A few years back when I took few batch on CAPM, I could not find any book for college students. There were only PMP books. Few books were labeled as CAPM/PMP preparation guide. However, CAPM student profile is way different from a PMP aspirant. CAPM questions are easier and test only recallability and applicability aspects as per Blooms Taxonomy. SO I could not understand combining the book and giving the same book to a fresher and a seasoned Project Manager. I wanted to create a study guide for CAPM aspirants keeping their expectations and examination question. I was a PMP. Still, I scheduled a CAPM exam (and Passed)- just to make sure that this book which you are reading is fully aligned with the CAPM level of questions. The book ensures that the basic principles are understood. The WHY of the questions is answered in a logical manner and you feel

confident on the subject. The book uses scientific methods to help you retain the knowledge - The use of study capsules and you feel in control. Use this study guide to prepare for the Certified Associate in Project Management (CAPM) exam, based on PMBOK's sixth edition, administered by the Project Management Institute (PMI). The revised and updated second edition of the best-selling CAPM in Depth has a laser-sharp focus on the exam objectives for project managers and others who want to pass the CAPM exam. No prior knowledge of project management is assumed. The chapters and the sections within each chapter are presented in a logical learning sequence. The concepts and topics, both simple and complex, are clearly explained when they appear for the first time. This facilitates step-wise learning, prevents confusion, and makes this book useful for those who want to get up to speed quickly to pass the CAPM exam, even if you are new to the discipline of project

management. This book tells the story of project management in a cohesive, concise, yet comprehensive fashion. Unlike most CAPM exam books, this book is not just an exam-cram book. It is an easy-to-understand guide that is a valuable reference both before and after the exam. What You'll Learn: Understand the body of knowledge required to earn the Certified Associate in Project Management (CAPM) certification ; Acquire the knowledge needed to successfully manage projects in any field. Who This Book Is For: Project management practitioners preparing for the CAPM exam, entry-level project managers and project team members preparing for the CAPM exam, beginners who want to join the field of project management and get up to speed quickly, project managers who need a quick and easy reference to the discipline of project management, instructors and trainers who need a textbook for a course on project

management. Passing the PMP Exam is no easy task, but this book can make it a lot simpler. This book contains over 500 exam like questions, full-length mock exam, and exam tips. The hot topics sections of Critical Path and Earned Value Management is well explained and will get you passing the exam on your first try. This study guide is for the PMP exam based on the PMBOK Guide 6th edition. "Pass CAPM in 21 Days - the Ultimate Study Guide" is a comprehensive and easy-to-follow study guide designed to help aspiring project management professionals pass the Certified Associate in Project Management (CAPM) exam. The book provides a structured approach to learning, with 21 daily lessons that cover all the necessary knowledge areas and process groups tested on the CAPM exam. Each lesson includes a review of key concepts, tips for memorization, and practice questions to reinforce understanding. In addition, the book includes comprehensive

review materials, such as a glossary of project management terms and acronyms, as well as a summary of the PMBOK(R) Guide. These resources are designed to provide readers with a clear and concise understanding of project management concepts and terminology. To help readers gauge their progress, the book also includes three full-length practice exams, each with 150 questions that closely simulate the actual CAPM exam. exam with confidence, this comprehensive guide also serves as an essential on-the-job reference for project managers. Online content includes 600 practice questions in a customizable test exam engine, and interactive worksheets Includes a color pull-out, laminated CAPM Exam Quick Review Guide for portable study Written by a project management expert and experienced educator CAPM Exam Prep Seminar Participant Workbook. This workbook is used in conjunction with our online CAPM Exam Prep course. Business & Economics/Project Management When you're studying for the PMP®/CAPM® exam, the most important thing to manage is your time This practical guide will help you study for the Project Management Professional (PMP®)/Certified Associate in Project Management (CAPM®) Certification Exam more efficiently and productively. It is aligned with and references PMI's Project Management Body of Knowledge, Third

