**The Yell-Free Parents' Guide to Disciplining an Explosive Child** Rachel Barker, 2022-06-13 Are you ready for your kids to listen without the constant nagging and yelling With a few simple tweaks to your mindset and parenting it's possible Hey Tired parent I hear you You've tried everything Time outs punishments yelling It seems like no matter what you do your kids just won't listen to you You're tired of feeling like the bad guy all the time but nagging and yelling seems to be the only way you can get your kids to do anything You've even read a stack of parenting books and blog posts but you feel more confused than ever You wish someone would just take you by the hand and show you what to do when your kids misbehave or outright ignore you Imagine Imagine what it will feel like when you ask your kids to do something and you aren't met with anger or refusal Imagine how amazing it will feel when your kids actually hear you the first time and you don't have to repeat yourself over and over and over again Imagine no more constant battles and negotiations with your kids No more feeling like a drill sergeant barking orders all day long Imagine Getting more cooperation around the house so you aren't the one doing everything Feeling confident in your parenting knowing that you can handle any situation that comes up Having more fun and relaxing times together with your kids You're ready to stop the nagging and yelling but it feels impossible How am I supposed to get my kids to listen when they don't even have a clue I'm talking to them until the 3rd time I say their name How can I stay calm when I get angry and frustrated over the tiniest things and it just sneaks up on me How do I stop the yelling when it's the only way my kids know that I'm serious Nothing else works I know how hopeless and frustrating it can feel when you've tried so much but nothing changes If you don't have a plan to follow it can be easy to make some critical mistakes get off track and never get that calm yell-free home Without guidance and support it can be difficult to make any progress at all That's why I've created my step-by-step program this is a radically different approach that you won't find anywhere else How long until my kids actually start listening The honest answer is it depends on you and your current situation Most of our students are able to see a difference in their families in a few as 3 weeks others might take a few extra months to see a change Remember this isn't a quick fix by any means We recommend you set aside 1-3 hours per week to go through the program and implement the assignments This book is for you if You want to help your child WANT to cooperate without yelling bribes threats or punishment You want support to feel more confident and peaceful as a parent You want to yell less and connect more You want strategies for those moments when you've tried everything you can think of and you're stuck You just wish someone would give you the words to say You want to strengthen and sweeten your relationship with your child before he or she gets into the more difficult years ahead Now is your time There will never be a better time to make lasting changes in your family
