If you enjoyed 'The Kiss Quotient,' by Helen Hoang, read Things You Save in a Fire" — THE WASHINGTON POST From the New York Times bestselling author of How to Walk Away comes a stunning new novel about courage, hope, and learning to love against all odds. Cassie Hanwell was born for emergencies. As one of the only female firefighters in her Texas firehouse, she's seen her fair share of them, and she's a total pro at other people's tragedies. But when her estranged and ailing mother asks her to give up her whole life and

move to Boston, Cassie suddenly has an emergency of her own. The tough, old-school Boston firehouse is as different from Cassie's old job as it could possibly be. Hazing, a lack of funding, and poor facilities mean that the firemen aren't exactly thrilled to have a "lady" on the crew—even one as competent and smart as Cassie. Except for the infatuation-inspiring rookie, who doesn't seem to mind having Cassie around. But she can't think about that. Because love is girly, and it's not her thing. And don't forget the advice her old captain gave her: Never date firefighters. Cassie can feel her resolve slipping...and it means risking it all—the only job she's ever loved, and the hero she's worked like hell to become. Katherine Center's *Things You Save in a Fire* is a heartfelt and healing tour-de-force about the strength of vulnerability, the nourishing magic of forgiveness, and the life-changing power of defining courage, at last, for yourself.

Should they sell the Porter family business, a gas station, repair shop, and convenience store rolled into one, where the slogan -- "Porter's: We Fix it Right!" -- has been shouting the family's pride for as long as anyone can remember? With Daddy gone, everything's different. Through his friendship with Thomas, Beau, and Miss Georgia, Red starts to see there's a lot more than car motors and rusty fenders that need fixing in his world. **The Chinese Groove** Feb 17 2024 Anne Tyler meets Jade Chang in this buoyant, good-hearted, and sharply written novel about a blithely optimistic

immigrant with big dreams, dire prospects, and a fractured extended family in need of his help—even if they don't know it yet “Ma’s iteration of the young migrant story is imbued with inherent optimism.”—New York Times Book Review Eighteen-year-old Shelley, born into a much-despised branch of the Zheng family in Yunnan Province and living in the shadow of his widowed father’s grief, dreams of bigger things. Buoyed by an exuberant heart and his cousin Deng’s tall tales about the United States, Shelley heads to San Francisco to claim his destiny, confident that any hurdles will be easily overcome by the awesome powers of the “Chinese groove,” a belief in the unspoken bonds between countrymen that transcend time and borders. Upon arrival, Shelley is dismayed to find that his “rich uncle” is in fact his unemployed second cousin once removed and that the grand guest room he’d envisioned is but a scratchy sofa. The indefinite stay he’d planned for? That has a firm two-week expiration date. Even worse, the loving family he hoped would embrace him is in shambles, shattered by a senseless tragedy that has cleaved the family in two. They want nothing to do with this youthful brawler who’s barged into their lives. Ever the optimist, Shelley concocts a plan to resuscitate his American dream by insinuating himself into the family. And, who knows, maybe he’ll even manage to bring them back together in the process.

**The Year She Left Us** Jun 21 2024 Three generations of Chinese-American women in a San Francisco family must confront their past and carve out a future in this extraordinary novel, a “haunting” debut full of “shimmering and unforgettable” characters. (New York Times Book Review) The Kong women are in crisis. A disastrous trip to visit her "home" orphanage in China has plunged eighteen-year-old Ari into a self-destructive spiral. Her adoptive mother, Charlie, a lawyer with a great heart, is desperate to keep her daughter safe. Meanwhile, Charlie must endure the prickly scrutiny of her beautiful, Bryn Mawr educated mother, Gran—who, as the daughter of a cultured Chinese doctor, came to America to survive Mao's Revolution—and her sister, Les, a brilliant judge with a penchant to rule over everyone's lives. As they cope with Ari's journey of discovery and its aftermath, the Kong women will come face to face with the truths of their lives—four powerful intertwining stories of accomplishment, tenacity, secrets, loneliness, and love. Beautifully illuminating the bonds of family and blood, *The Year She Left Us* explores the promise and pain of adoption, the price of assimilation and achievement, the debt we owe to others, and what we owe ourselves.

