Perspectives on American Book History Jun 13 2022 CD-ROM contains: Digital image archive of books, magazines, manuscripts, technologies, and readers to accompany text.

Why You Can't Teach United States History without American Indians Mar 11 2022 A resource for all who teach and study history, this book illuminates the unmistakable centrality of American Indian history to the full sweep of American history. The nineteen essays gathered in this collaboratively produced volume, written by leading scholars in the field of Native American history, reflect the newest directions of the field and are organized to follow the chronological arc of the standard American history survey. Contributors reassess major events, themes, groups of historical actors, and approaches--social, cultural, military, and political--consistently demonstrating how Native American people, and questions of Native American sovereignty, have animated all the ways we consider the nation's past. The uniqueness of Indigenous history, as

interwoven more fully in the American story, will challenge students to think in new ways about larger themes in U.S. history, such as settlement and colonization, economic and political power, citizenship and movements for equality, and the fundamental question of what it means to be an American. Contributors are Chris Andersen, Juliana Barr, David R. M. Beck, Jacob Betz, Paul T. Conrad, Mikal Brotnov Eckstrom, Margaret D. Jacobs, Adam Jortner, Rosalyn R. LaPier, John J. Laukaitis, K. Tsianina Lomawaima, Robert J. Miller, Mindy J. Morgan, Andrew Needham, Jean M. O'Brien, Jeffrey Ostler, Sarah M. S. Pearsall, James D. Rice, Phillip H. Round, Susan Sleeper-Smith, and Scott Manning Stevens.

A People's History of the United States Dec 20 2022 A classic since its original landmark publication in 1980, Howard Zinn's *A People's History of the United States* is the first scholarly work to tell America's story from the bottom up—from the point of view of, and in the words of, America's women, factory workers, African Americans, Native Americans, working poor, and immigrant laborers. From Columbus to the Revolution to slavery and the Civil War—from World War II to the election of George W. Bush and the "War on Terror"—*A People's History of the United States* is an important and necessary contribution to a

complete and balanced understanding of American history.

The Americans, the History of a People and a Nation Jan 01 2024

American Enterprise Feb 07 2022 What does it mean to be an American? What are American ideas and values? *American Enterprise*, the companion book to a major exhibition at the Smithsonian's National Museum of American History, aims to answer these questions about the American experience through an exploration of its economic and commercial history. It argues that by looking at the intersection of capitalism and democracy, we can see where we as a nation have come from and where we might be going in the future. Richly illustrated with images of objects from the museum's collections, *American Enterprise* includes a 1794 dollar coin, Alexander Graham Bell's 1876 telephone, a brass cash register from Marshall Fields, Sam Walton's cap, and many other goods and services that have shaped American culture. Historical and contemporary advertisements are also featured, emphasizing the evolution of the relationship between producers and consumers over time.

Interspersed in the historical narrative are essays from today's industry leaders—including Sheila Bair, Adam Davidson, Bill Ford, Sally Greenberg, Fisk Johnson, Hank Paulson, Richard

Trumka, and Pat Woertz—that pose provocative questions about the state of contemporary American business and society. American Enterprise is a multi-faceted survey of the nation's business heritage and corresponding social effects that is fundamental to an understanding of the lives of the American people, the history of the United States, and the nation's role in global affairs.

The Broken Heart of America Mar 30 2021 A searing portrait of the racial dynamics that lie inescapably at the heart of our nation, told through the turbulent history of the city of St. Louis. From Lewis and Clark's 1804 expedition to the 2014 uprising in Ferguson, American history has been made in St. Louis. And as Walter Johnson shows in this searing book, the city exemplifies how imperialism, racism, and capitalism have persistently entwined to corrupt the nation's past. St. Louis was a staging post for Indian removal and imperial expansion, and its wealth grew on the backs of its poor black residents, from slavery through redlining and urban renewal. But it was once also America's most radical city, home to anti-capitalist immigrants, the Civil War's first general emancipation, and the nation's first general strike—a legacy of resistance that endures. A blistering history of a city's rise and decline, The Broken Heart

of America will forever change how we think about the United States.

The American People Aug 04 2021 Seven years War - Abolitionism & women's rights - The West - Civil war - Suffrage for women - Slavery - Exploring the west - Quakers - Early settlements and exploration - American people before Columbus.

Speaking American Nov 06 2021 Investigates the history and continuing evolution of American English, from the 16th century to the present, to celebrate the endless variety and remarkable inventiveness that have always been at the heart of our language. By the author of Images of English: A Cultural History of the Language.

