**Washington Information Directory 2022-2023** CQ Press, 2022-08-23. The Washington Information Directory (WID) is a directory with a unique profile; it is topically organized and within the taxonomic structure, the relevant organizations are listed not only with contact information but with a brief paragraph describing what the organization, whether government or non-governmental, does related to that topic. It focuses on Washington in order to be listed; an organization must have an office in the Washington metropolitan area. These descriptions are not boilerplate advertising material from the organizations; rather, they are hand-crafted by a talented freelance research team. In addition, WID pulls together 55 organization charts for federal agencies, congressional resources related to each chapter topic, hotline and contact information for various specific areas of interest, and an extensive list of active congressional caucuses and contact details. WID has two appendices: one with thorough information on congresspersons and committees, and the second with governors and embassies.
