**Blood of the Dead** Feb 28 2024 One year ago, the world came to an end. First came the rain.

Then came the screams. Then came the undead. The Haven became the only place in the city free of the walking dead. A place of community. A place to be safe. Now, things have changed. The zombies are coming to the Haven, seeking out the remaining survivors of the human race. Joe Bailey prowls the Haven's streets, taking them back from the undead, each kill one step closer to reclaiming a life once stolen from him. Billie Friday and Des Nottingham soon have Joe to thank for their lives. As the dead push into the Haven, the trio is forced into the one place where folks fear to tread: the heart of the city, a place overrun with flesh-eating zombies. They soon discover they are not the only humans there. After meeting an old man with a peculiar past, Joe and the others must make one last stand against the undead or unwillingly meet the same fate. A desperate escape leads them to a place thought impossible to exist and to a discovery that will shake the future. Welcome to the end of all things.

*Zombie Evolution* Nov 14 2022 In a post-apocalyptic America where zombies move faster than those of World War Z, Gabi Halldor, a female descendant of Dracula, suffers a radical transformation and ignites the new spark in human evolution. In this fast-moving,

action packed thriller, the female superhero is relentlessly hunted by the government through Commander Wesley Rogers of the US Naval Intelligence. Intent on taking over the country by any means necessary, he collides with the Halldors only to have his Machiavellian plans violently obliterated by a mysterious vampire army. This is the dawn of a new era in the evolution of humans and vampires are here to stay. Led by Gabi Halldor, this army of crimson vampires have telepathic powers and can beat back the hordes of zombies roaming the land with impunity. Field of Blood Oct 26 2023 Judas hung himself in a place known as the Akeldama or Field of Blood. But what if his death didn't end his betrayal? What if his tainted blood seeped deep into the earth, into burial caves, causing a counterfeit resurrection of the dead? Gina Lazarescu, a Romanian girl with a scarred past, has no idea she is being sought by the undead. The Collectors, those released from the Akeldama, feed on souls and human blood. But there are also the Nistarim, those who rose

from their graves in the shadow of the Nazarene's crucifixion--and they still walk among us, immortal, left to protect mankind. Gina realizes her future will depend on her understanding of the past, yet how can she protect herself from Collectors who have already died once but still live? The Jerusalem's Undead Trilogy takes readers on a riveting journey, as imaginative fiction melds with biblical and archaeological history.

### **Zombie Apocalypse! Washington Deceased**

Mar 07 2022 A novel set within the *Zombie Apocalypse!* mythos created by Stephen Jones for his bestselling trilogy, *Washington DC* is sent during the second half of *Zombie Apocalypse! Fightback*, when the zombies' intelligence is increasing and they have formed themselves into a society, and an army. New York and Los Angeles have fallen to the walking dead and there has been no news out of Chicago, but Washington DC is still holding out and the South is still free. Time is running out, though, for the battalions defending Capitol Hill . . . As the most powerful symbols of American democracy begin to fall, the President and her advisors must be protected at all costs. But what if there are people in her own government who are prepared to do a deal with the living-dead invaders to retain power at any cost? Meanwhile, 'Zombie King' Thomas Moreby is making his own plans to rule the United States as his control increases across the country. Moreby claims to have 'foreseen' his victory, but there are emerging factions in his own

ranks who are starting to question their role in the war between zombies and humans. And how does the mysterious New World Pharmaceuticals fit into the New Zombie Order?

[Cavern of the Blood Zombies](#) Jul 03 2024 A grave robber searching for an ancient tomb instead finds a labyrinthine cavern full of dead bodies and must battle vampires, blood zombies, and corpse-eating bugs in order to escape.