Teaching What Really Happened May 01 2021 "Should be in the hands of every history teacher in the country."— Howard Zinn James Loewen has revised Teaching What Really Happened, the bestselling, go-to resource for social studies and history teachers wishing to break away from standard textbook retellings of the past. In addition to updating the scholarship and anecdotes throughout, the second edition features a timely new chapter entitled "Truth" that addresses how traditional and social media can distort current events and the historical record. Helping students understand what really

happened in the past will empower them to use history as a tool to argue for better policies in the present. Our society needs engaged citizens now more than ever, and this book offers teachers concrete ideas for getting students excited about history while also teaching them to read critically. It will specifically help teachers and students tackle important content areas, including Eurocentrism, the American Indian experience, and slavery. Book Features: An up-to-date assessment of the potential and pitfalls of U.S. and world history education. Information to help teachers expect, and get, good performance from students of all racial, ethnic, and socioeconomic backgrounds. Strategies for incorporating project-oriented self-learning, having students conduct online historical research, and teaching historiography. Ideas from teachers across the country who are empowering students by teaching what really happened. Specific chapters dedicated to five content topics usually taught poorly in today's schools.

*A History of the Book in America Jun 25 2023
Volume 3 of A History of the Book in America narrates the emergence of a national book trade in the nineteenth century, as changes in manufacturing, distribution, and publishing conditioned, and were conditioned by, the*

evolving practices of authors and readers. Chapters trace the ascent of the "industrial book--a manufactured product arising from the gradual adoption of new printing, binding, and illustration technologies and encompassing the profusion of nineteenth-century printed materials--which relied on nationwide networks of financing, transportation, and communication. In tandem with increasing educational opportunities and rising literacy rates, the industrial book encouraged new sites of reading; gave voice to diverse communities of interest through periodicals, broadsides, pamphlets, and other printed forms; and played a vital role in the development of American culture. The Americans: The Democratic Experience Dec 08 2021 Winner of the Pulitzer Prize. A study of the last 100 years of American history.

A People's History of the United States Sep 16 2022 Since its original landmark publication in 1980, *A People's History of the United States* has been chronicling American history from the bottom up, throwing out the official version of history taught in schools -- with its emphasis on great men in high places -- to focus on the street, the home, and the workplace. Known for its lively, clear prose as well as its scholarly research, *A People's History* is the only volume to tell America's story from the point of view of -- and in the words of -- America's women, factory workers, African-Americans, Native Americans, the working poor, and immigrant laborers. As historian Howard Zinn shows, many of our country's greatest battles -- the fights for a fair wage, an eight-hour workday, child-labor laws, health and safety standards,

universal suffrage, women's rights, racial equality -- were carried out at the grassroots level, against bloody resistance. Covering Christopher Columbus's arrival through President Clinton's first term, *A People's History of the United States*, which was nominated for the American Book Award in 1981, features insightful analysis of the most important events in our history. Revised, updated, and featuring a new afterword by the author, this special twentieth anniversary edition continues Zinn's important contribution to a complete and balanced understanding of American history.

The Americans Nov 30 2023 American history text includes features designed to develop students' geographical literacy and critical thinking skills as well as historical literacy. Secondary level.

The American Past Jul 03 2021 This is Volume II (Since 1865) of *THE AMERICAN PAST: A SURVEY OF AMERICAN HISTORY*, Seventh Edition. Now in its Seventh Edition, Conlin's introductory American history text continues to offer a colorful and engaging look at the individuals, events, and ideas that have shaped our nation's past. Accessible and lively, it emphasizes political history, yet provides balanced coverage of social, cultural, economic, intellectual, constitutional,

diplomatic, and military events. Consistent scholarship and a unique organization make this book comprehensive and manageable, while new chronologies offer students quick reference and easy review of the major events and movements covered in each chapter. The text benefits from Conlin's literary narrative, which lends a unifying voice that captures and holds students' interest. *THE AMERICAN PAST: A SURVEY OF AMERICAN HISTORY, SEVENTH EDITION* is available in the following split options: *THE AMERICAN PAST: A SURVEY OF AMERICAN HISTORY, Comprehensive, Seventh Edition (Chapters 1-51)*, ISBN: 0534621368; *THE AMERICAN PAST, VOLUME I: TO 1877, Seventh Edition (Chapters 1-25)*, ISBN: 0534621376; *THE AMERICAN PAST, VOLUME II: SINCE 1865, Seventh Edition (Chapters 25-51)*, ISBN: 0534621384.

A First Book of American History Feb 02 2024 Continuing the biographical approach to teaching history found in his *Stories of Great Americans for Little Americans*, Eggleston draws a more in-depth picture of the development of the United States using the stories of the living and breathing Americans who made it all happen.