**The Little Friend** Aug 19 2021 NATIONAL BESTSELLER • From the Pulitzer Prize-winning author of *The Goldfinch* comes an utterly riveting

novel set in Mississippi of childhood, innocence, and evil. • “Destined to become a special kind of classic.” —The New York Times Book Review The setting is Alexandria, Mississippi, where one Mother’s Day a little boy named Robin Cleve Dufresnes was found hanging from a tree in his parents’ yard. Twelve years later Robin’s murder is still unsolved and his family remains devastated. So it is that Robin’s sister Harriet—unnervingly bright, insufferably determined, and unduly influenced by the fiction of Kipling and Robert Louis Stevenson--sets out to unmask his killer. Aided only by her worshipful friend Hely, Harriet crosses her town’s rigid lines of race and caste and burrows deep into her family’s history of loss. Filled with hairpin turns of plot and “a bustling, ridiculous humanity worthy of Dickens” (The New York Times Book Review), *The Little Friend* is a work of myriad enchantments by a writer of prodigious talent.

*Internal Time* Mar 14 2021 Winner of a British Medical Association Book Award A Brain Pickings Best Science Book of the Year Early birds and night owls are born, not made. Sleep patterns may be the most obvious manifestation of the highly individualized biological clocks we inherit, but these clocks also regulate bodily functions from digestion to hormone levels to cognition. Living at odds with our internal timepieces, Till Roenneberg shows, can make us chronically sleep deprived and more likely

to smoke, gain weight, feel depressed, fall ill, and fail geometry. By understanding and respecting our internal time, we can live better. "Internal Time is a cautionary tale—actually a series of 24 tales, not coincidentally. Roenneberg ranges widely from the inner workings of biological rhythms to their social implications, illuminating each scientific tutorial with an anecdote inspired by clinical research...Written with grace and good humor, Internal Time is a serious work of science incorporating the latest research in chronobiology...[A] compelling volume."

—A. Roger Ekirch, Wall Street Journal "This is a fascinating introduction to an important topic, which will appeal to anyone who wishes to delve deep into the world of chronobiology, or simply wonders why they struggle to get a good night's sleep." —Richard Wiseman, New Scientist

*Versailles* Oct 21 2021 *Versailles* is the story of an expansive spirit locked in a pretty body and an impossible moment in history. As the novel begins, fourteen-year-old Marie Antoinette is traveling from Austria to France to meet her fiancé, the mild, abstracted Louis. He will become the sixteenth Louis to reign in France, and Antoinette will be his queen, hemmed in by towering hairdos, the xenophobic suspicion of her subjects, the misogyny of her

detractors, the larger-than-life figures of Mirabeau, Du Barry, Robespierre, and the manifold twists and turns of the palace she calls home. The novel moves from room to room, from garden to fountain, occasionally breaking into playlets in which we glimpse characters struggling to mind their step in the great ballroom of the world. Driving our tour is the relentless engine of time, that friend to youth, for whom anything is possible. Antoinette gives birth to four children, two of whom will outlive her; she falls in love; she dies at the guillotine. A meditation on time and the soul's true journey within it, Versailles is at once wittily entertaining and astonishingly wise.

*Waste* Sep 19 2021 The MacArthur grant-winning environmental justice activist's riveting memoir of a life fighting for a cleaner future for America's most vulnerable A Smithsonian Magazine Top Ten Best Science Book of 2020 Catherine Coleman Flowers, a 2020 MacArthur "genius," grew up in Lowndes County, Alabama, a place that's been called "Bloody Lowndes" because of its violent, racist history. Once the epicenter of the voting rights struggle, today it's Ground Zero for a new movement that is also Flowers's life's work—a fight to ensure human dignity through a right most Americans take for granted: basic sanitation. Too many people, especially the rural poor, lack an affordable means of disposing cleanly of the waste from their toilets

and, as a consequence, live amid filth. Flowers calls this America's dirty secret. In this "powerful and moving book" (Booklist), she tells the story of systemic class, racial, and geographic prejudice that foster Third World conditions not just in Alabama, but across America, in Appalachia, Central California, coastal Florida, Alaska, the urban Midwest, and on Native American reservations in the West. In this inspiring story of the evolution of an activist, from country girl to student civil rights organizer to environmental justice champion at Bryan Stevenson's Equal Justice Initiative, Flowers shows how sanitation is becoming too big a problem to ignore as climate change brings sewage to more backyards—not only those of poor minorities.

