

HOW TO WRITE A REVIEW ON A MOVIE

■ If it is a great movie, you can say: “This is a rare movie that does well on every level. Every character, scene, costume, setting, and joke firing makes it worthy of repeating watching” .

■ If it is a bad movie, you can say: “Regardless of how much you love martial arts action on screen, *Undisputed IV* is not worth your time or money.

■ If the movie is okay, you can state your opinion as follow: *Gravity* is wildly uneven, but it does not mean the movie is perfect. The awe of the view of earth from space keeps me through the heavy-handed plot and dialogue” .

Reconciliation Benazir Bhutto, 2009-10-13 Benazir Bhutto returned to Pakistan in October 2007 after eight years of exile hopeful that she could be a catalyst for change Upon a tumultuous reception she survived a suicide bomb attack that killed nearly two hundred of her countrymen But she continued to forge ahead with more courage and conviction than ever since she knew that time was running out for the future of her nation and for her life In Reconciliation Bhutto recounts in gripping detail her final months in Pakistan and offers a bold new agenda for how to stem the tide of Islamic radicalism and to rediscover the values of tolerance and justice that lie at the heart of her religion With extremist Islam on the rise throughout the world the peaceful pluralistic message of Islam has been exploited and manipulated by fanatics Bhutto persuasively argues that America and Britain are fueling this turn toward radicalization by supporting groups that serve only short term interests She believed that by enabling dictators the West was actually contributing to the frustration and extremism that lead to terrorism With her experience governing Pakistan and living and studying in the West Benazir Bhutto was versed in the complexities of the conflict from both sides She was a renaissance woman who offered a way out In this riveting and deeply insightful book Bhutto explores the complicated history between the Middle East and the West She traces the roots of international terrorism across the world including American support for Pakistani general Zia ul Haq who destroyed political parties eliminated an independent judiciary marginalized NGOs suspended the protection of human rights and aligned Pakistani intelligence agencies with the most radical elements of the Afghan mujahideen She speaks out not just to the West but to the Muslims across the globe who

are at a crossroads between the past and the future between education and ignorance between peace and terrorism and between dictatorship and democracy Democracy and Islam are not incompatible and the clash between Islam and the West is not inevitable Bhutto presents an image of modern Islam that defies the negative caricatures often seen in the West After reading this book it will become even clearer what the world has lost by her assassination

How to Be a Film Critic in Five Easy Lessons Christopher K. Brooks, 2019-12-02 How to Be a Film Critic in Five Easy Lessons addresses the serious matter of the increasing gap between the published opinions of professional film critics and the reception of popular film by traditional moviegoers especially millennial movie fans Recent reactions to the low grades emanating from Rotten Tomatoes the iconic film review aggregation site have inspired various constituencies to call for significant changes including some major studio CEOs some actors and the readers of reviews themselves A new generation and breed of film critics is needed not raised to please baby boomers or Generation X movie fans but younger viewers who make up 30% of ticket buyers This study examines all this and offers five categories of film reviewers plying their trade as models of consistency New critics have to start somewhere most often in college film classes and deciding what type of critic one wants to be begins here

Why They Can't Write John Warner, 2018-12-03 An important challenge to what currently masquerades as conventional wisdom regarding the teaching of writing There seems to be widespread agreement that when it comes to the writing skills of college students we are in the midst of a crisis In Why They Can't Write John Warner who taught writing at the college

level for two decades argues that the problem isn't caused by a lack of rigor or smartphones or some generational character defect. Instead, he asserts, we're teaching writing wrong. Warner blames this on decades of educational reform rooted in standardization, assessments, and accountability. We have done no more, Warner argues, than conditioned students to perform writing-related simulations which pass temporary muster but do little to help students develop their writing abilities. This style of teaching has made students passive and disengaged. Worse yet, it hasn't prepared them for writing in the college classroom. Rather than making choices and thinking critically, as writers must, undergraduates simply follow the rules, such as the five-paragraph essay designed to help them pass these high-stakes assessments. In *Why They Can't Write*, Warner has crafted both a diagnosis for what ails us and a blueprint for fixing a broken system. Combining current knowledge of what works in teaching and learning with the most enduring philosophies of classical education, this book challenges readers to develop the skills, attitudes, knowledge, and habits of mind of strong writers. *Movie Review Journal*, Movie Review
