Whether you are reading this book and taking the corresponding ASA 106 course or watching a North U webinar– you take your sailing very seriously. Maybe you are studying to be able to venture out to find your own unspoiled cove in which to anchor or to lay back in an exotic port of call. You could be brushing up on an extended multi-day cruise with your family and friends or you might be thinking of making sailing your profession as an ASA Instructor. One thing is for sure, this book will give you a serious boost down the road to becoming a top-notch sailor and confident seaman; a rare and respected person in the world of yachting. You'll find all this in the 150-page book from the American Association, the world's leading sailing authority, in association with North U, the leader in performance sail education. You gotta read it! Success in any yacht race depends to a large degree on the ability of the crew to perform any boat-handling manoeuvre faultlessly and speedily. This book explains the evolution of just about every situation that is likely to be encountered during a race at sea. Each one is presented with an overview of the sequence that should take place and its objective, then the task of each crew member is explained for its preparation, operation and completion. Photographs and illustrations clarify what are often complex situations. The position of every crew member, from bowman to helmsman, is examined and the area of responsibility for each clearly laid out. Desirable physical and mental attributes are discussed along with practical advice on improvements to technique. Other chapters cover watch-keeping systems, heavy weather, sail trim and set-up for racing. It is a book written for either sex, at any age and at any level of experience wishing to perfect the complexities of creating and being part of an offshore race-winning team. 1. PURPOSE.