History of the Book in America: Volume 2: An Extensive Republic: Print, Culture, and Society in the New Nation, 1790-1840*

That's Not in My American History Book Aug 28 2023 This book tackles the messy details, reclaims disregarded heroes, and sets the record straight. It also explains why July 4th isn't really Independence Day.

*A First Book in American History Jan 21 2023
The Americans May 05 2024 A textbook of American history from the arrival of the Indians through the 1980's and the presidency of Ronald Reagan.*

The Italian-americans Jul 27 2023 This richly researched, beautifully illustrated volume

illuminates an important, overlooked part of American history. From extensive archival materials and interviews with well-known Italian Americans, Maria Laurino strips away stereotypes and nostalgia to tell the complicated, centuries-long story of the true Italian-American experience. Looking beyond the familiar Little Italys and stereotypes fostered by The Godfather and The Sopranos, Laurino reveals surprising, fascinating lives: Italian-Americans working on sugar-cane plantations in Louisiana to those who were lynched in New Orleans; the banker who helped rebuild San Francisco after the great earthquake; families interned as "enemy aliens" in World War II. From anarchist radicals to "Rosie the Riveter" to Nancy Pelosi, Andrew Cuomo, and Bill de Blasio; from traditional artisans to rebel songsters like Frank Sinatra, Dion, Madonna, and Lady Gaga, this book is both exploration and celebration of the rich legacy of Italian-American life. Readers can discover the history chronologically, chapter by chapter, or serendipitously by exploring the trove of supplemental materials. These include interviews, newspaper clippings, period documents, and photographs that bring the history to life.

Firsthand America Aug 16 2022 All

comprehensive United States survey textbooks, including this one, give full coverage to standard political, economic, diplomatic, and legal events. But these elements of history are largely the story of elites. This textbook also provides social history captured in the recognizable lives of ordinary people. Presidents, congressmen, and corporate executives are quoted throughout the book. So are soldiers, slaves, indentured servants, cowboys, working girls and women, and civil rights activists. *Firsthand America*, using more than 2,000 quotations, therefore gives due place both to the traditional leaders and to the myriad Americans never named in formal historians.

The Americans Feb 27 2021

A History of America in Ten Strikes Oct 06 2021 Recommended by *The Nation*, the *New Republic*, *Current Affairs*, *Bustle*, *In These Times* An “entertaining, tough-minded, and strenuously argued” (*The Nation*) account of ten moments when workers fought to change the balance of power in America “A brilliantly recounted American history through the prism of major labor struggles, with critically important lessons for those who seek a better future for working people and the world.”
—Noam Chomsky Powerful and accessible, *A History of America in Ten Strikes* challenges

all of our contemporary assumptions around labor, unions, and American workers. In this brilliant book, labor historian Erik Loomis recounts ten critical workers' strikes in American labor history that everyone needs to know about (and then provides an annotated list of the 150 most important moments in American labor history in the appendix). From the Lowell Mill Girls strike in the 1830s to Justice for Janitors in 1990, these labor uprisings do not just reflect the times in which they occurred, but speak directly to the present moment. For example, we often think that Lincoln ended slavery by proclaiming the slaves emancipated, but Loomis shows that they freed themselves during the Civil War by simply withdrawing their labor. He shows how the hopes and aspirations of a generation were made into demands at a GM plant in Lordstown in 1972. And he takes us to the forests of the Pacific Northwest in the early nineteenth century where the radical organizers known as the Wobblies made their biggest inroads against the power of bosses. But there were also moments when the movement was crushed by corporations and the government; Loomis helps us understand the present perilous condition of American workers and draws lessons from both the victories and defeats of the past. In crystalline narratives, labor historian Erik

Loomis lifts the curtain on workers' struggles, giving us a fresh perspective on American history from the boots up. Strikes include: Lowell Mill Girls Strike (Massachusetts, 1830-40) Slaves on Strike (The Confederacy, 1861-65) The Eight-Hour Day Strikes (Chicago, 1886) The Anthracite Strike (Pennsylvania, 1902) The Bread and Roses Strike (Massachusetts, 1912) The Flint Sit-Down Strike (Michigan, 1937) The Oakland General Strike (California, 1946) Lordstown (Ohio, 1972) Air Traffic Controllers (1981) Justice for Janitors (Los Angeles, 1990)