**Blood Soaked & Contagious** Feb 15 2023 A zombie killer-for-hire faces off against a dangerous undead overlord in this post-apocalyptic science fiction horror series debut. I am not going to complain to you about my life. We've got zombies. They are not the brainless, rotting creatures we'd been led to expect. Unfortunately for us, they're just as smart as they were before they died, very fast, much stronger than you or me, and possess no internal editor at all. Claws. Did I mention claws? I kill them for a living, but it's as much a vocation as a freelance career choice. It helps me, helps my neighborhood, and the people I consider to be my family of choice. What's more? I'm really good at it. My life had a nice rhythm, and I'd almost gotten used to it, but the military bungled an attempt to wipe out an organized bunch of undead near a major commuting route into D.C. The formerly-human survivors relocated. Now they're less than an hour's stroll away from where I live. The new *Zombie Overlord* is smarter, crazier, and much

more well-equipped than anyone we'd dealt with in the past. We have something he wants, badly. I know he's going to come and get it and try and wipe us out in the process . . . men, women, and even the children. I'd seen it done before elsewhere for lesser reasons. This is my home. These are my people, my family. This is personal. Over 300 rare and never before published behind the scenes photographs and production sketches. An in depth journal documenting the entire makeup process from life casting to application from one of Hollywood's leading SFX artists. What the critics are saying: "A great work; the kind of book that will appeal to serious scholars and casual fans alike. A must have." - Fangoria Magazine - Issue 312 "Completely satisfying. There's plenty to love here, enough to sate the most bloodthirsty ghouls. A coffee table book for those who love zombie movie make-up, it comes recommended. Four Stars". - Dread Central "Without question- this is THE definitive guide to the cinematic zombie genre. An absolute must-read! - Stiff Magazine "Bloodsplatter" is a gore slashed tome full of challenging analysis, body counts, and zombie stats that scores high in Mr. Lobo's book!" - Mr.Lobo, Cinema Insomnia, TV Horror Host "And just when you think you have seen it all - bam! - you get something like Blood Splatter on your plate!" "A fascinating book about zombies at the movies, and everything that goes into them". - Bricks of the Dead "Exhaustive as hell. I recommend Blood Splatter to anyone interested in the artistry involved in makeup effects, the nerdy minutia of zombie movie trivia, and rabid horror fans." - Cinema Sewer

**Germination: Zombies Are Human, Book**

**Zero** Jul 31 2021 From New York Times and USA Today bestselling author Jamie Thornton comes a stunning survival series that has readers raving about its dark and gritty thrills. Powerful enemies, twisted memories, a government willing to do anything for control. Find out how it all began... ONCE UPON A TIME A PLAGUE ENDED THE WORLD. Mary knows how to thrive on the street. She makes it her mission to keep other kids away from everyday monsters. But when she's attacked by a crazed man clutching a bloody heart she realizes-there's a new kind of monster in town. A single drop of blood, and now Mary's one of the infected. Unless she can stop the virus and save her friends, the new monster in town might just be her. "Thrilling...keeps you reading and wanting more." "I couldn't put this down." "This left me hungry for the next book." Interview with the Author Q - What makes the Zombies are Human series special? An epidemic ravaging the human population. A world spiraling into chaos. People doing

whatever it takes to survive. I wanted to write something I would love to read. I've always been drawn to the post-apocalyptic genre and thought about end-of-the-world books I've loved--Stephen King's The Stand, Octavia Butler's Parable of the Sower. But also recent stories like The Girl With All the Gifts, The Passage, and even Stranger Things. I've always found stories with big epidemics/events that reinvent the world so thrilling. I also love getting into some of the science, like the genetic engineering, that would make the situations plausible. Zombies are Human gives you some of that classic Walking Dead zombie fare, but...without giving too much away...I guarantee you've never read a zombie series like Zombies are Human before. Even though my cast of characters are teenagers I've definitely had plenty of adults write me about how much they've enjoyed the series. I think Zombies are Human hits the sweet spot of older Young Adult that will appeal to plenty of adults too. No matter what your age, the Zombies are Human series is designed to keep you furiously turning those pages. Q - What order should I read the books in? I think the complete series would be most enjoyable in the following sequence: --Germination (prequel short novel) --Contamination --Infestation --Eradication Q - Why should readers give these books a try? The prequel hit #5 on the New York Times and #8 on the USA Today bestseller lists. I've gotten tons of emails from readers letting me know how much they loved Zombies are Human (stay-

up-all-night-even-with-work-the-next-day love). But more than that, as a reader myself, I am always looking for the next Stranger Things, The Passage, The Girl With All The Gifts. THAT'S the kind of story I hope you'll find in Zombies are Human. Smart. Dangerous. Gritty. With rip-your-heart-out intensity (literally and figuratively in some cases). Zombies are Human is a fast, dark apocalyptic ride. Just remember...nothing is what it seems. Check out my author page here at Amazon for more details, and a full list of my available titles.

