# Songs Of The Gorilla Nation My Journey Through Autism Dawn Prince Hughes

**Songs of the Gorilla Nation** Dawn Prince-Hughes,2004     Songs of the Gorilla Nation Dawn Prince-Hughes, Ph.D.,2004-03-09 This is a book about autism Specifically it is about my autism which is both like and unlike other people s autism But just as much it is a story about how I emerged from the darkness of it into the beauty of it In this elegant and thought provoking memoir Dawn Prince Hughes traces her personal growth from undiagnosed autism to the moment when as a young woman she entered the Seattle Zoo and immediately became fascinated with the gorillas Having suffered from a lifelong inability to relate to people in a meaningful way Dawn was surprised to find herself irresistibly drawn to these great primates By observing them and later working with them she was finally able to emerge from her solitude and connect to living beings in a way she had never previously experienced Songs of the Gorilla Nation is more than a story of autism it is a paean to all that is important in life Dawn Prince Hughes s evocative story will undoubtedly have a lasting impact forcing us like the author herself to rediscover and assess our own understanding of human emotion     Aquamarine Blue 5 Dawn Prince-Hughes,2002 This is the first book to be written by autistic college students about the challenges they face Aquamarine Blue 5 details the struggle of these highly sensitive students and shows that there are gifts specific to autistic students that enrich the university system scholarship and the world as a whole Dawn     Mean Little deaf Queer Terry Galloway,2010-06-01 In 1959 the year Terry Galloway turned nine the voices of everyone she loved began to disappear No one yet knew that an experimental antibiotic given to her mother had wreaked havoc on her fetal nervous system eventually causing her to go deaf As a self proclaimed child freak she acted out her fury with her boxy hearing aids and Coke bottle glasses by faking her own drowning at a camp for crippled children Ever since that first real life performance Galloway has used theater whether onstage or off to defy and transcend her reality With disarming candor she writes about her mental breakdowns her queer identity and living in a silent quirky world populated by unforgettable characters What could have been a bitter litany of complaint is instead an unexpectedly hilarious and affecting take on life     **Dreaming the Dawn** E. K. Caldwell,1999-01-01 A fresh articulate collection of interviews with twelve of the most influential Native American voices includes the words of writers Sherman Alexie and James Welch poet Elizabeth Woody activist Winona LaDuck and actor Litefoot among others     Atypical Jesse A. Saperstein,2010-04-06 The poignant funny and truly unique observations of a young writer diagnosed with Asperger s Syndrome Please be forewarned that you are about to read the observations and life lessons of someone who entertains himself by farting in public and conversing in gibberish with his cats Thus begins the charming insightful and memorable story of Jesse Saperstein Diagnosed with Asperger s Syndrome a mild form of autism