A History of the Book in America Oct 30 2023 Volume 1, The Colonial Book in the Atlantic World carries the interrelated stories of publishing, writing, and reading from the beginning of the colonial period in America up to 1790. Three major themes run through the volume: the persisting connections between the book trade in the Old World and the New, evidenced in modes of intellectual and cultural exchange and the dominance of imported, chiefly English books; the gradual emergence of a competitive book trade in which newspapers were the largest form of production; and the institution of a culture of the Word, organized around an essentially theological understanding of print, authorship, and reading, complemented by other

frameworks of meaning that included the culture of republicanism

The American Way of Life Jan 26 2021 Telling the full story of the American Way of Life (or more simply the American Way) in the United States over the course of the last century reveals key insights that add to our understanding of American culture. Lawrence R. Samuel argues that since the term was popularized in the 1930s, the American Way has served as the primary guiding mythology or national ethos of the United States. More than that, however, this work shows that the American Way has represented many things to many people, making the mythology a useful device for anyone wishing to promote a particular agenda that serves his or her interests. A consumerist lifestyle supported by a system based in free enterprise has been the ideological backbone of the American Way, but the term has been attached to everything from farming to baseball to barbecue. There really is no single, identifiable American Way and never has been—it becomes clear after tracing its history—making it a kind of Zelig of belief systems. If our underlying philosophy or set of values is amorphous and nebulous, then so is our national identity and character, Samuel concludes, implying that the meaning of America is elastic and

accommodating to many interpretations. This unique thesis sets off this work from other books and helps establish it as a seminal resource within the fields of American history and American studies.

What Every American Should Know About American History Apr 11 2022 Collection of 200 important historical events that impacted American history from Leif Ericson exploring Vinland to the Cold War ends.

The Americans Oct 18 2022 A textbook of American history from the arrival of the Indians through the 1980's and the presidency of Ronald Reagan.

A Child's First Book of American History Sep 04 2021

The Industrial Book, 1840-1880 Mar 03 2024 V. 1. *The colonial book in the Atlantic world:* This book carries the interrelated stories of publishing, writing, and reading from the beginning of the colonial period in America up to 1790. v. 2 *An Extensive Republic:* This volume documents the development of a distinctive culture of print in the new American republic. v. 3. *The industrial book 1840-1880:* This volume covers the creation, distribution, and uses of print and books in the mid-nineteenth century, when a truly national book trade emerged. v. 4. *Print in Motion:* In a period characterized by expanding

markets, national consolidation, and social upheaval, print culture picked up momentum as the nineteenth century turned into the twentieth. v. 5. *The Enduring Book*: This volume addresses the economic, social, and cultural shifts affecting print culture from World War II to the present.

Native Americans in History Jul 15 2022
Celebrate the powerful stories of influential Native Americans—for kids ages 8 to 12 From every background and tribal nation, native people are a vital part of history. This collection of Native American stories for kids explores 15 Native Americans and some of the incredible things they achieved. Kids will explore the ways each of these people used their talents and beliefs to stand up for what's right and stay true to themselves and their community. Becoming a leader—Learn how Sitting Bull led with spiritual guidance and a strong will, and how Tecumseh inspired warriors to protect their communities from white American hostility. Staying strong—Discover athletes like Maria Tallchief, who broke barriers in ballet, and Jim Thorpe, who showed the world that a native man could win Olympic gold. Fighting for change—Find out how Deb Haaland and Suzan Harjo use their activism to raise awareness about Native American issues today. Go beyond other books

on Native American history for kids with a closer look at notable native people who helped change the world.

The Americans: The National Experience Apr 04 2024 This second volume in "The Americans" trilogy deals with the crucial period of American history from the Revolution to the Civil War. Here we meet the people who shaped, and were shaped by, the American experience—the versatile New Englanders, the Transients and the Boosters. Winner of the Francis Parkman Prize.

A First Book in American History Jan 09 2022 Trieste Publishing has a massive catalogue of classic book titles. Our aim is to provide readers with the highest quality reproductions of fiction and non-fiction literature that has stood the test of time. The many thousands of books in our collection have been sourced from libraries and private collections around the world. The titles that Trieste Publishing has chosen to be part of the collection have been scanned to simulate the original. Our readers see the books the same way that their first readers did decades or a hundred or more years ago. Books from that period are often spoiled by imperfections that did not exist in the original. Imperfections could be in the form of blurred text, photographs, or missing pages. It is highly unlikely that this would

occur with one of our books. Our extensive quality control ensures that the readers of Trieste Publishing's books will be delighted with their purchase. Our staff has thoroughly reviewed every page of all the books in the collection, repairing, or if necessary, rejecting titles that are not of the highest quality. This process ensures that the reader of one of Trieste Publishing's titles receives a volume that faithfully reproduces the original, and to the maximum degree possible, gives them the experience of owning the original work. We pride ourselves on not only creating a pathway to an extensive reservoir of books of the finest quality, but also providing value to every one of our readers. Generally, Trieste books are purchased singly - on demand, however they may also be purchased in bulk. Readers interested in bulk purchases are invited to contact us directly to enquire about our tailored bulk rates.