Gothina decides to make a picnic out of it, but finds they don't have enough tomatoes. With Baby Zom and Kamper tagging along, the kids take the Moorevette out for a ride. What follows is a fun adventure including a quest for tomatoes, an encounter with a scarecrow, and an empty campsite which might belong to zombie hunters. Thanks to Broheimer, the kids come to understand how and why the blood moon occurs. Grab a tomato slushy and find out if the Moores will be able to view this amazing sight without being discovered by humans!

**FVZA** Jun 29 2021 In a world where a deadly disease transforms innocent victims into Zombies, a long dormant government task force is called into action: The Federal Vampire and Zombie Agency. Throughout history, from the Civil War to World War II, the FVZA protected humanity from the blood-sucking and flesh-

eating hordes - until a cure was discovered that sent the undead to their graves. When a new, incurable strain of the virus ravages a small town in America, Agent Landra Pecos must call upon her lethal skills to eradicate the threat. But as Landra delves deeper into her investigation of the undead menace, she uncovers shocking secrets that will change her life forever. Based on the popular website [www.FVZA.org](http://www.FVZA.org) and written by comics superstar David Hine (Civil War: X-Men, Spider-Man Noir, Arkham Asylum).

*Blood Orchid* Mar 31 2024 Pain & Vengeance Lingers in Death. THEY ARE NOT JUST ZOMBIES. In this city, monsters roam the streets. Zombies, mutations, the undead-call them what you want. They are nothing like the creatures that books and movies have portrayed. They are faster, stronger, and smarter. They bleed, have emotion, and remember how they died. They are demons returned from hell with a vengeance. Israel, Trinity, Black, Rosemary, and Breeze are unlikely friends quarantined in a forsaken city ravaged by a feral infection that spreads like wildfire. While these friends struggle to survive and escape, they learn things are not what they seem. People-friends, family, and even enemies-may not be who they appear. Everything might be a lie. In this devil's playground, the friends question their will to survive as everyone dies around them. Blood fills the streets, some of which is their own. While they restlessly travel from place to place, fate decides who lives or

dies. There is only one rule of survival in the city: trust what you feel and not what you see. *The Blood That Saves Also Condemns*. This is a new beginning, different kind of zombies an approach to the genre. This book will give you different perspectives of stories that intertwine into one epic story, the genetic mutations help create that creepy aura and extraordinary adventure that will take you on a walk through a dark and creative work. This is not the norm you get out of this genre, if you're looking for something exciting new, and a call to action for change this is for you. Don't get me wrong the book is brutal, vulgar language, gore, and violence if you're not prepared don't read. This book is not for the weak or faint of heart, this is for people looking for new raw material that will take the mind through a roller coaster of emotions and a deep dark alley of fear. This is the next step in zombie evolution and the new adult genre, this is a revolution against the ordinary.

### **Everything You Ever Wanted to Know**

**About Zombies** Apr 27 2021 The most comprehensive zombie handbook ever published—with a foreword by Max Brooks! In one indispensable volume, Matt Mogk busts popular myths and answers all your raging questions about the living dead.\* Q. How can I increase my chances of survival? A. One simple step is to keep away from other people. Without people there can be no zombies. Q. What is the connection between the Voodoo zombie and the flesh-eating zombie of popular culture? A.

Other than a shared name, absolutely nothing. Q. Will zombies actually eat me, or will they just bite and chew? A. Research suggests the neuromuscular activity required for swallowing may be too complex for a zombie. Q. Will we see any warning signs before the dead rise? A. Unfortunately, entire populations could be infected with the zombie sickness before anyone even knows there's a problem. Q. How come Zombie Awareness Month is in May and not October? A. Unlike witches and vampires, zombies are not otherworldly creatures. They are made of flesh and blood. Don't forget to wear your gray ribbon. \* Many more questions about zombies—including why not all of them are undead—are answered inside the book. *Blood-Soaked & Invaded* Mar 19 2023 With the zombie apocalypse taking its toll on his mind, one man faces a greater threat from above in this sequel to *Blood Soaked and Contagious*. Zombies were bad enough, but now we're being invaded from all sides. Up to our necks in blood, body parts, and unanswerable questions . . . . . As soon as the realization hit me, I lost my cool. I curled into the fetal position in a pile of blood, offal, and body parts, and froze there. What in the Hell was I becoming that killing was entertaining and satisfying? I don't know how long I was on my side in the remains of my opponents, but the mess was coagulating and getting cold . . . to say nothing of the smell of sliced-open bowels. There were periodic noises suggesting violence around and about where I was glued to the ground by noxious goop, but I couldn't even raise my face to take a look around. My brain spun around and around, propelled by unanswered questions and abject horror. The person I thought I was—a guy who does what he has to do when the chips are down—had been replaced by someone I didn't know and it made me terribly afraid . . . But when she's attacked by a crazed man clutching a bloody heart she realizes—there's a new kind of monster in town. A single drop of blood, and now Mary's one of the infected. Unless she can stop the virus and save her friends, the new monster in town might just be her. "Thrilling...keeps you reading and wanting more." "I couldn't put this down." "This left me hungry for the next book."

