This unique resource provides specialized techniques for use on black hair and skin. Key features include: Milady's Skin Care and Cosmetic Ingredients Dictionary, third edition, is a multi-purpose resource for cosmetic professionals and consumers alike. Part one puts cosmetics in the context of skin care. It provides an overview of skin physiology. In order to understand how and why a product works it is essential to understand how the skin works. It gives an overview of the complexity of cosmetic chemistry particularly with respect to product penetration, and highlights the current challenges facing cosmetic formulators. In addition, it offers comprehensive discussion of the various skin types and conditions in order to help professionals in their product selection. Lastly, it defines common cosmetic industry terminology used by cosmetic manufacturers, professional estheticians, marketers and the media. The second part is dedicated to helping cosmetic users identify the function and purpose of specific ingredients. It is an alphabetical dictionary that lists and describes not only active principles but all other categories of ingredients that comprise a skin care cosmetic. As scientific knowledge of skin physiology and cosmetic chemistry advances, so do cosmetic products. This volume puts everything in context in an easy to read, easy to understand, user-friendly format. Lasers and Light Therapy is the first of its kind, offering a unique approach into the science and technology of laser and light systems. The reader will be exposed to all aspects of this specialized field whether one is working in a medical spa, day spa, or medical clinic. This book is designed to address areas of hair removal and facial / body rejuvenation from a beginning conceptual level into practical hands-on application. Detailed information of treatment protocols is explored starting with the initial consultation and skin care, to the selection of the appropriate cosmetic device, to the delivery of the laser/light technology. The management of the client's goals and maximization of each treatment's outcome is also emphasized for the reader. As one gains knowledge of this exciting new specialty, the selection and acquisition of the appropriate cosmetic device is also thoroughly examined. Business management and marketing strategies are provided to guide the reader into creating an exciting, revenue generating opportunity. The Practical Workbook helps students to master the techniques, procedures, and product usage needed for licensure as covered in the textbook. Using fill-in-the-blank, matching, multiple-choice, and labeling exercises, students will benefit from the reinforcement of practical applications. Tests that emphasize essential facts and word reviews for each chapter are also included and reflect the extensive revision of the textbook.