The Americans May 13 2022 Explores the story of United States history, weaving the reflections of people who experienced history firsthand throughout the narrative. Thought-provoking lessons make history human and relevant to students' everyday lives, helping them to realize the richness of our nation's history. Identifies themes in geography and technology that influenced American history,

Ordinary Americans May 25 2023 A collection of first-person accounts by average Americans detailing the first 500 years of U.S. history. Multicultural perspectives are emphasized.

The Irish Americans Mar 23 2023 Follows the Irish from their first arrival in the American colonies through the bleak days of the potato famine, the decades of ethnic prejudice and nativist discrimination, the rise of Irish political power, and on to the historic moment when John F. Kennedy was elected to the highest office in the land.

A First Book in American History Apr 23 2023
These Truths: A History of the United States Jun 01 2021 “Nothing short of a masterpiece.”
—NPR Books A New York Times Bestseller and a Washington Post Notable Book of the Year In the most ambitious one-volume American history in decades, award-winning historian Jill Lepore offers a magisterial account of the origins and rise of a divided nation. Widely hailed for its “sweeping, sobering account of the American past” (New York Times Book Review), Jill Lepore’s one-volume history of America places truth itself—a devotion to facts, proof, and evidence—at the center of the nation’s history. The American experiment rests on three ideas—“these truths,” Jefferson called them—political equality, natural rights, and the sovereignty of the people. But

has the nation, and democracy itself, delivered on that promise? *These Truths* tells this uniquely American story, beginning in 1492, asking whether the course of events over more than five centuries has proven the nation's truths, or belied them. To answer that question, Lepore wrestles with the state of American politics, the legacy of slavery, the persistence of inequality, and the nature of technological change. "A nation born in contradiction... will fight, forever, over the meaning of its history," Lepore writes, but engaging in that struggle by studying the past is part of the work of citizenship. With *These Truths*, Lepore has produced a book that will shape our view of American history for decades to come.

A History of the American People Sep 28 2023
"As majestic in its scope as the country it celebrates. [Johnson's] theme is the men and women, prominent and unknown, whose energy, vision, courage and confidence shaped a great nation. It is a compelling antidote to those who regard the future with pessimism."— Henry A. Kissinger
Paul Johnson's prize-winning classic, *A History of the American People*, is an in-depth portrait of the American people covering every aspect of U.S. history—from politics to the arts. "The creation of the United States of America is the greatest of

all human adventures," begins Paul Johnson's remarkable work. "No other national story holds such tremendous lessons, for the American people themselves and for the rest of mankind." In *A History of the American People*, historian Johnson presents an in-depth portrait of American history from the first colonial settlements to the Clinton administration. This is the story of the men and women who shaped and led the nation and the ordinary people who collectively created its unique character. Littered with letters, diaries, and recorded conversations, it details the origins of their struggles for independence and nationhood, their heroic efforts and sacrifices to deal with the 'organic sin' of slavery and the preservation of the Union to its explosive economic growth and emergence as a world power. Johnson discusses contemporary topics such as the politics of racism, education, the power of the press, political correctness, the growth of litigation, and the influence of women throughout history. Sometimes controversial and always provocative, *A History of the American People* is one author's challenging and unique interpretation of American history. Johnson's views of individuals, events, themes, and issues are original, critical, and in the end admiring, for he is, above all, a

strong believer in the history and the destiny of the American people.

America for Americans Jun 06 2024 This definitive history of American xenophobia is "essential reading for anyone who wants to build a more inclusive society" (Ibram X. Kendi, New York Times–bestselling author of How to Be an Antiracist). The United States is known as a nation of immigrants. But it is also a nation of xenophobia. In America for Americans, Erika Lee shows that an irrational fear, hatred, and hostility toward immigrants has been a defining feature of our nation from the colonial era to the Trump era. Benjamin Franklin ridiculed Germans for their "strange and foreign ways." Americans' anxiety over Irish Catholics turned xenophobia into a national political movement. Chinese immigrants were excluded, Japanese incarcerated, and Mexicans deported. Today, Americans fear Muslims, Latinos, and the so-called browning of America. Forcing us to confront this history, Lee explains how xenophobia works, why it has endured, and how it threatens America. Now updated with an epilogue reflecting on how the coronavirus pandemic turbocharged xenophobia, America for Americans is an urgent spur to action for any concerned citizen.
