Welcome to a world of intrigue of the most intriguing kind where emperors and popes desperately vie for power even as their subjects and servants engage in behind the scenes machinations of their own The Holy Roman Empire circa 1200 A D Impoverished young knight Willem of Dole believed he would spend his life in rural Burgundy struggling to provide for his widowed mother and younger sister Lienor And so it s with surprise and apprehension that he obeys a summons to the magnificent court of Konrad Holy Roman Emperor whose realm spans half of Europe Willem s mischievous friend Jouglet Konrad s favorite minstrel is no doubt behind it somehow but what s in it for Jouglet Court life is overwhelming to the idealistic young Willem who is shocked by the behavior of his fellow knights for whom chivalry is a mere game Yet under Jouglet s witty relentless tutelage the na ve knight quickly rises in Emperor Konrad s esteem until suddenly his sister Lienor becomes a prospect for the role of Empress This unexpected elevation of the sibling nobodies delights Jouglet but threatens three powerful and dangerous men at the court the Emperor s brother Cardinal Paul who has in mind a different bride for Konrad the Emperor s uncle Alphonse Count of Burgundy who would keep secret certain things that only Willem can reveal and most especially the Emperor s own steward Marcus who is

hopelessly in love with Konrad's cousin Imogen. For if Willem's star keeps rising, Imogen will be betrothed to the knight by royal decree and Willem's star will surely continue to rise unless Marcus figures out a way to stop it. But that would entail outsmarting clever Jouquet, ablest of schemers. Gossip, secrets, and lies are the fuel of daily life in Konrad's court. As Konrad edges closer to proclaiming Lienor his bride, those around Willem play a perilous game of cat and mouse as they attempt to secure their own fortunes, knowing that even the slightest move can shift the playing field entirely. And through it all, Jouquet remains Willem's most maddening yet staunchest ally. But what really does Jouquet stand to gain or lose? Transporting the reader to the brilliant, conniving heart of the largest empire of medieval Europe, *Revenge of the Rose* is a novel rich in irony and tongue-in-cheek wit and reveals all the grit and color, politics and passion of court life in the Holy Roman Empire.

Stepdog Nicole Galland, 2015-08-04 What's the difference between puppy love and dogged devotion? When Sara Renault fired Rory O'Connor from his part-time job at a Boston art museum and in response Rory, Irishman, actor, musician, reformed party boy, impulsively leaned over and kissed her, she kissed him back. Now, as Rory's visa runs out on the cusp of his big Hollywood break, Sara insists that he marry her to get a green card. In a matter of weeks, they've gone from being friendly work colleagues to a live-in couple, and it's all grand except for Cody, Sara's beloved dog from her troubled previous relationship. Sara's overattachment to her dog is the only thing she and Rory fight about. When Rory scores both his green card and the lead role in an upcoming TV pilot, he and Sara and Cody prepare to move to Los Angeles. But just before their departure, Cody is kidnapped, and it is entirely Rory's fault. Desperate to get back into Sara's good graces, Rory tracks Cody and the sociopathic kidnapper to North Carolina. Can Rory rescue Cody and convince Sara that they belong together with Cody as a family? First, they'll need to survive a madcap adventure that takes them through the heart of America. **The**

Land Beyond the Sea Sharon Kay Penman, 2021-03-02 From the critically acclaimed New York Times bestselling author Sharon Kay Penman comes the story of the reign of King Baldwin IV and the Kingdom of Jerusalem's defense against Saladin's famous army. The Kingdom of Jerusalem, also known as Outremer, is the land far beyond the sea, baptized in blood when the men of the First Crusade captured Jerusalem from the Saracens in the early twelfth century. The kingdom defined an utterly new world, a land of blazing heat and a medley of cultures, a place where enemies were neighbors and neighbors became enemies. At the helm of this growing kingdom sits young Baldwin IV, an intelligent and courageous boy committed to the welfare and protection of his people. But despite Baldwin's dedication to his land, he is afflicted with leprosy at an early age, and the threats against his power and his health nearly outweigh the risk of battle. As political deception scours the halls of the royal court, the Muslim army led by the first sultan of Egypt and Syria, Saladin, is never far from the kingdom's doorstep, and there are only a handful Baldwin can trust, including the archbishop William of Tyre and Lord Balian d'Ibelin, a charismatic leader who has been one of the few able to maintain the peace. Filled with drama and battle, tragedy and romance, Sharon Kay Penman's latest novel brings a definitive period of history vividly alive with a tale of power and glory that will

Neal Stephenson, Nicole Galland, 2017-06-13 A New York Times Bestseller From bestselling author Neal Stephenson and critically acclaimed historical and contemporary commercial novelist Nicole Galland comes a captivating and complex near future thriller combining history science magic mystery intrigue and adventure that questions the very foundations of the modern world When Melisande Stokes an expert in linguistics and languages accidentally meets military intelligence operator Tristan Lyons in a hallway at Harvard University it is the beginning of a chain of events that will alter their lives and human history itself The young man from a shadowy government entity approaches Mel a low level faculty member with an incredible offer The only condition she must sign a nondisclosure agreement in return for the rather large sum of money Tristan needs Mel to translate some very old documents which if authentic are earth shattering They prove that magic actually existed and was practiced for centuries But the arrival of the scientific revolution and the Age of Enlightenment weakened its power and endangered its practitioners Magic stopped working altogether in 1851 at the time of the Great Exhibition at London s Crystal Palace the world s fair celebrating the rise of industrial technology and commerce Something about the modern world jams the frequencies used by magic and it s up to Tristan to find out why And so the Department of Diachronic Operations D O D O gets cracking on its real mission to develop a device that can bring magic back and send Diachronic Operatives back in time to keep it alive and meddle with a little history at the same time But while Tristan and his expanding operation master the science and build the technology they overlook the mercurial and treacherous nature of the human heart Written with the genius complexity and innovation that characterize all of Neal Stephenson s work and steeped with the down to earth warmth and humor of Nicole Galland s storytelling style this exciting and vividly realized work of science fiction will make you believe in the impossible and take you to places and times beyond imagining On the Same Page N.
