POLICE TRAUMA John M. Violanti,Douglas Paton,1999-01-01 The police fight a different kind of war and the enemy is the police officer s own civilian population those who engage in crime social indignity and inhumane treatment of others The result for the police officer is both physical and psychological battering occasionally culminating in the officer sacrificing his or her life to protect others This book focuses on the psychological impact of police civilian combat During a police career the men and women of police agencies are exposed to distressing events that go far beyond the experience of the ordinary citizen and there is an increased need today to help police officers deal with these traumatic experiences As police work becomes increasingly complex this need will grow Mental health and other professionals need to be made aware of the conditions and precipitants of trauma stress among the police The goal of this book is to provide that important information The book s perspective is based on the idea that trauma stress is a product of complex interaction of person place situation support mechanisms and interventions To effectively communicate this to the reader new conceptual and methodological considerations essays on special groups in policing and innovative ideas on recovery and treatment of trauma are presented This information can be used to prevent or minimize trauma stress and to help in establishing improved support and therapeutic measures for police officers Contributions in the book are from professionals who work with police officers and in some cases those who are or have been police officers to provide the reader with different perspectives Chapters are grouped into three sections conceptual and methodological issues special police groups and recovery and treatment The book concludes with a discussion of issues and identifies future directions for conceptualization assessment intervention and effective treatment of psychological trauma in policing

Force Under Pressure Lawrence N. Blum, 2001-08 In *Force Under Pressure* Dr Lawrence Blum who has devoted his life's work to the survival and wellness of those who serve describes the sources of danger injuries and victory to police officers in a down to earth readable style Blum argues that there are missing ingredients in the training and socialization of police officers These ingredients include techniques and tools to condition the officer's decision making and concentration during conditions of emergency internal controls necessary to maintain the will to survive and aids that will prevent officers being defeated by any threat Distressing and or disturbing physical and psychological reactions are common in a police officer's workday and the officer must be prepared for them Blum's work has uncovered many of the causes of compromise to officer safety and wellness and he contends that police officers will be well prepared to cope with unanticipated or rapidly changing encounters if they possess the right tools and the know how to command and control field encounters and life's pressures Here Blum provides practical tools for survival in law enforcement by combining his clinical knowledge with true stories of police officers for an attention grabbing and informative book
