Fr. Thomas Dubay is one of the most popular and respected retreat masters and spiritual directors in the USA. He is the author of the perennial best-selling book on prayer and contemplation, *Fire Within*. In this book, he responds to the call to priests by both Pope John Paul II and Benedict XVI to help believers and all those interested in spirituality to develop a deeper prayer life and union with God. As in his other popular writings, Dubay's style is profound and meditative yet clear and readable. He gives an overview of the spiritual life and journey for anyone seeking to grow in the love of God and neighbor. An expert on the teachings and writings of the two great mystical doctors of prayer and the spiritual life, Teresa of Avila and John of the Cross, Dubay gives solid practical advice for a deepening moral and spiritual conversion, and a radical growth in holiness. Topics covered in depth in this book include: The Radical Conversion Relevance and Motivation Conversion and Genuine Love Degrees of Depth Remarkable Resistance Called to the Heights Sure-fire Program Axel Honneth is best known for his critique of modern society centered on a concept of recognition. Jacques Rancière has advanced an influential theory of modern politics based on disagreement. Underpinning their thought is a concern for the logics of exclusion and domination that structure contemporary societies. In a rare dialogue, these two philosophers explore the affinities and tensions between their perspectives to provoke new ideas for social and political change. Honneth sees modern society as a field in which the logic of recognition provides individuals with increasing possibilities for freedom and is a constant catalyst for transformation. Rancière sees the social as a policing order and the political as a force that must radically assert equality. Honneth claims Rancière's conception of the political lies outside of actual historical societies and involves a problematic desire for egalitarianism. Rancière argues that Honneth's theory of recognition relies on an overly substantial conception of identity and subjectivity. While impassioned, their exchange seeks to advance critical theory's political project by reconciling the rift between German and French post-Marxist traditions and proposing new frameworks for justice. In the *School of the Holy Spirit* will help you get to know the Sanctifier of your soul. It will lead you to be more attentive to the movements of the Holy Spirit in your life as you learn to love the third person of the Holy Trinity. Philippe explains the rewards of being attentive to the Holy Spirit and provides simple and concrete ways to grow in this inner sensitivity. In his clear and simple style, he illustrates his points with many examples from modern life. In the *School of the Holy Spirit* is a valuable aid in your own spiritual journey. Is religion a right given to us by the state? Is it an opium for the masses? Is it private opinion with no role in the public sphere? In *It Is Right and Just*, bestselling author Scott Hahn and Brandon McGinley challenge our idea of religion and its role in society. Hahn and McGinley argue that to answer questions over religious liberty, justice, and peace, we must first reject the insidious lie perpetuated by secular-liberal culture: that religion is a private matter. Contrary to what political commentators and activists say, religion is not only relevant to justice and law, but is necessary for civilization to thrive. Recover the public nature of true religion, *It Is Right and Just* argues, and watch as a revolution unfolds. Find eternal answers to today's political confusion right now—pre-order today and get a free ebook to begin reading immediately! We live in a day and age characterized by an extraordinary amount of agitation and lack of peace. This tendency manifests itself in our spiritual as well as our secular life. In our search for God and holiness, in our service to our neighbor, a kind of restlessness and anxiety take the place of the confidence and peace which ought to be ours. What must we do to overcome the moments of fear and distress which assail us all too

often in our lives? How can we learn to place all our confidence in God and abandon ourselves into his loving care? This is what is taught in this simple, yet profound little treatise on peace of heart. Taking concrete examples from our everyday life, the author invites us to respond in a Gospel fashion to the upsetting situations we must all confront. Since peace of heart is a pure gift of God, it is something we should seek, pursue and ask him for without cease. This book is here to help us in that pursuit. The award-winning, bestselling French novel by Philippe Besson—"the French Brokeback Mountain" (Elle)—about an affair between two teenage boys in 1984 France, translated with subtle beauty and haunting lyricism by the iconic and internationally acclaimed actress/writer Molly Ringwald. We drive at high speed along back roads, through woods, vineyards, and oat fields. The bike smells like gasoline and makes a lot of noise, and sometimes I'm frightened when the wheels slip on the gravel on the dirt road, but the only thing that matters is that I'm holding on to him, that I'm holding on to him outside. Just outside a hotel in Bordeaux, Philippe chances upon a young man who bears a striking resemblance to his first love. What follows is a look back at the relationship he's never forgotten, a hidden affair with a gorgeous boy named Thomas during their