Winner, NAMI/Ken Book Award THE INSTANT NEW YORK TIMES BESTSELLER 'Chart a child's path with less stress and more optimization for healthy habits and future success' *Time* From age 5 to 12, parenting decisions get more complicated and have lasting consequences. What's the right kind of school? Should they play a sport? When's the right time for a phone? Along with these bigger questions, Oster investigates how to navigate the complexity of day-to-day family logistics. *The Family Firm* is a smart and winning guide to how to think more clearly - and with less ambient stress - about the key decisions of these early years. From all different kinds of conception through pregnancy to the birth itself, this candid and cozy guide is just right for the first conversations that parents will have with their children about how babies are made. Families blend together for a variety of reasons. Widowed or divorced parents choose to remarry. An ailing or elderly relative can no longer live alone and moves in with his son's family. In *Growing Into a Family*, author Cynthia Geisen guides children and the caring adults in their lives through the many questions and mixed feelings that blended families face. In the end, it is love, compassion, persistence, and a large dollop of humor that are really the tools that will help young readers find peace and joy in their family's new realities. For family members of people with Borderline Personality Disorder (BPD), home life is routinely unpredictable and frequently unbearable. Extreme mood swings, impulsive behaviors, unfair blaming and criticism, and suicidal tendencies--common conduct among those who suffer from the disorder--leave family members feeling confused, hurt, and helpless. In *Stop Walking on Eggshells*, Randi Kreger's pioneering first book which sold more than 340,000 copies, she and co-author Paul T. Mason outlined the fundamental differences in the way that people with BPD relate to the world. Now, with *The Essential Family Guide to Borderline Personality Disorder*, Kreger takes readers to the next level by offering them five straightforward tools to organize their thinking, learn specific skills, and focus on what they need to do to get off the emotional rollercoaster: (1) Take care of yourself; (2) Uncover what keeps you feeling stuck; (3) Communicate to be heard; (4) Set limits with love; and (5) Reinforce the right behaviors. Together the steps provide a clear-cut system designed to help friends and family reduce stress, improve their relationship with their borderline loved one, improve their problem-solving skills and minimize conflict, and feel more self-assured about setting limits.