**Live Big, Love Bigger** Jun 09 2023 Popular blogger Kathryn Whitaker is a Dr Pepper super fan, Aggie-loving, type A mom of six with a personality the size of her native Texas. The stressful premature birth of her fifth child threw her orderly world into chaos and ultimately led her to rethink her priorities. In *Live Big, Love Bigger*, Whitaker shares her journey and challenges readers to understand that they, too, can live a life of authenticity with joy-filled purpose, love, and faith. Along the way, she'll help readers see that choosing to say no is the only way they'll be able to say yes to what matters most—Jesus. It's not every family who would plan a week-long Texas barbecue pilgrimage for a family of

eight, much less expand the idea to a multi-month quest to experience the state, eat amazing food, and visit some awesome religious sites along the way. But Whitaker did it—when she decided imperfect family road trips trumped a vacation at a luxury resort. “Barbecue encouraged us to hit the road, while Jesus met us at every single stop along the way—proof that he loves brisket as much as we do, right?” Ditching the fancy vacation was one way Whitaker learned to give up control and say no to perfectionism and over-achievement in order to live a new, more intentional life and discover what God truly has in store for her family. Whitaker’s sassy authenticity will make readers laugh—and cry—while encouraging them to be honest about mistakes in every area of their life, embrace them, and find a way to let God redeem it all.

**U.S. History As Women's History** May 16 2021 This outstanding collection of fifteen original essays represents innovative work by some of the most influential scholars in the field of women's history. Covering a broad sweep of history from colonial to contemporary times and ranging over the fields of legal, social, political, and cultural history, this book, according to its editors, 'intrudes into regions of the American historical narrative from which women have been excluded or in which gender relations were not thought to play a part.' State formation, power, and knowledge have not traditionally been understood as the subjects of women's history, but they are the themes that permeate this book. Individually and together, the essays explore how gender serves to legitimize particular constructions of power and knowledge and to meld these into accepted practice and state policy. They show how

the field of women's history has moved from the discovery of women to an evaluation of social processes and institutions. The book is dedicated to pioneering women's historian Gerda Lerner, whose work inspired so many of the contributors, and it includes a bibliography of her works. from the book

The contributors to this volume grew up into a world in which history was rigidly limited. It paid little attention to social relationships, to issues of race, to the concerns of the poor, and virtually none to women. Women figured in it for their ritual status, as wives of presidents like Abigail Adams or Dolly Madison; for their role as spoilers, from the witches of Salem to Mary Todd Lincoln, or for their sacrificial caregiving, like Clara Barton or Dorothea Dix. Even when women like Sojourner Truth, Jane Addams, and Eleanor Roosevelt were named by historians, the radical substance of their work and their lives was routinely ignored. A very few historians of women--Eleanor Flexner, Julia Cherry Spruill, Caroline Ware--worked on the margins of the profession, their contributions unappreciated, and their writing vulnerable to the charge of irrelevance.

**Lost & Found** Oct 13 2023 'Extraordinary . . . a profound and beautiful book . . . a moving meditation on grief and loss, but also a sparky celebration of joy, wonder and the miracle of love . . . Witty, wise, beautifully structured and written in clear, singing prose' – Sunday Times Eighteen months before Kathryn Schulz's beloved father died, she met the woman she would marry. In *Lost & Found*, she weaves the stories of those relationships into a brilliant exploration of how all our lives are shaped by loss and discovery - from the maddening

disappearance of everyday objects to the sweeping devastations of war, pandemic, and natural disaster; from finding new planets to falling in love. Three very different American families form the heart of *Lost & Found*: the one that made Schulz's father, a charming, brilliant, absentminded Jewish refugee; the one that made her partner, an equally brilliant farmer's daughter and devout Christian; and the one she herself makes through marriage. But Schulz is also attentive to other, more universal kinds of conjunction: how private happiness can coexist with global catastrophe, how we get irritated with those we adore, how love and loss are themselves unavoidably inseparable. The resulting book is part memoir, part guidebook to living in a world that is simultaneously full of wonder and joy and wretchedness and suffering - a world that always demands both our gratitude and our grief. A staff writer at the *New Yorker* and winner of the Pulitzer Prize, Kathryn Schulz writes with curiosity, tenderness, erudition, and wit about our finite yet infinitely complicated lives. Crafted with the emotional clarity of C. S. Lewis and the intellectual force of Susan Sontag, *Lost & Found* is an uncommon book about common experiences. 'An extraordinary gift of a book, a tender, searching meditation on love and loss and what it means to be human. I wept at it, laughed with it, was entirely fascinated by it. I emerged feeling a little as if the

