Fire Officer's Handbook of Tactics John Norman,2012 John Norman has updated his best selling book a guide for the firefighter and fire officer who having learned the basic mechanics of the trade are looking for specific methods for handling specific situations In this new fourth edition readers will find a new chapter on lightweight construction a new chapter on electrical fires and emergencies updates to many chapters including such topics as wind driven fires and many new illustrations

Fire Chief's Guide to Administration and Management Richard A. Marinucci, 2009 *Fire Chief's Guide to Administration and Management* offers a range of information to enable the Fire Chief to learn and grow as a leader in the field. The career development model of the National Fire Academy and the model curriculum of the Fire Emergency Service Higher Education FESHE group along with the knowledge of industry leaders in fire service education and training served as a basis for this important text. With experience in a variety of positions and associations, Chief Marinucci, the former Chief Operating Officer of the U.S. Fire Administration, brings a real-world focus to management principles including support elements such as change management, emergency response, routine issues, and financial and budget management. With a focus on the history of the fire service and eye on the future of the field, this book serves as a leadership tool for all administrators and managers who seek continued learning in their field.

Fire Officer's Guide to Occupational Safety & Health Ron Kanterman, 2019-02-22 There has to be accountability at every level of the organization from the chief to the rookie. Company officers have to step up and remind those under their command of safe operations and related procedures. Accountability at all levels is key to the success of any program and it's the key to survival when it comes to firefighter safety. Chief Ron Kanterman's *Fire Officer's Guide to Occupational Safety Health* is a guide to safe operations and a healthy work force. Who needs this book? Fire chiefs, fire officers, incident safety officers, and health and safety officers. Why? To gain the tools they need to operate the department within some acceptable parameters of safety and occupational health. Ask yourself these questions: Have you made firefighter safety and health a primary value of your organization? Is there a culture of safety in your fire department? Do the chief and line officers walk the walk and talk the talk? Key concepts and resources: Risk management, Personnel protection, protecting the protectors, Scene safety, The 16 Life Safety Initiatives, and The Courage to be Safe. Everyone Goes Home program, Training, Occupational safety and health, Fitness Codes and standards that dictate and/or assist within the genre of health and safety.