last year of high school. Without ever acknowledging they know each other in the halls, they steal time to meet in secret, carrying on a passionate, world-altering affair. Dazzlingly rendered in English by Ringwald in her first-ever translation, Besson's powerfully moving coming-of-age story captures the eroticism and tenderness of first love—and the heartbreaking passage of time. In *Signifiers and Acts*, Ed Pluth examines Lacan's views on language and sexuality to argue that Lacan's theory of the subject is best read as a theory of freedom and agency—a theory that is especially compelling precisely because of its structuralist and seemingly antihumanist framework. Presenting new aspects of Lacan's work and commenting extensively on the important yet unpublished seminars that still make up the majority of his contribution to contemporary thought, the book aims to make a Lacanian intervention into contemporary theory. In addition to Saussure, Sartre, Derrida, Lacoue-Labarthe, and Nancy, Pluth discusses works in political theory and identity theory by Alain Badiou, Judith Butler, and Slavoj Žižek. Peace of heart is not only a blessing but also a necessary condition for the growth of our spiritual lives. How do we not only find peace but then keep it? Step by step, in a period of nine days, Fr. Jacques Philippe describes how to welcome this inner peace in all areas of our existence. He shows us how to rest in the deep resonance of God's holy peace amidst the highs and lows, ease and struggles of everyday life. Allow your heart to be guided by Fr. Jacques toward a more peaceful existence that penetrates every area of your life and calls you to a deeper relationship with the Lord. This is the second of Fr. Jacques' books in the "Nine Days To" series. *Mussar* is an illuminating, approachable, and highly practical set of teachings for cultivating personal growth and spiritual realization in the midst of day-to-day life. Here is an accessible and inspiring introduction to this Jewish spiritual path, which until lately has been best known in the world of Orthodox Judaism. The core teaching of *Mussar* is that our deepest essence is inherently pure and holy, but this inner radiance is obscured by extremes of emotion, desire, and bad habits. Our work in life is to uncover the brilliant light of the soul. The *Mussar* masters developed transformative teachings and practices—some of which are contemplative, some of which focus on how we relate to others in daily life—to help us to heal and refine ourselves. Many people today are thirsty for God and feel a desire for an intense, personal prayer life that is deep and ongoing. But they encounter obstacles that prevent them from following the path seriously, and especially from persevering on it. *Time for God* was written with these desires and difficulties in mind. In *Time for God*, author Jacques Philippe mainly concentrates on mental prayer: prayer that consists of facing God in solitude and silence for a time in order to enter into intimate, loving communion with him. Practicing this kind of prayer regularly is considered by all spiritual masters to be an indispensable path that gives access to genuine Christian life—a path to knowing and loving God that empowers us to respond to his call to holiness addressed to each individual. Philippe draws on years of experience as a spiritual guide to illuminate the fundamental principles of mental prayer and describes some common mistakes and misconceptions that can lead it astray. With simplicity and clarity he explains the foundational principles for a healthy prayer life and gives advice for overcoming the various obstacles that arise when one sets off on the path of interior prayer. The definitive biography of the Haitian revolutionary Toussaint Louverture, leader of the only successful slave revolt in world history *How do I find fulfillment in life? How do I obtain happiness?* Despite a multitude of self-help books in recent years, these eternal questions have become increasingly urgent in today's directionless world. Author Jacques Philippe provides some answers. In his new book, *Called to Life*, he explains that a complete and fulfilled life is much more assured when we stop trying to chart our own course, when we realize that we are essentially creatures called by God. He goes on to describe where and how these calls take place: the events of life, the Word of God in Scripture, and interior motions of the Holy Spirit. Learning to recognize and follow these calls is what leads to a happy and full life. *Called to Life* includes a special section on how to read Sacred Scripture prayerfully (*Lectio Divina*), making this a timely source of inspiration and guidance following up on the recommendations of Pope Benedict XVI and the 2008 Synod of Bishops on the Word of God. An accessible translation of the biography of noted French philosopher Jacques Maritain and his wife Raïssa St. Thérèse of Lisieux sought a new way to Heaven: "a little way that is quite straight, quite short: a completely new little way." Blessed with personal limitations that might have discouraged another, Thérèse believed God would not have given her a desire for holiness if He did not intend for her to achieve it. She learned to humbly accept herself as she was and trust completely in God's love. First given as a retreat by renowned author Father Jacques Philippe, *The Way of Trust and Love* navigates excerpts of St. Thérèse's writings phrase by phrase, extracting powerful, resonating insights. To Thérèse, the