world around me had been made anew.' – Helen Macdonald, author of *H Is for Hawk*

*All That Work and Still No Boys* May 20 2024 How do we survive our family, stay bound to our community, and keep from losing ourselves? In *All That Work and Still No Boys*, Kathryn Ma exposes the deepest fears and longings that we mask in family life and observes the long shadows cast by history and displacement. Here are ten stories that wound and satisfy in equal measure. Ma probes the immigrant experience, most particularly among northern California's Chinese Americans, illuminating for us the confounding nature of duty, transformation, and loss. A boy exposed to racial hatred finds out the true difference between his mother and his father. Two old rivals briefly lay down their weapons, but loneliness and despair won't let them forget the past. A young Beijing tour guide with a terrible family secret must take an adopted Chinese girl and her American family to visit an orphanage. And in the prize-winning title story, a mother refuses to let her son save her life, insisting instead on a sacrifice by her daughter. Intimate in detail and universal in theme, these stories give us the compelling voice of an exciting

new author whose intelligence, insight, and wit impart a sense of grace to the bitter resentments and enduring ties that comprise family love. Even through the tensions Ma creates so deftly, the peace and security that come from building and belonging to one's own community shine forth.

As Kathryn struggles with her grief, she descends into a maelstrom of publicity stirred up by the modern hunger for the details of tragedy. *Being Wrong* Apr 14 2021 To err is human. Yet most of us go through life assuming (and sometimes insisting) that we are right about nearly everything, from the origins of the universe to how to load the dishwasher. Drawing on thinkers as varied as Augustine, Darwin, Freud, Gertrude Stein, Alan Greenspan, and Groucho Marx, she shows that error is both a given and a gift—one that can transform our worldviews, our relationships, and ourselves.

As they pursued their dreams--she as a model and he as a lawyer--they planted their lives in the city and their church community. Their son, James, came along unexpectedly in the fall of 2007, and just six months later, everything changed in a moment for this young family. On April 21, 2008, as James slept in the other room, Katherine collapsed, suffering a massive brain stem stroke without warning. Miraculously, Jay came home in time and called for help. Katherine was immediately rushed into brain surgery, though her chance of survival was slim. As the sun rose the next morning, the surgeon proclaimed that Katherine had survived the removal of part of her brain, though her future recovery was uncertain. Yet in that moment, there was a spark of hope. Through forty days on life support in the ICU and nearly two years in full-time brain rehab, that small spark of hope was fanned into flame. Hope Heals documents Katherine and Jay's journey as they struggled to regain Katherine's quality of life and as she relearned to talk, eat, and walk. As Katherine returned home with a severely disabled body but a completely renewed purpose, she and Jay committed to celebrating this gift of a second chance by embracing life fully, even though that life

**Aug 9 - Fog** Apr 19 2024 A Paris Review Staff Pick, one of Chicago Tribune's 25 Hot Books of Summer, and one of The A.V. Club's 15 Most Anticipated Books of 2019 A stark, elegiac account of unexpected pleasures and the progress of seasons Fifteen years ago, Kathryn Scanlan found a stranger's five-year diary at an estate auction in a small town in Illinois. The owner of the diary was eighty-six years old when she began recording the details of her life in the small book, a gift from her daughter and son-in-law. The diary was falling apart—water-stained and illegible in places—but magnetic to Scanlan nonetheless. After reading and rereading the diary, studying and dissecting it, for the next fifteen years she played with the sentences that caught her attention, cutting, editing, arranging, and rearranging them into the composition that became *Aug 9—Fog* (she chose the title from a note that was tucked into the diary). “Sure grand out,” the diarist writes. “That puzzle a humdinger,” she says, followed by, “A letter from Lloyd saying John died the 16th.” An entire state of mourning reveals itself in “2 canned hams.” The result of Scanlan's collaging is an utterly compelling,

deeply moving meditation on life and death. In Aug 9—Fog, Scanlan's spare, minimalist approach has a maximal emotional effect, remaining with the reader long after the book ends. It is an unclassifiable work from a visionary young writer and artist—a singular portrait of a life revealed by revision and restraint.

