Welcome to Rockland Creek, where pack bonds will be tested, friends will butt heads, and love will prevail...no matter the odds. * * * When the

games become real, all bets are off in love and war... Dominic I wasn't supposed to fall for a human. And she's not supposed to want my boss. But life never turns out as you want it, at least not here. And if Lucrezia wants to draw Lucas' attention, what better way than dating his second in command - me? Even if it is fake. Should be easy as pie... Then the weird killings start in town, and the Reapers make my job harder. I thought I left the legends and myths of old back in Transylvania, but they might've followed me here. And this time? I've got something to lose. Looks like I'm gonna need all the Romanian courage I can muster to see this to the end...if I survive it. Lucrezia Something about my boss Lucas changed, and lately it's all I can do to stop panting after him. He walks in a room, and all I see - and want - is him. I've never felt this type of attraction. And considering the past I've run away from, that's saying something. Then Dominic comes up with this crazy idea: pretend to be his girlfriend, to make Lucas jealous enough to realize he wants me, too. And the plan almost works... Until I start falling for the wrong guy - and my best friend. Oh, and somewhere in there, find out I live in a town ruled by werewolves. And some of

them want me dead. Why can't life ever be simple? * * * "A steamy paranormal romance with bite" - Author JB Richards "This is book number one in this wonderful start to a brand new series that I have fallen in love with" - Amazon Reviewer "This is a brilliant read." - Amazon Reviewer "Storyline makes this a book that is hard to put down." - Amazon Reviewer * * * Book I in a paranormal romance shifter series filled with werewolves of all kinds, feisty females who stand up to them, and enough suspense to make it interesting. Can be read as a standalone.* Book Boyfriends are real. Pass it on. Professional book blogger Romy Cartelli may have cried werewolf once or twice. Hell, she's even cried vampire, warlock, and dragon their fair share of times-because, as every dedicated reader knows, one book boyfriend is never enough. And her followers love it...until they don't. Sure, Romy is being stalked by a sexy werewolf, but she's got bigger issues to deal with. Like the fact that he might be a murderer. Or worse yet, that she got drunk and told all of her followers that werewolves actually exist. Then she fails to prove it. Cue the trolling and the haters. Now Romy's out to prove she's not crazy and win back her

followers. But as she sets out to clear her name, she'll discover there are bigger dangers awaiting her than internet infamy. My passion in life? Saving animals. I'm the person they call when a cat has kittens under their shed or a stray dog shows up with no collar and tags. Be it dark or rain or foggy night, I'm there for friends of fur, scale, and feather alike. I just never expected one of my rescue calls to be a werewolf pup. Not like I knew it when I showed up, but something was definitely different about him. His snout was too round, his ears too pointed, and I'd thought he was a coydog; one of those dog-coyote mixes that showed up now and then. That was before he bit me. And even an alpha pup can change an innocent mortal like me into a shapeshifting powerhouse. Flung into a new world where submission might mean death and pack politics rule the secret supernatural society, I'm lost but not alone. With the pup's father, Hudson, and his packmates leading me through this strange environment, I feel as though I could take on the world. They have everything I need; confidence, power, money. And I'm everything they could ever want. But how do we come to terms with the fact that it feels as if we've always been together? As if we all belong as a group? I haven't been on a date in years, now I have four gorgeous, rich werewolves chasing me. What's a girl to do? This book is intended for mature audiences. Adults only. This is a fated mates straight omegaverse reverse harem where the girl gets all the guys. Why choose if

you don't have to? Light M/M references included. Book #6 in the bestselling "Werewolf Love Story" series! Maya Reign was Tommy's soulmate. Her death has left a gaping chasm in his heart. "Supernatural romance fan- This was a fast paced and well written book. I was on the edge of my seat and couldn't stop reading." Paranormal Romance Reader "Angsty teen werewolves? hell yeah! This book

gives a new look into the werewolf genre, letting us get into the nitty gritty of werewolf politics, but keeping it YA with young characters and plenty of angst. The main character is strong and developed; the supporting characters are interesting and fun. I liked the setting just because of its seeming innocuousness. It was a fun ride." Daxthedamned-"SF fan"- Amazon Reviewer "I honestly am amazed this isn't absolutely EVERYWHERE! Amazing book. Could NOT put it down! After reading this book...I purchased the entire series." Josephine- Amazon reviewer "Silver is one of the best werewolf stories I had read. The main characters were likeable and the plot was very well done. It was a page turner for sure. I love werewolf stories. It is a good read for young and old. This one kept my interest going until the end. I had a hard time putting it down. Plus it turned out to be a great love story as well." Kathy Hallettsville- Amazon reviewer "What a fun and engaging read. I can't wait to read the rest of the series! Not your typical "youth" series. No high school angst, just real characters and a captivating story line."- ruralmom- Amazon reviewer "If you enjoy books with suspense, fighting, and romance you'll love this one." Kathryn Cooper- Book Blogger from Clean Teen Fiction "This is not your ordinary werewolf story and I am so glad that the next book is already out so I can jump right in and read it cause I am hooked on this series. Silver is a page turner that had me up past my bedtime because I did not want to put