journey seemed "little" as she traveled it. A hundred and fifteen years after her death, the message of the young saint and Doctor of the Church has traveled around the world inspiring millions. With this newly translated study of her spirituality, many today will rediscover—or find for the first time—the relevance of "the little way," in all seasons of life. Fr. Jacques Philippe is well-known for his books on prayer and spirituality. A member of the Community of the Beatitudes, he regularly preaches retreats in France and abroad. He also spends much of his time giving spiritual direction and working for the development of the Community in Asia and Oceania where he travels frequently. View Fr. Jacques Philippe's website and App (www.frjacquesphilippe.com) This moving biography of Pier Giorgio Frassati, who turned from a life of privilege to one devoted to working with the poor, and who died at the age of 24 from the polio virus, presents a portrait of a man whose love of God transformed his life and the lives of those around him. Inspired as a young man by Pier Giorgio, Pope John Paul II recently approved beatification for Pier Giorgio. Life is always full of new and unexpected challenges, but each challenge is also an opportunity to draw closer to God. Fr. Jacques Philippe, a beloved author and renowned spiritual director, will show you how to maintain peace of heart through turbulent times and discern the choices that will be helpful for you and others. Written in a simple and inviting style, *Trusting God in the Present* is your spiritual direction manual to trusting God in the midst of difficult times. You'll find that God is, indeed, with you, and he is inviting you to a new perspective, renewed hope, and a more abundant life. In *Real Mercy*, Father Jacques Philippe turns his focus on mercy in this book that developed from talks given on the first three days of the Year of Mercy beginning Dec. 8, 2015. On that feast day of the Immaculate Conception, he explored how Mary, the Mother of Jesus, is an exemplar of mercy to the Church and the entire world. In a discreet but vital way she dispenses graces and favors with the compassion of a mother. His second essay on forgiveness in families hits home with everyone. No one has escaped the ill feeling and bitterness caused by strife and misunderstanding within the family, and yet the same family is intended to be the path for both earthly and eternal happiness. The author brings to light vivid examples of how lack of forgiveness causes severe damage while forgiveness heals and restores broken relationships. Finally, he uses the writings of St. Therese of Lisieux to show how trust in God's mercy leads to extraordinary supernatural effects in one's life and in the lives of those one touches. The topic of the meaning of human suffering, the existence of evil and making sense of it all is one of universal interest. The author uses the greatest example of evil, and human suffering, of modern times, the Holocaust, to put this discussion in the most stark and concrete terms possible for modern readers. *Big Hearted* gives you an inside look into the triumphs, struggles, joys and sorrows of ordinary families with generous hearts. It invites you to witness extraordinary love in ordinary moments like the simple cooking of a meal or the hug between a teenaged brother and his baby sister. Just like your family, these families experience pain, setbacks, and challenges. And just like your family, they also experience love and immeasurable blessing through their commitment and care for each other. In this book, you will learn the stories of: A father of seven healthy boys who struggled to love his Down syndrome baby girl A mother of twelve who learned an important lesson about Christmas from her children A special relationship between a teenaged brother and his infant sister Two grandparents in their final days who inspired their grandchildren in simple ways Two orphan children from Kenya who prayed for adoption by an American family and got what they asked for! It has been said that God cannot be outdone in generosity. The stories in these pages will show you how big hearted families experience this

truth in a myriad of ways, sometimes miraculously. Capitalist societies are full of unacceptable inequalities. Freedom is of paramount importance. These two convictions are widely shared across the world. Yet they often seem in complete contradiction with each other. Fighting inequality jeopardizes freedom; taking freedom seriously boosts inequality. What can be done? Can the circle be squared? Philippe Van Parijs offers a ground breaking solution to the dilemma. Assessing and rejecting the claims of both socialism and conventional capitalism, he presents a clear and compelling alternative vision of the just society: a capitalist society offering a substantial unconditional basic income to all its members. Moving beyond pure political theory, Van Parijs shows what his ideal of free society means in the real world by drawing out its controversial policy implications. *Real Freedom for All* will be essential reading for anyone concerned about the just society and the welfare state as we move into the twenty first century. In this new book by bestselling author, Edward Sri, we discover the close connection between growing in the virtues and growing in friendship and community with others. A consummate teacher, Dr. Sri leads us through the virtues with engaging examples and an uncanny ability to anticipate and answer our most pressing