Before he was freed by Neferet, Kalona was imprisoned within the earth for centuries because of the Darkness in his heart. But what happened to the Other World's

Kalona? It's as though he's been forgotten, or maybe he never existed at all ... In the present, Other Neferet may have left her House of Night, but she has far from given up her goal of immortality and world domination. As she operates in secret to gain access to Old Magick, the new High Priestess, Anastasia Lankford, works toward peace and acceptance for the vampyres of the Other World. But just as Other Kevin's broken heart will take time to heal, peace in that world will also take time and work—and not all of the Other World vampyres want peace. After all, why should they return to being shunned by humans, especially when they've had a taste of how it feels to be in power? Meanwhile, Zoey is desperate to help rid the Other World of Neferet once and for all, and not knowing what's going on over there is eating away at her. But, as the Nerd Herd warns, it's far too dangerous to call on Old Magick time and again. As a distraction, she throws herself into her work and attempts to bring the humans and vampyres of Tulsa closer together with the first human-vampyre swim meet in history! It's too bad that something always seems to go wrong whenever the stakes are high. What happens when worlds clash and powers that should be left alone are awakened? Can Other Kevin and his world heal from the wounds Neferet continues to inflict? Can Old Magick ever truly be harnessed and used for good? Or will Darkness extinguish Light and leave our heroes broken, hopeless, and as forgotten as Kalona of the Silver Wings?

Homeland Jan 07 2023 The thrilling first adventure in the classic D&D fantasy series, the Dark Elf Trilogy—perfect for fans of the tabletop RPG and Dungeons & Dragons: Honor Among Thieves. Discover the origin story of one of the greatest heroes of the Forgotten Realms: drow ranger Drizzt Do'Urden. As the third son of Mother Malice and weaponmaster

As Drizzt grows older, and proves himself to be a formidable warrior at Melee-Magthere Academy, he realizes his idea of good and evil does not match up with those of his fellow drow, who show only cruelty to the other races of the Underdark . . . Can Drizzt stay true to himself in a such an unforgiving, unprincipled world? Drizzt Do'Urden, first introduced in The Icewind Dale Trilogy, quickly became one of the fantasy genre's standout characters. Powers of Darkness Jun 12 2023 Powers of Darkness is an incredible literary discovery: In 1900, Icelandic publisher and writer Valdimar à'smundsson set out to translate Bram Stoker's world-famous 1897 novel Dracula. Called Makt Myrkranna (literally, "Powers of Darkness†?"), this Icelandic edition included an original preface written by Stoker himself. Makt Myrkranna was published in Iceland in 1901 but remained undiscovered outside of the country until 1986, when Dracula scholarship was astonished by the discovery of Stoker's preface to the book. However, no one looked beyond the preface and deeper into à'smundsson's story. In 2014, literary researcher Hans de Roos dove into the full text of Makt Myrkranna, only to discover that à'smundsson hadn't merely translated Dracula but had penned an entirely new version of the story, with all new characters and a totally re-worked plot. The resulting narrative is one that is shorter, punchier, more erotic, and perhaps even more suspenseful than Stoker's Dracula. Incredibly, Makt Myrkranna has never been translated or even read outside of Iceland until now. Powers of Darkness presents the first ever translation into English of Stoker and à'smundsson's Makt Myrkranna. With marginal annotations by de Roos providing readers with fascinating historical, cultural, and literary context; a foreword by Dacre Stoker, Bram Stoker's great-grandnephew and bestselling author; and an afterword by Dracula scholar John Edgar Browning, Powers of Darkness will amaze and entertain legions of fans of Gothic literature, horror, and vampire fiction.

Journey to the Heart of Darkness Dec 06 2022 Trsor Yenyi was born in Eastern Congo in 1983 at the peak of Mobutus reign. Not realizing he was witnessing history in the making, he was helpless as he observed the

country slide first into chaos, then into its grave the victim of looting, war, and corruption. It was only after he immigrated to the United States that he realized the depth of the destruction that had occurred and began nurturing a strong desire to return to his native country to search for a cure for the disease from which Congo suffers. In his compelling travel narrative, *Yenyi* details his return trips to Congo, his subsequent charitable work, and the heartbreaking stories of the country's victims of war. While providing the voiceless a chance to speak through him, *Yenyi* reveals the humanitarian challenges of Congo and combines his life experiences with journal entries creating an introspective glimpse into a world where child soldiers, rape victims, street children, and AIDS orphans are the realities of life. *Trisor Yenyi* has a dream that the troubled land of his ancestors will find peace once again. It is with this great hope for the future of his homeland that *Yenyi* remembers Congo's forgotten.