Jesse has struggled since childhood with many of the hallmark challenges of his condition from social awkwardness and self doubt to extreme difficulty with change and managing his emotions He has also worked hard to understand and make the most of his AS developing his keen curiosity and sense of humor closely observing the world around him and most of all helping others with AS to better cope and even thrive Told with endearing and unflinching honesty Jesse brings his unique perspective to the circumstances of his life and his condition *Freaks, Geeks and Asperger Syndrome* Luke Jackson,2002-08-15 Part of the Reading Well scheme 35 books selected by young people and health professionals to provide 13 to 18 year olds with high quality support information and advice about common mental health issues and related conditions Winner of the NASEN TES Special Educational Needs Children s Book Award 2003 Have you ever been called a freak or a geek Have you ever felt like one Luke Jackson is 13 years old and has Asperger Syndrome Over the years Luke has learned to laugh at such names but there are other aspects of life which are more difficult Adolescence and the teenage years are a minefield of emotions transitions and decisions and when a child has Asperger Syndrome the result is often explosive Luke has three sisters and one brother in various stages of their adolescent and teenage years but he is acutely aware of just how different he is and how little information is available for adolescents like himself Drawing from his own experiences and gaining information from his teenage brother and sisters he wrote this enlightening honest and witty book in an attempt to address difficult topics such as bullying friendships when and how to tell others about AS school problems dating and relationships and morality Luke writes briefly about his younger autistic and AD HD brothers providing amusing insights into the antics of his younger years and advice for parents carers and teachers of younger AS children However his main reason for writing was because so many books are written about us but none are written directly to adolescents with Asperger Syndrome I thought I would write one in the hope that we could all learn together **Holy Cow** Steven Rosen,2004 Krishna movement s pioneering and even visionary efforts in popularizing vegetarian cuisine and the compassionate treatment of animals in the West how they did so from the days of their first Sunday Love Feast in 1966 and how they continue to do so in the present day Book jacket **Song of the Ten Thousands** B. D. Love,2009-12 A young boy of mixed ancestry abandoned by his parents comes to live with his wildly eccentric aunt and uncle in rural Michigan Despite the Anglo mother s insistence that the boy be raised American the aunt and uncle ingeniously teach him his Chinese culture in subtle sweet and often hilarious ways Through adventures great and small the boy overcomes his loneliness and comes into this his world aided by his wonderful dog Skip **Planet of the Blind** Stephen Kuusisto,2013-08-07 The world is a surreal pageant writes Stephen Kuusisto Ahead of me the shapes and colors suggest the sails of Tristan s ship or an elephant s ear floating in air though in reality it is a middle aged man in a London Fog rain coat which billows behind him in the April wind So begins Kuusisto s memoir Planet of the Blind a journey through the kaleidoscope geography of the partially sighted where everyday encounters become revelations struggles or simple triumphs Not fully blind not fully sighted the author lives in what he describes as the

customs house of the blind a midway point between vision and blindness that makes possible his unique perception of the world In this singular memoir Kuusisto charts the years of a childhood spent behind bottle lens glasses trying to pass as a normal boy the depression that brought him from obesity to anorexia the struggle through high school college first love and sex Ridiculed by his classmates his parents in denial here is the story of a man caught in a perilous world with no one to trust until a devastating accident forces him to accept his own disability and place his confidence in the one relationship that can reconnect him to the world the relationship with his guide dog a golden Labrador retriever named Corky With Corky at his side Kuusisto is again awakened to his abilities his voice as a writer and his own particular place in the world around him Written with all the emotional precision of poetry Kuusisto s evocative memoir explores the painful irony of a visually sensitive individual in love with reading painting and the everyday images of the natural world faced with his gradual descent into blindness Folded into his own experience is the rich folklore the phenomenon of blindness has inspired throughout history and legend

**Neurodiversity Studies** Hanna Bertilsdotter Rosqvist, Nick Chown, Anna Stenning, 2020-06-02 Building on work in feminist studies queer studies and critical race theory this volume challenges the universality of propositions about human nature by questioning the boundaries between predominant neurotypes and others including dyslexics autistics and ADHDers This is the first work of its kind to bring cutting edge research across disciplines to the concept of neurodiversity It offers in depth explorations of the themes of cure prevention eugenics neurodivergent wellbeing cross neurotype communication neurodiversity at work and challenging brain bound cognition It analyses the role of neuro normativity in theorising agency and a proposal for a new alliance between the Hearing Voices Movement and neurodiversity In doing so we contribute to a cultural imperative to redefine what it means to be human To this end we propose a new field of enquiry that finds ways to support the inclusion of neurodivergent perspectives in knowledge production and which questions the theoretical and mythological assumptions that produce the idea of the neurotypical Working at the crossroads between sociology critical psychology medical humanities critical disability studies and critical autism studies and sharing theoretical ground with critical race studies and critical queer studies the proposed new field neurodiversity studies will be of interest to people working in all these areas Chapter 7 of this book is freely available as a downloadable Open Access PDF at <http://www.taylorfrancis.com> under a Creative Commons Attribution Non Commercial No Derivatives CC BY NC ND 4.0 license