questions. Dr. Sri shows us in his inimitable, easy-to-read style, that the virtues are the basic life skills we need to give the best of ourselves to God and to the people in our lives. In short, the practice of the virtues give us the freedom to love. Suffering is something that affects everyone. For many, it can be a stumbling block to faith in God and the catalyst to an unhappy life. But it doesn't have to be this way. In fact, it can be the catalyst to something greater: union with Christ. The most systematic, radical, and lucid treatise on freedom that has been written in contemporary Continental philosophy, this book combats the renunciation of freedom attested in modern history by articulating the experience of freedom at work in thought itself. *Freedom in the World*, the Freedom House flagship survey whose findings have been published annually since 1972, is the standard-setting comparative assessment of global political rights and civil liberties. The survey ratings and narrative reports on 192 countries and a group of select territories are used by policy makers, the media, international corporations, and civic activists and human rights defenders to monitor trends in democracy and track improvements and setbacks in freedom worldwide. Press accounts of the survey findings appear in hundreds of influential newspapers in the United States and abroad and form the basis of numerous radio and television reports. The *Freedom in the World* political rights and civil liberties ratings are determined through a multi-layered process of research and evaluation by a team of regional analysts and eminent scholars. The analysts used a broad range of sources of information, including foreign and domestic news reports, academic studies, nongovernmental organizations, think tanks, individual professional contacts, and visits to the region, in conducting their research. The methodology of the survey is derived in large measure from the Universal Declaration of Human Rights, and these standards are applied to all countries and territories, irrespective of geographical location, ethnic or religious composition, or level of economic development. Freedom House is a nonprofit, nonpartisan organization that supports democratic change, monitors freedom, and advocates for democracy and human rights. *A History of survival, strength and imagination in Haiti*. This new perspective on Haitian history features essays that augment the historical paintings of renowned contemporary Haitian-American artist, Ulrick Jean-Pierre. Poet, playwright, and scholar Kamau Brathwaite has written the powerful Foreword to this volume, which combines scholarship, experience, and inspiration to reveal the complex history of the island that Haiti shares with the Dominican Republic. Chapters cover pre-Columbian and colonial history; critical events and people of the Haitian Revolution; the tangle of U.S.Haitian relations, including the special relationship with Louisiana; Haitian connections to South America; and the contested border with the neighboring Dominican Republic. *Revolutionary Freedoms* also includes an interview with the artist, a section on women in the nations history, and suggested reading. The Editors of the book, Ccile Accilien, Jessica Davis, and Elmide Mlance, have assembled a distinguished collection of writers and scholars, such as Edwidge Danticat, Max Beauvoir, Marc Christophe, Lauren Derby, Gwendolyn Midlo Hall, Rgine Latortue, Carolyn Morrow Long, Margaret Mitchell Armand, Richard Turits, and Philippe Zacar. 2006, Caribbean Studies Press, 266pp, 45 full-color reproductions, Hardcover. ISBN 1-58432-293-4 Fifty of today's finest thinkers were asked to let their imaginations run free to advance new ideas on a wide range of social and political issues. They did so as friends, on the occasion of Philippe Van Parijs's sixtieth birthday. *Interior Freedom* leads one to discover that even in the most unfavorable outward circumstances we possess within ourselves a space of freedom that nobody can take away, because God is its source and guarantee. Without this discovery we will always be restricted in some way and will never taste true happiness. Author Jacques Philippe develops a simple but important theme: we gain possession of our interior freedom in exact proportion to our growth in faith, hope, and love. He explains that the dynamism between these three theological virtues is the heart of the spiritual life, and he underlines the key role of the virtue of hope in our inner growth. Written in a simple and inviting style, *Interior Freedom* seeks to liberate the heart and mind to live the true freedom to which God calls each one. In a series of essays linked by his examination into key areas of spiritual growth, Fr. Jacques Philippe develops themes relating to prayer, freedom, the Holy Eucharist, and man's constant struggle for contentment amid the stresses of everyday life. Through spiritual insights of amazing women of the Church—Etty Hillesum, Thérèse of Lisieux, and Teresa of Avila—Fr. Jacques' essays examine topics such as: Why look for interior peace? Knowing God through Mary Touching God through prayer The theological virtues and the Eucharist Winner of the 2020 Catholic Press Association Book Award In a book hailed as "liberating" (Gary Chapman, New York Times bestselling author), an award-winning author and mother of four weaves her own stories and struggles with those of seven ex-perfectionist saints (and one heretic) who show us how to pursue a new kind of perfection: