The World Before Us Aislinn Hunter

The World Before Us Aislinn Hunter, 2015-03-31 In the tradition of A S Byatt's *Possession* a hauntingly poignant novel about madness loss and the ties that bind our past to our present Deep in the woods of northern England somewhere between a dilapidated estate and an abandoned Victorian asylum fifteen year old Jane Standen lived through a nightmare She was babysitting a sweet young girl named Lily and in one fleeting moment lost her The little girl was never found leaving her family and Jane devastated Twenty years later Jane is an archivist at a small London museum that is about to close for lack of funding As a final research project an endeavor inspired in part by her painful past Jane surveys the archives for information related to another missing person a woman who disappeared over one hundred years ago in the same woods where Lily was lost As Jane pieces moments in history together a portrait of a fascinating group of people starts to unfurl Inexplicably tied to the mysterious disappearance of long ago Jane finds tender details of their lives at the country estate and in the asylum that are linked to her own heartbroken world and their story from all those years ago may now help Jane find a way to move on In riveting beautiful prose *The World Before Us* explores the powerful notion that history is a closely connected part of us kept alive by the resonance of our daily choices reminding us of the possibility that we are less alone than we might think

The Certainties Aislinn Hunter, 2020-08-04 A vivid moving novel reminiscent of Anthony Doerr and Michael Ondaatje about the entwined fates of two very different refugees In 1940 as the shadow of war lengthens over Europe three mysterious travelers enter a village in Spain They have the appearance of Parisian intellectuals but the trio of two men and a woman are starving and exhausted from crossing illegally through the Pyrenees Their story told over a period of 48 tense hours is narrated by one of the men who slowly accepts his unthinkable fate In a voice despairing and elegant he calmly considers what he should do and weighs what any one life means As he does so his attention is caught by a five year old named Pia who wanders near his cafe table To Pia he begins to address all that he thinks and feels in his final hours envisioning a rich future life for her that both reflects and contrasts with his own Meanwhile in the 1980s a woman named Pia seeks solitude on a remote island in the Atlantic where she works at an inn and reflects on her chaotic childhood As Pia's story begins a raging storm engulfs the island and a boat flounders offshore Pia and her fellow islanders rush to help and past and present calamities collide By turns elegiac and heart pounding a love letter in the guise of a song of despair *The Certainties* is a moving and transformative blend of historical and speculative fiction a novel that shows us what it means to bear witness and to attend to those who seek refuge past and present

Stay Aislinn Hunter, 2003 *Stay* follows Abbey a young woman from Canada now living in a village outside Galway She falls in love with Dermot an older Irish man in an unconventional affectionate but troubled relationship The extraordinary skill of *Stay* lies in its unsentimental depiction of modern Ireland The inhabitants of Dermot's village form a riotous and poignant chorus commenting on their rapidly
