**Lightbringer** K.D. McEntire, 2011-11-15 A YA urban fantasy romance set in a world a breath away from our own. Similar in tone to *Tithe* and *Unleashed*, this story tiptoes down the line between love and horror as Wendy discovers herself and the darkest parts of the afterlife. Wendy has the ability to see souls that have not moved on, but she does not seek them out. They seek her. They yearn for her or what she can do for them. Without Wendy's powers, the Lost—the souls that have died unnaturally young—are doomed to wander in the never-forever, and Wendy knows she is the only one who can set them free by sending them into the light. Each soul costs Wendy; delivering too many souls would be deadly, and yet she is driven to patrol, dropping everyone in her life but her best friend Eddie, who wants to be more than a friend. Until she meets Piotr, Piotr, the first Rider and guardian of the Lost, whose memory of his decades in the never—a world that the living never see—has faded away. With his old-fashioned charms and haunted kindness, he understands Wendy in ways no one living ever could. Yet Wendy is hiding that she can do more than exist in the never. Wendy is falling for a boy who she may have to send into the light. But there are darker forces looking for the Lost, trying to regain the youth and power that the Lost possess; the dark ones feed on the Lost, and only Wendy and Piotr can save them, but at what cost? From the Hardcover edition. *Reaper* K.D.

McEntire, 2012-08-28 In a world a breath away from our own, Wendy is attempting to fill her mother's shoes and discovering that the prospect is far more difficult than she ever imagined. Learning that she is part of a powerful and ancient family of Reapers that her mother had forsaken is just the first surprise. Wendy soon discovers that the San Francisco Bay Never is filled with political powers and factions, both previously unknown and completely mysterious to Wendy. Since both her mother and Piotr are gone, Wendy must struggle to maneuver between the machinations of the dead and the dark intentions of her living Reaper family. Eventually betrayed and made sick unto death, the clock is ticking before Wendy will fall; she has only a matter of days to unravel the mysteries her mother left behind and to convince her wary family to accept her as one of their own.

**Never** K.D. McEntire, 2013-05-14 The Never is on the brink of destruction by the Lady Walker. Wendy, shorn of her Light by the Reapers, must be the one to save it from the beasts between the worlds. Now no more powerful than an average spirit, Wendy reluctantly strikes a balance between Elise, the new Reaper matriarch, and Jane, a Reaper gone rogue. Torn between her duty to her friends, the Riders, and her duty as the Lightbringer, Wendy must rush to learn the secrets left behind. She must make the ultimate sacrifice to bring the worlds into balance, once more, even if it costs her very soul. *People I Want to Punch in the Throat* Jen Mann, 2014-09-09 NATIONAL BESTSELLER A debut collection of witty, biting essays laced with a surprising warmth from Jen Mann, the writer behind the popular blog *People I Want to Punch in the Throat*.