freedom in Christ. Spiritual perfectionism—an obsession with flawlessness rooted in the belief that we can earn God's love—is dangerous because so many of us mistake it for virtue. Its toxic cycle of pride, sin, shame, blame, and despair distorts our vision, dulls our faith, and leads us to view others through the same hypercritical lens we think God is using to view us. As a lifelong overachiever who drafted her first résumé in sixth grade and spell-checked her high school boyfriend's love letters, Colleen Carroll Campbell knows something about the perfectionist trap. But it was only after she became a mother that she started to see how insidiously perfectionism had infected her spiritual life, how lethal it could be to her happiness and her family, and how disproportionately it afflicts the people working hardest to serve God. In the ruins of her own mistakes, Colleen dug into Scripture and the lives of the canonized saints for answers. She discovered to her surprise that many holy men and women were, in fact, recovering perfectionists. And their grace-fueled victory over this malady—not perfectionist striving—was the key to their heroic virtue and contagious joy. In *The Heart of Perfection*, Colleen weaves the stories and wisdom of seven ex-perfectionist saints (and one heretic) with Scripture and beautifully crafted tales of her own trial-and-error experiments in applying that wisdom to her life. Gorgeously written and deeply insightful, Colleen Carroll Campbell's *The Heart of Perfection* is a "must-read" (Jeannie Gaffigan, executive producer of *The Jim Gaffigan Show*) that "gives us permission to...walk in the freedom of God's unconditional love" (Jennifer Fulwiler, author of *One Beautiful Dream*). For a free *Heart of Perfection* reading guide for book clubs, visit Colleen-Campbell.com. *Rogues*, published in France under the title *Voyous*, comprises two major lectures that Derrida delivered in 2002 investigating the foundations of the sovereignty of the nation-state. The term "État voyou" is the French equivalent of "rogue state," and it is this outlaw designation of certain countries by the leading global powers that Derrida rigorously and exhaustively examines. Derrida examines the history of the concept of sovereignty, engaging with the work of Bodin, Hobbes, Rousseau, Schmitt, and others. Against this background, he delineates his understanding of "democracy to come," which he distinguishes clearly from any kind of regulating ideal or teleological horizon. The idea that democracy will always remain in the future is not a temporal notion. Rather, the phrase would name the coming of the unforeseeable other, the structure of an event beyond calculation and program. Derrida thus aligns this understanding of democracy with the logic he has worked out elsewhere. But it is not just political philosophy that is brought under deconstructive scrutiny here: Derrida provides unflinching and hard-hitting assessments of current political realities, and these essays are highly engaged with events of the post-9/11 world. "What the world most needs today is prayer. It is prayer that will give birth to all the renewals, healings, deep and fruitful transformations we all want for society today.... I am more and more convinced that everything comes from prayer and that, among the calls of the Spirit, this is the first and most urgent one we should respond to." Many have already benefited from Fr. Jacques' best-selling book on prayer, *Time for God*. In *Thirsting for Prayer*, Fr. Jacques revisits some of the themes covered in that book and develops new insights that are both profound and practical. These reflections guide us with simplicity on the path to intimacy with God, helping us to develop an actual taste for personal prayer. This "school of prayer" opens us up to the encounter with God that transforms us from within. View Fr. Jacques Philippe's website and App (www.frjacquesphilippe.com) Around 1785, a woman was taken from her home in Senegambia and sent to Saint-Domingue in the Caribbean. Those who enslaved her there named her Rosalie. Her

later efforts to escape slavery were the beginning of a family's quest, across five generations and three continents, for lives of dignity and equality. Freedom Papers sets the saga of Rosalie and her descendants against the background of three great antiracist struggles of the nineteenth century: the Haitian Revolution, the French Revolution of 1848, and the Civil War and Reconstruction in the United States. Freed during the Haitian Revolution, Rosalie and her daughter Elisabeth fled to Cuba in 1803. A few years later, Elisabeth departed for New Orleans, where she married a carpenter, Jacques Tinchant. In the 1830s, with tension rising against free persons of color, they left for France. Subsequent generations of Tinchants fought in the Union Army, argued for equal rights at Louisiana's state constitutional convention, and created a transatlantic tobacco network that turned their Creole past into a commercial asset. Yet the fragility of freedom and security became clear when, a century later, Rosalie's great-great-granddaughter Marie-José was arrested by Nazi forces occupying Belgium. Freedom Papers follows the Tinchants as each generation tries to use the power and legitimacy of documents to help secure freedom and respect. The strategies they used to overcome the constraints of slavery, war, and colonialism suggest the contours of the lives of people of color across the Atlantic world during this turbulent epoch. "The City