it down. . . This story was awesome, faced pace with lots of action and a sweet romance on the side. It does contain some violence that is tastefully written." Tifferz- Book Blogger "Cheree Alsop has written Silver for the YA reader who enjoys both werewolves and coming of age tales. Although I don't fall into this demographic, I still found it an entertaining read on a long plane trip! The author has put a great deal of thought into balancing a tale that could apply to any teen (death of a parent, new school, trying to find one's place in the world) with the added spice of a youngster dealing with being exceptionally different from those around him, and knowing that puts him in danger."- Robin Hobb "From the start of the book you are engulfed in sorrow, danger, adventure, and romance." Malcay- Amazon reviewer "More, I know it's wrong to start a review with just one word but that's the first word that comes to mind after I read the first novel in this series of books from Cheree Alsop." Emily Tuley- Book Blogger from AngelsCryHavoc "I recommend this book for anyone wanting to discover a great new author and supernatural series." Karen- Amazon reviewer "All around this book was such an awesome read. If you enjoy books with suspense, fighting, and romance you'll love this one." Niala- Goodreads Reviewer "This new werewolf series is different from what you might be expecting. It has more heart and love, and feels more like what it would really be like to grow up as a werewolf. I would highly

recommend it to anyone who likes to read urban fantasy or good young adult stories." Trisha Payne- Goodreads Reviewer Silver, book one of the Silver Series, is a coming of age story about a teenage werewolf whose father is murdered. He has to come to terms with his new life, new school, and new friends while trying to prevent more killings. Attempting to make peace with the territory's pack and finding out that the girl next door might be more than she lets on make his situation even more perilous. You'll hunger for more... First of all, this story is just a

great product of the author thinking outside the box. When I first read the title, I expected it to be about a female werewolf who had to be mated to the alpha. Now I'm trying to figure out what kind of species the main character is! Second of all, I've only read the first couple chapters and I'm already hooked. I'm on the edge of my seat, waiting impatiently to see what's going to happen! And the intensity of the kidnapping is very well detailed. As for grammar/spelling/punctuation, I see very minimal to no mistakes at all. I definitely recommend people read this book! Can't wait to read more!"—Charlotte Moore "This is one of the best book I've read before. Reading this book will make you feel like you're on a emotional roller coaster. It makes you wish you were actually in the book living with all those different people and wolf. I found myself getting attached to all the characters. The storyline is amazing and I love that this book is unique. You will never find a book with a similar plot. Again this is a good book."—Davina Nkasa "This book is by far one of my favorites."—Savannah Burge "An amazing story. Captivated from the beginning. Worth reading and falling in love with it."—Sakina Naeem "What a brilliant story. I was captured from the very beginning and was pleasantly surprised that it didn't turn out at all like I thought it would."—Tinkerbelle Leonhardt "Too awesome! LOVE this story soooooo much and I can't get enough of it. I would recommend this story to anyone who likes to read about werewolves,

soul mates, and romance. Love you Tay Tay for writing this awesome story!"—Victoria Aye "Interesting and addictive. I just couldn't stop reading it."—Angel Agams It's hard to find werewolf stories with a well written plot. There was a background to characters and each scene gave enough description to understand what's going on. This is on my list of good werewolf books to read. I hope you write a sequel!—Rachel Pittman "In the beginning I was disgusted by the idea of a 'breeder' and all that crap, more specifically how who finds her first, 'owns' her. But I quickly started to realize that the plot-line could be amazing if written by the right author and that's exactly what happened here. I'm usually not a fan of these kinds of werewolf stories where the 'mate' doesn't have a say. But in this story she does, and she is in a loving and protected relationship. If you like werewolf stories you will adore this book."—Alice "This book is a MUST read!! It's sooo good! It has a unique plot line that is not your everyday cliché werewolf novel! The main character, Emira, is so funny and relatable! And don't even get me started on Eros!! He's hot, period. It's different and I HIGHLY recommend it!!"—Kari David is a boy without a family, stealing to survive - until an unexpected meeting changes his life.
