise

*The Politics of Mourning in Early China* Miranda Brown,2012-02-01 *The Politics of Mourning in Early China* reevaluates the longstanding assumptions about early imperial political culture According to most explanations filial piety served as the linchpin of the social and political order as all political relations were a seamless extension of the relationship between father and son a relationship that was hierarchical paternalistic and personal Offering a new perspective on the mourning practices and funerary monuments of the Han dynasty Miranda Brown asks whether the early imperial elite did in fact imagine political participation solely along the lines of the father son relationship or whether there were alternative visions of political association The early imperial elite held remarkably varied and contradictory beliefs about political life and they had multiple templates and changing scripts for

political action This book documents and explains such diversity and variation and shows that the Han dynasty practice of mourning expressed many visions of political life visions that left lasting legacies