of Chandigarh puts us in touch with the infinite cosmos and nature. It provides us with places and buildings for all human activities by which the citizens can live a full and harmonious life. Here the radiance of nature and heart are within our reach." - Le Corbusier Upon India's independence, Jawaharlal Nehru, its first Prime Minister, dreamed of "a new town, an expression of the nation's faith in the future." The incarnation of Nehru's vision, the city of Chandigarh was the brainchild of renowned modernist architect Le Corbusier, born of his utopian dream of an avant-garde city, and his cousin Pierre Jeanneret, who oversaw production of thousands of objects that furnished it. Recently, record prices at auction for these pieces have brought awareness of this great project and its creators to a broader public. This catalogue raisonne sheds new light on this visionary urban project that is generating growing interest among design aficionados around the world. 400 illustrations Recognizing the strong and gentle fatherhood which our Heavenly Father bestows on us lovingly and daily indefinitely changes the scope of our spiritual lives. Amidst the crisis of fatherhood in today's society, it is imperative, more than ever, that all men—especially priests—be images of this unfalteringly generous fatherhood of God. What does true fatherhood consist of? How can true fatherhood help a person gain access to the freedom found through the knowledge of his or her identity as a child of God? While answering these questions, Fr. Jacques also presents the spiritual path which allows a priest to guard himself against possible shortcomings and ambiguities as he strives to live out his priestly fatherhood, the gift received by him in ordination. This book will not only be of interest to priests, but will also help all those who are called to exercise a certain paternity in the Church or in society: fathers of families, spiritual fathers, educators, and leaders. "Somewhere deep inside each one of us is a burning desire to finally become the person God created us to be." Do you suffer from spiritual or emotional wounds that are keeping you from reaching that goal? The bestselling book Be Healed is based on retired Catholic therapist Bob Schuchts's popular program for spiritual, emotional, and physical healing. Incorporating elements of charismatic spirituality and steeped in scripture and the wisdom of the Church, this book offers hope in the healing power of God through the Holy Spirit and the sacraments. Schuchts, founder of the John Paul II Healing Center, sensitively shares his own journey of healing after enduring a series of betrayals in high school—his father's infidelity, his parents' divorce, his older brother's drug addiction—and his subsequent periods of struggle with God and faith. Be Healed includes helpful tools such as charts, tables, lists, reflection questions, and personal challenges to guide you on your journey of healing. Schuchts's trusted process for finding inner peace and healing is boldly Christ-centered, maintaining focus on the person of Jesus as "the life-giving and ever-present physician of our souls." Schuchts will help you recognize your brokenness and find your hope and healing in the risen Christ. The Comparative Survey of Freedom is an institutional effort by Freedom House to monitor the progress and decline of political rights and civil liberties in 191 nations and 59 related territories. These year-end reviews of freedom began in 1955, when they were called the Balance Sheet of Freedom and, still later, the Annual Survey of the Progress of Freedom. This program was expanded in the early 1970s, and has appeared in Freedom Review since 1973. It has also been issued in a more developed context as a yearbook since 1978. Since 1989, the Survey project has been a year-long effort produced by regional experts, consultants and human rights specialists. The Survey derives its information from a wide range of sources. Most valued of these are the many human rights activists, journalists, editors and political figures around the world who keep us informed of the human rights situation in their countries. Throughout the year. Freedom House personnel regularly conduct fact-finding missions to gain more in-depth knowledge of the vast political transformations affecting our world. During these week-to-month-long investigations, we make every effort to meet a cross-section of political parties and associations, human rights monitors, religious figures, representatives of both the private sector and trade union movement, academics and journalists. During the past year. Freedom House staff traveled to numerous countries throughout most of the world's geographical and political regions. The Survey project team also consults a vast array of published source materials, ranging from the reports of other human rights organizations to often rare, regional newspapers and magazines. This year's Survey team includes: Adrian Karatnycky, Martin Edwin Anderson, Kristen Guida, Marshall Freeman Harris, Thomas R. Lansner, Arch Puddington, Leonard R. Sussman, and George Zarycky. The general editor of Freedom in the World is Roger Kaplan; the managing editor is Tara Kelly. This year's research coordinator was Charles Graybow. Demons wage war against families because families are vital to God's plan of salvation. This stark reality requires that your family members become well-trained spiritual warriors who actively secure your home and fight to keep it off-limits to demonic activity.