**Right Out of California** Sep 12 2023 In a major reassessment of modern conservatism, noted historian Kathryn S. Olmsted reexamines the explosive labor disputes in the agricultural fields of Depression-era California, the cauldron that inspired a generation of artists and writers and that triggered the intervention of FDR's New Deal. Right Out of California tells how this brief moment of upheaval terrified business leaders into rethinking their relationship to American politics--a narrative that pits a ruthless generation of growers against a passionate cast of reformers, writers, and revolutionaries. Olmsted reveals how California's businessmen learned the language of populism with the help of allies in the media and entertainment industries, and in the process created a new style of politics: corporate funding of grassroots groups, military-style intelligence gathering against political enemies, professional campaign consultants, and alliances between religious and economic conservatives. The business leaders who battled for

the hearts and minds of Depression-era California, moreover, would go on to create the organizations that launched the careers of Richard Nixon and Ronald Reagan. A riveting history in its own right, *Right Out of California* is also a vital chapter in our nation's political transformation whose echoes are still felt today.

*One* Feb 22 2022 I gave my life to become the person I am right now. Was it worth it? Would we change if we knew what waits beyond space and time? “With *One*, the ninth novel from the ever spiritual and imaginative author of *Jonathan Livingston Seagull*, [Richard] Bach continues his quest for a deeper understanding of human nature. . . . Although the elements of a great science fiction novel are present, the plot is secondary to the novel's theme of humanity's ability to control destiny”—The Boston Herald “If you have ever tried to judge a book by its cover . . . *One* lives up to this question [in the headline] . . . and more . . . Bach gives the reader much to ponder, so much so in some chapters that the thoughtful may be tempted to read no more than a page at a sitting. Not because it's cumbersome reading, but because the ideas are worth savoring.”—USA Today “*One* is a provocative book . . . it gives beautiful, hope-filled answers.”—Indianapolis News “Uplifting . . . Each of the inspirational set pieces preaches the same message: of the power of each individual to choose

the ways of peace, brotherhood and love, to live with a reverence for nature and at harmony with the universe. Back again displays an inventive imagination and inspirational zeal.”—Publishers Weekly “One presents a number of provocative speculations: What would it be like to meet yourself when you were older or younger? How would your life turn out if you had made different choices, split up with your spouse, been born in a different time and place? . . . With love and hope as their guides and ‘what matters most’ as their destination, the Bachs touch down in different times and places, where they commune with some of their alternative selves.”—The New York Times Book Review “This is a strange and though-provoking fantasy from the man who gave us Jonathan Livingston Seagull and Illusions, one that is imaginative, playful, and, in places, startling in concept.”—The Anniston Star “Instead of soaring and diving through space, passengers on this flight must be prepared to cruise slowly, making several stops to look at their motivation and lifestyles as the Bachs look at their own.”—Detroit Free Press

**Aurelia, Aurélia** Dec 03 2022 An eerily dreamlike memoir, and the first work of nonfiction by one of our most inventive novelists. Aurelia, Aurélia begins on a boat. The author, sixteen years old, is traveling to Europe at an age when one can “try on personae like dresses.” She has the confidence of a teenager

cultivating her earliest obsessions—Woolf, Durrell, Bergman—sure of her maturity, sure of the life that awaits her. Soon she finds herself in a Greece far drearier than the Greece of fantasy, “climbing up and down the steep paths every morning with the real old women, looking for kindling.” Kathryn Davis’s hypnotic new book is a meditation on the way imagination shapes life, and how life, as it moves forward, shapes imagination. At its center is the death of her husband, Eric. The book unfolds as a study of their marriage, its deep joys and stinging frustrations; it is also a book about time, the inexorable events that determine beginnings and endings. The preoccupations that mark Davis’s fiction are recognizable here—fateful voyages, an intense sense of place, the unexpected union of the magical and the real—but the vehicle itself is utterly new. *Aurelia, Aurélia* explodes the conventional bounds of memoir. It is an astonishing accomplishment.