Fordlandia Jul 21 2021 The stunning, never before told story of the quixotic attempt to recreate small-town America in the heart of the Amazon In 1927, Henry Ford, the richest man in the world, bought a tract of land twice the size of Delaware in the Brazilian Amazon. His intention was to grow rubber, but the project rapidly evolved into a more ambitious bid to export America itself, along with its golf courses, ice-cream shops, bandstands, indoor plumbing, and Model Ts rolling down broad streets. Fordlandia, as the settlement was called, quickly became the site of an epic clash. On one side was the car magnate, lean, austere, the man who reduced industrial production to its simplest motions; on the other, the Amazon, lush, extravagant, the most complex ecological system on the planet. Ford's early success in imposing time clocks and square dances on the jungle soon collapsed, as indigenous workers, rejecting his midwestern Puritanism, turned the place into a ribald tropical boomtown. Fordlandia's eventual demise as a rubber plantation foreshadowed the practices that today are laying waste to the rain forest. More than a parable of one man's arrogant attempt to force his will on the natural world, Fordlandia depicts a desperate quest to salvage the bygone America that the Ford factory system did much to dispatch. As Greg Grandin shows in this gripping and mordantly observed history, Ford's great delusion was not that the Amazon could be tamed but that the forces of capitalism, once released, might yet be contained. Fordlandia is a 2009 National Book Award Finalist for Nonfiction.

Shadows of Forgotten Ancestors Nov 05 2022 NATIONAL BESTSELLER • “Exciting and provocative . . . A tour de force of a book that begs to be seen as well as to be read.”—The Washington Post Book

World renowned scientist Carl Sagan and acclaimed author Ann Druyan have written a lucid and riveting account of how humans got to be the way we are. *Shadows of Forgotten Ancestors* is a thrilling saga that starts with the origin of the Earth. It shows with humor and drama that many of our key traits—self-awareness, technology, family ties, submission to authority, hatred for those a little different from ourselves, reason, and ethics—are rooted in the deep past, and illuminated by our kinship with other animals. Sagan and Druyan conduct a breathtaking journey through space and time, zeroing in on critical turning points in evolutionary history, and tracing the origins of sex, altruism, violence, rape, and dominance. Their book culminates in a stunningly original examination of the connection between primate and human traits. Astonishing in its scope, brilliant in its insights, and an absolutely compelling read, *Shadows of Forgotten Ancestors* is a triumph of popular science.

Forgotten Civilization Mar 17 2021 • Updated throughout with recent developments and additional illustrations • Reveals how solar outbursts caused the end of the last ice age, unleashed catastrophe upon ancient advanced civilizations, and led to six millennia of a Solar-Induced Dark Age • Includes evidence from solar science, geology, oceanic circulation patterns, the Sphinx, the underground cities of Cappadocia, the Easter Island rongorong glyphs, and the Göbekli Tepe complex in Turkey In this newly revised and expanded edition, updated throughout with recent developments, geologist Robert Schoch builds upon his revolutionary theory that the origins of the Sphinx date back much further than 2500 BCE and examines scientific evidence of the catastrophe that destroyed early high culture nearly 12,000 years ago. Combining evidence from multiple scientific disciplines, Schoch makes the case that the abrupt end of the last ice age, circa 9700 BCE, was due to an agitated Sun. Solar outbursts unleashed electrical/plasma discharges upon Earth, triggering dramatic climate change as well as increased earthquake and volcanic activity, fires, high radiation levels, and massive floods. Schoch explains how these events impacted the civilizations of the time, set humanity back thousands of years, and led to six millennia of a Solar-Induced Dark

Age (SIDA). Applying the SIDA framework to ancient history, he explores how many megalithic monuments, petroglyphs, indigenous traditions, and legends fall logically into place, including the underground cities of Cappadocia, the Easter Island rongorong glyphs, and the Göbekli Tepe complex in Turkey. He also reveals that our Sun is a much more unstable star than previously believed, suggesting that history could repeat itself with a solar outburst powerful enough to devastate modern society. Weaving together a new view of the origins and antiquity of civilization and the dynamics of the planet we live on, Schoch maintains we must heed the megalithic warning of the past and collectively prepare for future events.

Heart of Darkness Apr 17 2021 *Heart of Darkness* is often considered the world's best short novel. The book serves as a bridge between the 19th century and modernism, an adventure tale revolving around the ambiguity of themes such as truth, morality, and evil. Joseph Conrad witnessed the European exploitation of the Congo with his own eyes. He once sailed up the Congo River himself to locate a countryman at a trading station deep within the country - even though this man wasn't named Kurtz. The goal and enigma of the journey have become synonymous with this name, one of the most unforgettable fictional characters of our time. JOSEPH CONRAD [1857-1924] was born in Ukraine to Polish parents, went to sea at the age of seventeen, and ended his career as a captain in the English merchant navy. His most famous work is the novella *Heart of Darkness* [1899], adapted into a film by Francis Ford Coppola in 1979 as *Apocalypse Now*.
