**America's Forgotten Constitutions** Robert L. Tsai,2014-04-29 The U S Constitution opens by proclaiming the sovereignty of all citizens We the People Robert Tsai s gripping history of alternative constitutions invites readers into the circle of those who have rejected this ringing assertion the defiant groups that refused to accept the Constitution s definition of who the people are and how their authority should be exercised America s Forgotten Constitutions is the story of America as told by dissenters squatters Native Americans abolitionists socialists internationalists and racial nationalists Beginning in the nineteenth century Tsai chronicles eight episodes in which discontented citizens took the extraordinary step of drafting a new constitution He examines the

alternative Americas envisioned by John Brown who dreamed of a republic purged of slavery Robert Barnwell Rhett the Confederate father of secession and Etienne Cabet a French socialist who founded a utopian society in Illinois Other dreamers include the University of Chicago academics who created a world constitution for the nuclear age the Republic of New Afrika which demanded a separate country carved from the Deep South and the contemporary Aryan movement which plans to liberate America from multiculturalism and feminism Countering those who treat constitutional law as a single tradition Tsai argues that the ratification of the Constitution did not quell debate but kindled further conflicts over basic questions of power and community He explains how the tradition mutated over time inspiring generations and disrupting the best laid plans for simplicity and order Idealists on both the left and right will benefit from reading these cautionary tales

Netherton,2015-01-02 A Shocking Bible Discovery found in the Dead Sea Scrolls After forty years of research in the Biblical text this book came about while studying Biblical manuscripts in their original Greek I was given a project by my Greek professor to research the Dead Sea Scrolls This research changed my life my belief about time and the books of the Bible While researching the Dead Sea Scrolls I found two historical books that were in the Bible during Jesus time on this Earth So I ask this question Why did man remove these books The deeper I studied I discovered that our Bible should have seventy books instead of sixty six Six is the number of man and a number representing incompleteness Sixty six doubles its meaning and the number 666 needs no explanations Men do resist Gods will today 2 Peter 3 9 While researching the subject I encountered extreme opposition The books of the Bible should be divisible by seven So we are missing one New Testament book and three Old Testament books to make a seventy book Bible Have we been deceived by our religious leaders and science community Does all time truly consist in a 7 007 year window This book is written from the complete seventy book Bible which was revealed in the Dead Sea Scrolls Do the scrolls reveal angels mating with the daughters of Adam Where did the giant human originate Have we all been lied to about Genesis 6 and the events during the days of Noah Are angels and demons masquerading as aliens and UFOs in a great end of time deception Will the dollar collapse by 2022 Will the U S be destroyed

**Camelot's End** Jon Ward,2019-01-22 From a strange dark chapter in American political history comes the captivating story of Ted Kennedy s 1980 campaign for president against the incumbent Jimmy Carter told in full for the first time The Carter presidency was on life support The Democrats desperate to keep power and yearning to resurrect former glory turned to Kennedy And so 1980 became a civil war It was the last time an American president received a serious reelection challenge from inside his own party the last contested convention and the last all out floor fight where political combatants fought in real time to decide who would be the nominee It was the last gasp of an outdated system an insider s game that old Kennedy hands thought they had mastered and the year that marked the unraveling of the Democratic Party as America had known it Camelot s End details the incredible drama of Kennedy s challenge what led to it how it unfolded and its lasting effects with cinematic sweep It is a story about what happened to the Democratic Party when the country s long string of successes luck and global dominance following World War II ran its course and how on a quest to recapture the magic of JFK Democrats plunged themselves into an intra party civil war And at its heart Camelot s End is the tale of two extraordinary and deeply flawed men Teddy Kennedy one of the nation s greatest lawmakers a man of flaws and of great character and Jimmy Carter a politically tenacious but frequently underestimated trailblazer Comprehensive and nuanced featuring new interviews with major party leaders and behind the scenes revelations from the time Camelot s End presents both Kennedy and Carter in a new light and takes readers deep inside a dark chapter in American political history

Gerrymandering in America Anthony J. McGann,Charles Anthony Smith,Michael Latner,Alex Keena,2016-04-04 This book considers the political and constitutional consequences of Vieth v Jubelirer 2004 where the Supreme Court held that partisan gerrymandering challenges could no longer be adjudicated by the courts Through a rigorous scientific analysis of US House district maps the authors argue that partisan bias increased dramatically in the 2010 redistricting round after the Vieth

decision both at the national and state level From a constitutional perspective unrestrained partisan gerrymandering poses a critical threat to a central pillar of American democracy popular sovereignty State legislatures now effectively determine the political composition of the US House The book answers the Court s challenge to find a new standard for gerrymandering that is both constitutionally grounded and legally manageable It argues that the scientifically rigorous partisan symmetry measure is an appropriate legal standard for partisan gerrymandering as it logically implies the constitutional right to individual equality and can be practically applied
