Protecting our
environment is one

of the biggest issues facing our planet today. But how do we solve a problem that can seem overwhelming-even hopeless? As Diane MacEachern argues in Big Green Purse, the best way to fight the industries that pollute the planet, thereby changing the marketplace forever, is to mobilize the most powerful consumer force in the world-women. MacEachern's message is simple but revolutionary. If women harness the "power of their purse" and intentionally shift their spending money to commodities that have the greatest environmental benefit, they can

create a cleaner, greener world. Spirited and informative, this book: - targets twenty commodities-cars, cosmetics, coffee, food, paper products, appliances, cleansers, and more-where women's dollars can make a dramatic difference; - provides easy-to-follow guidelines and lists so women can choose the greenest option regardless of what they're buying, along with recommended companies they should support; - encourages women to spend wisely by explaining what's worth the premium price some green products cost,

what's not, and when they shouldn't spend money at all; and - differentiates between products that are actually "green" and those that are simply marketed as "ecofriendly." Whether readers want to start with small changes or are ready to devote the majority of their budget to green products, MacEachern offers concrete and immediate ways that women can take action and make a difference. Empowering and enlightening, Big Green Purse will become the "green shopping bible" for women everywhere who are asking, "What can I do?" Popular Mechanics inspires, instructs and influences

When I looked up, I was startled by a vision that invaded all of my view. From out of the sun, I watched a line of people walking across the sky toward me. They were covered with sunlight and seemed to be of the sunlight. The first person to appear from within the sunlight was a man. Following behind him was a woman who had a large load in her arms as she walked. The

person to follow her was a greater Man. He held an even greater load in His arms. As I looked at this third person, The Lord spoke into my heart and said, "You are carrying a load, but while you carry this load, I will carry you. You are pregnant. Now go and carry Isabella to her parents." Following that man from within the sun, many people were walking. Some of them held things like instruments, and some held tools and equipment while marching. And in this large group, there were others who seemed to be dancing while following in this great formation. The vision came to an end, and I became aware of

myself lying on my sheet again. I was in awe at what I had seen and began thinking about what The Lord had spoken to my heart, as I was absolutely sure of His communication with me in that moment. Though every piece of the vision was yet to be interpreted to me, I knew I was pregnant, and I was sure that that baby girl growing inside of me was to be named Isabella.