Edition (PMBOK ? Guide). Unlike other review materials that are organized according to knowledge areas and cover the forty-four processes almost equally, this guide divides materials into process groups or domains and weights your review materials the way PMP?/CAPM? weights the exam. For example, approximately 11% of the exam questions will be on the Initiation Phase, so approximately 11% of the review materials in this book covers the Initiation Phase. The guide flows like projects flow. There are six sections: * Initiation Phase * Planning Phase * Execution Phase * Monitor and Control Phase * Closing Phase * Professional Responsibility This is not an unabridged "everything you ever need to know about project management" guide. It focuses exclusively on information you need to know to pass the exam and features: * A total of 175 pre-review questions and 175 post-review questions, along with complete answers and explanations * The

facts, presented clearly and concisely with no frills, no fine print, and no digression * Terms, definitions, formulas, charts, diagrams, and lists that help you retain the information and pass the test * Advice on how to study and how to take the actual exam, plus a comprehensive index, so it's easy to find information you want to review Complete coverage of all current objectives for the CAPM and PMP exams—more than 1,000 practice exam questions and in-depth explanations in total! Thoroughly revised for the current PMI Project Management Body of Knowledge (PMBOK), this up-to-date resource offers complete coverage of all the material included on the Certified Associate in Project Management and Project Management Professional exams. You'll find learning objectives at the beginning of each chapter, exam tips, practice exam questions, and in-depth explanations. Written by a leading project management consultant and

CAPM In Depth: Certified Associate in Project Management Study Guide for the CAPM Exam provides a

cohesive, concise, yet comprehensive approach to the topics covered by the CAPM exam. With a laser-sharp focus on the CAPM exam, it goes beyond just being an exam cram. No prior knowledge of project management is assumed. The material is presented in a logical learning sequence: Each section builds upon previous sections, and each chapter builds on previous chapters. All concepts, simple and complex, are defined and explained when they appear for the first time. There is no hopping from topic to topic and no jargon without explanation. As a result, although the primary purpose of the book is to help the reader pass the CAPM exam, it will also serve as a good reference after the exam. Revised edition of Achieve CAPM exam success, [2014] This study guide provides new project managers and participants with a brief yet comprehensive self-study program for passing the Certified Associate in Project Management (CAPM) Exam.

The companion CD-ROM allows users to simulate 150 exam questions. The Standard for Business Analysis - First Edition is a new PMI foundational standard, developed as a basis for business analysis for portfolio, program, and project management. This standard illustrates how project management processes and business analysis processes are complementary activities, where the primary focus of project management processes is the project and the primary focus of business analysis processes is the product. This is a process-based standard, aligned with A Guide to the Project Management Body of Knowledge (PMBOK® Guide) - Sixth Edition, and to be used as a standard framework contributing to the business analysis body of knowledge. Managing Change in Organizations: A Practice Guide is unique in that it integrates two traditionally disparate world views on managing change: organizational

development/human resources and portfolio/program/project management. By bringing these together, professionals from both worlds can use project management approaches to effectively create and manage change. This practice guide begins by providing the reader with a framework for creating organizational agility and judging change readiness. Now updated for the 2021 PMP Exam What will you learn from this book? Head First PMP teaches you the latest principles and certification objectives in The PMBOK® Guide in a unique and inspiring way. This updated fourth edition takes you beyond specific questions and answers with a unique visual format that helps you grasp the big picture of project management. By putting PMP concepts into context, you'll be able to understand, remember, and apply them -- not just on the exam, but on the job. No wonder so many people have used Head First PMP as their sole source for passing the

PMP exam. This book will help you: Learn PMP's underlying concepts to help you understand the PMBOK principles and pass the certification exam with flying colors Get 100% coverage of the latest principles and certification objectives in The PMBOK® Guide, Sixth Edition Make use of a thorough and effective preparation guide with hundreds of practice questions and exam strategies Explore the material through puzzles, games, problems, and exercises that make learning easy and entertaining Why does this book look so different? Based on the latest research in cognitive science and learning theory, Head First PMP uses a visually rich format to engage your mind, rather than a text-heavy approach that puts you to sleep. Why waste your time struggling with new concepts? This multi-sensory learning experience is designed for the way your brain really works. The Project Management Institute (PMI) recently launched a new certification entitled the

Portfolio Management Professional (PfMP). The most comprehensive resource available to help readers prepare for and pass the PfMP certification exam, this book provides coverage that is current with The Standard for Portfolio Management, Third Edition. It includes two 170-question practice tests that simulate the certification examination. It also includes answer keys with rationale and references to the latest standard. The two accompanying online tests feature a proprietary scoring algorithm to help readers determine their level of proficiency in each domain.