**Blood Orchid** Apr 19 2023 Pain & Vengeance Lingers in Death. THEY ARE NOT JUST ZOMBIES. In this city, monsters roam the streets. Zombies, mutations, the undead-call them what you want. They are nothing like the creatures that books and movies have portrayed. They are faster, stronger, and smarter. They bleed, have emotion, and remember how they died. They are demons returned from hell with a vengeance. Israel, Trinity, Black, Rosemary, and Breeze are unlikely friends quarantined in a forsaken city ravaged by a feral infection that spreads like wildfire. While these friends struggle to survive and escape, they learn things are not what they

seem. People-friends, family, and even enemies—may not be who they appear. Everything might be a lie. In this devil's playground, the friends question their will to survive as everyone dies around them. Blood fills the streets, some of which is their own. While they restlessly travel from place to place, fate decides who lives or dies. There is only one rule of survival in the city: trust what you feel and not what you see. The Blood That Saves Also Condemns.

*Zombies: A Record of the Year of Infection* Dec

04 2021 Experience the zombie apocalypse with this illustrated survivor's journal full of chilling tales of terror. The year is 2012, and what starts as a pervasive and inexplicable illness ends up as a zombie infestation that devastates the world's population. Taking the form of a biologist's illustrated journal found in the aftermath of the attack, this pulse-pounding, suspenseful tale of zombie apocalypse follows the narrator as he flees from city to countryside and heads north to Canada, where he hopes the undead will be slowed by the colder climate. Encountering scattered humans and scores of the infected along the way, he fills his notebook with graphic drawings of the zombies and careful observations of their behavior, along with terrifying tales of survival that will keep readers on the edge of their seats right up to the very end. Praise for *Zombies* "Influenced by

Richard Matheson's *I Am Legend*, *Zombies* is a genuinely chilling and logical look at a zombie invasion. The matter-of-fact descriptions of the symptoms and effects, coupled with the detailed drawings of both victims and scenarios make it a creepy read . . . . A tremendous addition to any zombie book collection."

*Blood Zombie* Nov 26 2023 Cain must get across the United States to be with his fiancée, Sara. Their jobs had them a continent apart when the zombie apocalypse began. He steals a hotdog-shaped-lunch-truck to make the cross-country journey. He sleeps in it. He cooks in it. He is safe in it. Days have passed since the phones stopped working. Last he knew Sara was safe at a mansion, built like a medieval castle. Only blind faith tells him Sara is still alive. Along the way he comes across a hapless, desperate, young woman and brings her with him. She is the first in a series of survivors joining him on his long journey. He struggles with being the impromptu leader of the small group. He does not want to care about these people, just wants to get to Sara. Cain must resist the temptations of the desperate young woman. Must resist deserting the survivors who infuriate him. Must find weapons. Must find gas. Must find food. Must survive.

*Zombies Through the Ages* May 21 2023 Our TV screens are filled with terrifying images of

the walking dead. However, people have been frightened of zombies long before movies and TV shows. This book uncovers the blood-curdling history of the undead—from Viking draugar to dancing Tibetan corpses to medieval revenants that crawled out of the ground, spreading plague and death. This fascinating new title introduces zombie fans to a horrifying host of zombies, both past and present. Packed with gruesome, spine-chilling details, the book takes readers from lurching Ro-langs in Tibet to zombies in 20th century America. Love zombies?
