Value McKinsey & Company Inc., Tim Koller, Richard Dobbs, Bill Huyett, 2010-10-26 An accessible guide to the essential issues of corporate finance While you can find numerous books focused on the topic of corporate finance few offer the type of information managers need to help them make important decisions day in and day out Value explores the core of corporate finance without getting bogged down in numbers and is intended to give managers an accessible guide to both the foundations and applications of corporate finance Filled with in depth insights from experts at McKinsey Company this reliable resource takes a much more qualitative approach to what the authors consider a lost art Discusses the four foundational principles of corporate finance Effectively applies the

theory of value creation to our economy Examines ways to maintain and grow value through mergers acquisitions and portfolio management Addresses how to ensure your company has the right governance performance measurement and internal discussions to encourage value creating decisions A perfect companion to the Fifth Edition of Valuation this book will put the various issues associated with corporate finance in perspective **Principles of Corporate Finance** Richard A. Brealey,2023 This book describes the theory and practice of corporate finance We hardly need to explain why financial managers have to master the practical aspects of their job but we should spell out why down to earth managers need to bother with theory Managers learn from experience how to cope with routine problems But the best managers are also able to respond to change To do so you need more than time honored rules of thumb you must understand why companies and financial markets behave the way they do In other words you need a theory of finance Loose-leaf Principles of Corporate Finance Richard Brealey, Stewart Myers, Franklin Allen, 2010-05-26 Principles of Corporate Finance is the worldwide leading text that describes the theory and practice of corporate finance Throughout the book the authors show how managers use financial theory to solve practical problems and as a way to respond to change by showing not just how but why companies and management act as they do This text is a valued reference for thousands of practicing financial managers The Tenth Edition has been rewritten refreshed and fully updated to reflect the recent financial crisis and is now accompanied by Connect Finance an exciting new homework management system Study Guide to Accompany Brealey and Myers Principles of Corporate Finance ,1996 **Fundamentals of Corporate Finance** Robert Parrino, David S. Kidwell, Thomas Bates, 2011-09-26 Fundamentals of Corporate Finance 2nd Edition offers an innovative integration of conceptual understanding and problem solving of intuition and decision making of the authors industry and classroom research experience with current real world examples and online practice Authors Robert Parrino David Kidwell and Thomas Bates believe that students who understand the intuition underlying the basic concepts of finance are better able to develop the critical judgments necessary to apply financial tools in real decision making situations Their text develops intuitive thinking while simultaneously helping students develop problem solving and computational skills It then shows students how to apply intuition and analytical skills to decision making while integrating it all with valuation and building shareholder value **Corporate Finance. Summary of "Principles of Corporate Finance" by Brealey et al.(11th edition)"** Laura Herrmann, 2014-07-30 Exam Revision from the year 2012 in the subject Business economics Investment and Finance Stralsund University of Applied Sciences language English abstract This summary contains a list of the most important points mentioned in Principles of Corporate Finance by Brealey et al 11th edition **Value** McKinsey & Company Inc., Tim Koller, Richard Dobbs, Bill Huyett, 2010-11-09 An accessible guide to the essential issues of corporate finance While you can find numerous books focused on the topic of corporate finance few offer the type of information managers need to help them make important decisions day in and day out Value explores the core of corporate finance without getting bogged down in