[The Silk Road](#) Aug 11 2023 A spellbinding novel about transience and mortality, by one of the most original voices in American literature *The Silk Road* begins on a mat in yoga class, deep within a labyrinth on a settlement somewhere in the icy north, under the canny guidance of Jee Moon. When someone fails to arise from corpse pose, the Astronomer, the Archivist, the Botanist, the Keeper, the Topologist, the Geographer, the Iceman, and the

Cook remember the paths that brought them there—paths on which they still seem to be traveling. The Silk Road also begins in rivalrous skirmishing for favor, in the protected Eden of childhood, and it ends in the harrowing democracy of mortality, in sickness and loss and death. Kathryn Davis's sleight of hand brings the past, present, and future forward into brilliant coexistence; in an endlessly shifting landscape, her characters make their way through ruptures, grief, and apocalypse, from existence to nonexistence, from embodiment to pure spirit. Since the beginning of her extraordinary career, Davis has been fascinated by journeys. Her books have been shaped around road trips, walking tours, hegiras, exiles: and now, in this triumphant novel, a pilgrimage. The Silk Road is her most explicitly allegorical novel and also her most profound vehicle; supple and mesmerizing, the journey here is not undertaken by a single protagonist but by a community of separate souls—a family, a yoga class, a generation. Its revelations are ravishing and desolating.

**On Sunset** Nov 14 2023 Born in Los Angeles at the dawn of the 1960s to parents who quickly departed, Kathryn Harrison was received by her maternal grandparents as a late-life child. Harry Jacobs and Margaret Sassoon, true wandering Jews, had emigrated to L.A. after leading whirlwind lives in Shanghai, London, Alaska, Russia, and beyond.

Harrison grew up in their fading Tudor mansion on Sunset Boulevard, a kingdom inhabited by gleaming memories from their extraordinary past. Their photos, letters, and souvenirs sparked endless family stories that spanned cultures, dynasties, and continents—until declining finances forced them to sell the house in 1971, and night fell fast. Vivid and poignant, filled with the wisdom of retrospect and the wonder of childhood, *On Sunset* seeks to recover a foundational time in her life, affirming the power of storytelling and the endurance of memory.

**Dreamland Burning** Apr 26 2022 A compelling dual-narrated tale from Jennifer Latham that questions how far we've come with race relations. Some bodies won't stay buried. Some stories need to be told. When seventeen-year-old Rowan Chase finds a skeleton on her family's property, she has no idea that investigating the brutal century-old murder will lead to a summer of painful discoveries about the present and the past. Nearly one hundred years earlier, a misguided violent encounter propels seventeen-year-old Will Tillman into a racial firestorm. In a country rife with violence against blacks and a hometown segregated by Jim Crow, Will must make hard choices on a painful journey towards self discovery and face his inner demons in order to do what's right the night Tulsa burns. Through intricately interwoven alternating perspectives, Jennifer Latham's lightning-paced page-turner brings the Tulsa race riot of 1921 to blazing life and raises important questions about the

complex state of US race relations--both yesterday and today.

**The Plot to Change America** Jul 30 2022 The Plot to Change America exposes the myths that help identity politics perpetuate itself. This book reveals what has really happened, explains why it is urgent to change course, and offers a strategy to do so. Though we should not fool ourselves into thinking that it will be easy to eliminate identity politics, we should not overthink it, either. Identity politics relies on the creation of groups and then on giving people incentives to adhere to them. If we eliminate group making and the enticements, we can get rid of identity politics. The first myth that this book exposes is that identity politics is a grassroots movement, when from the beginning it has been, and continues to be, an elite project. For too long, we have lived with the fairy tale that America has

organically grown into a nation gripped by victimhood and identitarian division; that it is all the result of legitimate demands by minorities for recognition or restitutions for past wrongs. The second myth is that identity politics is a response to the demographic change this country has undergone since immigration laws were radically changed in 1965. Another myth we are told is that to fight these changes is as depraved as it is futile, since by 2040, America will be a minority-majority country, anyway. This book helps to explain that none of these things are necessarily true.
