**Naked in Death** J. D. Robb,1995-07-01 THE FIRST NOVEL IN J D ROBB S 1 NEW YORK TIMES BESTSELLING IN DEATH SERIES In the year 2058 technology completely rules the world But for New York City Detective Eve Dallas one irresistible impulse still rules the heart passion

Eve Dallas is a New York police lieutenant hunting for a ruthless killer. In over ten years on the force she's seen it all and knows her survival depends on her instincts. And she's going against every warning telling her not to get involved with Roarke, an Irish billionaire and a suspect in Eve's murder investigation. But passion and seduction have rules of their own and it's up to Eve to take a chance in the arms of a man she knows nothing about except the addictive hunger of needing his touch.

The Never Paradox T. Ellery Hodges, 2017-04-07 If you lost a piece of your memory. Would you trust yourself to have made the right choices. In the moments you can't remember. The Ferox assault has been escalating, drawing Jonathan into combat more and more frequently. With each passing day he's grown stronger. He can't be certain, but his attackers seem to be getting more dangerous, and of course Heyer is gone again. Then came the glitch. Unexpectedly pulled from battle, Jonathan finds he cannot recall the final moments of his last confrontation. Convinced that his memory loss was no accident, he must uncover the truth. His only leads are a less-than-helpful artificial alien intelligence and Rylee, a mysterious and possibly crazy woman who seems to think they share a history he doesn't remember. With no means to contact the only being who can give him answers and knowing he has gaps in his memory, Jonathan must make every move uncertain of the consequences. The blond man better show up soon, because events hidden in Jonathan's lost memories may trigger a war humanity isn't ready to fight.

The Never Paradox is book two in The Chronicles of Jonathan Tibbs, readers who have not yet completed book one, The Never Hero, will have difficulty following. Parental Warning: This series attempts to keep swearing to a minimum. However, the sequel has one unavoidable usage of the F word. This is due to its presence in a direct quote taken from another piece of fiction.

*Teasing Danger* Autumn Dawn, 2003-02-01 In this enticingly erotic romance, Jasmine finds herself trapped in a world not her own by men who are as dangerous as they are exciting.

**Scarlett Undercover** Jennifer Latham, 2015-05-19 Meet Scarlett, a smart, sarcastic fifteen-year-old ready to take on crime in her hometown. When Scarlett agrees to investigate a local boy's suicide, she figures she's in for an easy case and a quick buck. But it doesn't take long for suicide to start looking a lot like murder. As Scarlett finds herself deep in a world of cults, curses, and the seemingly supernatural, she discovers that her own family secrets may have more to do with the situation than she thinks, and that cracking the case could lead to solving her father's murder. Jennifer Latham delivers a compelling story and a character to remember in this one-of-a-kind debut novel.

**Woman's Inhumanity to Woman** Phyllis Chesler, 2009-05-01 Drawing on the most important studies in psychology, human aggression, anthropology, and primatology, and on hundreds of original interviews conducted over a period of more than 20 years, this groundbreaking treatise urges women to look within and to consider other women realistically, ethically, and kindly, and to forge bold and compassionate alliances. Without this necessary next step, women will never be liberated. Detailing how women's aggression may not take the same form as men's, this investigation reveals through myths, plays, memoir, theories of revolutionary liberation movements, evolution, psychoanalysis, and childhood development that girls and women are indeed aggressive, often indirectly and mainly toward one another. This

fascinating work concludes by showing that women depend upon one another for emotional intimacy and bonding and exclusionary and sexist behavior enforces female conformity and discourages independence and psychological growth
