the needs of all learners, recommended children's literature for additional text support, and a family letter to build a school-home connection. *Jesuit at Large* Apr 15 2021 Father Paul Mankowski, S.J. (1953-2020), was one of the most brilliant and scintillating Catholic writers of our time. His essays and reviews, collected here for the first time, display a unique wit, a singular breadth of learning, and a penetrating insight into the challenges of Catholic life in the postmodern world. Whether explicating Catholic doctrines like the Immaculate Conception, dissecting

contemporary academic life, deploring clerical malfeasance, or celebrating great authors, Father Mankowski's keen intelligence is always on display, and his energetic prose keeps the pages turning. Whatever his topic, however, Paul Mankowski's intense Catholic faith shines through his writing, as it did through his life. *Jesuit at Large* invites its readers to meet a man of great gifts who suffered for his convictions but never lost hope in the renewal of Catholicism, a man whose confidence in the truth of what the Church proposed to the world was never shaken by the

failures of the people of the Church.

**The Greatest
Philosopher Who
Ever Lived** Nov 22
2021 In 1919, Peter Kreeft published "Socrates' Children,

a four-volume series on the hundred greatest philosophers of all time, spanning from ancient Greece to contemporary Germany. But he made a terrible mistake: he somehow left out women, and with this, he overlooked the greatest mind of them all. He forgot her—a mysterious housewife from a desert village—because he had forgotten what "philosophy" means. "Philosophy is not the cultivation of cleverness," Kreeft explains, "or the sophistications of scholarship, or the analysis of analysis, or the refutation of refutations, or the deconstruction of deconstructions."

No, "philosophy is a romance, a love affair—the love of wisdom." This book is a one-of-a-kind study on Mary of Nazareth, the mother of Jesus. If Jesus Christ is wisdom incarnate, and if Mary loved Him more than anyone else ever did, then it holds that Mary is the greatest philosopher, the greatest wisdom-lover. With precision and humor, Kreeft not only unpacks the thought and spirit of Mary as we know her through Scripture and Church doctrine, but offers a heartfelt crash course in the basics of philosophy—methodology, epistemology, logic,

metaphysics, cosmology, ethics, politics, aesthetics, and more—all through the lens of the Mother of God. Fans of Kreeft will find here another fine example of his characteristic freshness, creativity, depth, and readability. But above all, those who are curious about the mother of Jesus, whether they are new to Christian faith or simply hoping to discover it anew, will likely find themselves swept up in the tide of Mary's wise love for God.
