Revolutionizing Retail K. Coulter, 2014-02-20 There is a modest but growing body of scholarly literature on experiences of retail work with only a handful of studies existing on retail organizing Before *Revolutionizing Retail* no scholar had captured or analysed the breadth of political action being pursued in this crucial economic sector This book was awarded the Canadian Association for Work and Labour Studies 2015 Book Prize

Target Markets - International Terrorism Meets Global Capitalism in the Mall Suzi Mirgani, 2017-03-31 This book explores the points of convergence between corporate capitalist and terrorist practice Assessing an increase in the number of terrorist attacks directed at commercial entities in urban areas with an emphasis on the shopping mall in general and Nairobi s Westgate Mall in particular Suzi Mirgani offers a fascinating and disturbing perspective on the spaces where the most powerful forces of contemporary culture the most mainstream and the most extreme meet on common ground

Hard Sell Peter Ikeler, 2016-08-03 Along with fast food workers retail workers are capturing the attention of the public and the media with the Fight for 15 Like fast food workers retail workers are underpaid and fewer than 5 percent of them belong to unions In *Hard Sell* Peter Ikeler traces the low wage largely nonunion character of U S retail through the history and ultimate failure of twentieth century retail unionism He asks pivotal questions about twenty first century capitalism Does the nature of retail work make collective action unlikely Can working conditions improve in the absence of a union Is worker consciousness changing in ways that might encourage or further inhibit organizing Ikeler conducted interviews at New York City locations of two iconic department stores Macy s and Target Much of the book s narrative unfolds from the perspectives of these workers in America s most unequal city When he speaks to workers Ikeler finds that the Macy s organization displays an adversarial relationship between workers and managers and that Target is infused with a teamwork message that enfolds both parties Macy s workers identify more with their jobs and are more opposed to management yet Target workers

show greater solidarity Both groups however are largely unhappy with the pay and precariousness of their jobs Combined with workplace generated feelings of unity and resistance these grievances provide promising inroads to organizing that could help take the struggle against inequality beyond symbolic action to real economic power
