by Tennessee Williams

## THE AUTHOR

Thomas Lanier (Tennessee) Williams (1911-1983) is generally considered the greatest Southern playwright in American history. Born in Mississippi to a traveling-salesman father and a disillusioned Southern-belle mother, he had a difficult childhood, neglected by his father and smothered by his mother. When he was seven years old, the family moved from Mississippi to St. Louis, where they struggled to adapt to the big city. His older sister Rose was mentally unstable. After dropping out of college, Williams took a job at the warehouse of the shoe company for which his father worked as a salesman. After ten months of work that he hated, Williams had a nervous breakdown, went to live with his grandparents, and began his career as a writer. Meanwhile, Rose's condition was getting increasingly worse, and she finally broke down completely, after which her parents had her lobotomized - an act for which her brother never forgave them.

In 1938, Williams moved to New Orleans, changed his name to Tennessee, and "came out of the closet," entering fully into the homosexual lifestyle. After a few early flops, he wrote *The Glass Menagerie* in 1944, which was produced to great public acclaim. In 1947 he won a Pulitzer Prize for *A Streetcar Named Desire*. This allowed him to be financially independent, and he and his lover moved to Key West, where he found the solitude he needed to write, though he constantly feared that he would inherit his sister's madness. He continued to produce popular stage successes, including *Cat on a Hot Tin Roof* (1955; another Pulitzer Prize winner) and *Night of the Iguana* (1961). After the death of Frank Merlo, his lover, Williams became increasingly disconsolate and fell into drug dependence. This continued for the remainder of his life, and he died at the age of 72 when he choked on the lid of one of his pill bottles.

*The Glass Menagerie* was Williams' first success, and is highly autobiographical in content. It is easy to see Williams as Tom, the frustrated writer, and Amanda as his overbearing mother, deserted by his father, while clearly Rose is represented in the emotionally fragile Laura. The play itself is highly theatrical, and was innovative in its day in the use of projected images and captions to create the dreamlike atmosphere needed for the play. Williams was able to incorporate tremendous emotional power into everyday life and relationships, and liked to use ordinary objects as symbols for the deepest longings of man. The alienation of many of his characters also reflects his own sense of otherness, both because of his difficult family life and because of his homosexuality.

Schvey,2021-06-04 In 2011 the centennial of Tennessee Williams s birth events were held around the world honoring America s greatest playwright There were festivals conferences and exhibitions held in places closely associated with Williams s life and career New Orleans held major celebrations as did New York Key West and Provincetown But absolutely nothing was done to celebrate Williams s life and extraordinary literary and theatrical career in the place that he lived in longest and called home longer than any other St Louis Missouri The question of this

paradox lies at the heart of this book an attempt not so much to correct the record about Williams's well chronicled dislike of the city but rather to reveal how the city was absolutely indispensable to his formation and development both as a person and artist Unlike the prevailing scholarly narrative that suggests that Williams discovered himself artistically and sexually in the deep South and New Orleans Blue Song reveals that Williams remained emotionally tethered to St Louis for a host of reasons for the rest of his life
