First published in 1961, Forrest E. Baird's revision of *Philosophic Classics* continues the tradition of providing generations of students with high quality course material. Using the complete works, or where appropriate, complete sections of works, this anthology allows philosophers to speak directly to students. Esteemed for providing the best available translations, *Philosophic Classics: From Plato to Derrida*, features complete works or complete sections of the most important works by the major thinkers, as well as shorter samples from transitional thinkers. This popular choice for introductory philosophy courses again offers primary source readings woven into a text that is organized by key questions in philosophy. The discussion of each question is presented in a logical and historical light, showing connections, roots and influences. The clarity of the presentation and the successful student pedagogical aids provide an accessible, guided introduction to philosophy for college students. Aims to immerse students in powerful ideas that make them not just read about, but actually participate in, the philosophical thinking that can change the way they look at their lives and the world around them. This anthology features 85 readings that intend to challenge students' thinking about God, freedom, reality, nothingness, and death. *Towards a Philosophy of Education* is the sixth volume of Charlotte Mason's six part homeschooling series, a series that is considered one of the finest ever written on education. *Towards a Philosophy of Education* gives the best overview of Mason's teaching philosophy. Written years after she was able to see her teaching methods in action she is able to give further examples and directions. Mason's method of education shows its strength through its widespread use today by private schools and homeschooling families. It is flexible and includes first-hand exposure to ideas through books in art, music, and poetry, nature observation as the primary means of early science teaching, use of manipulatives and real-life application to understand mathematical concepts and learning to reason, rather than rote memorization, and an emphasis on character and on cultivating and maintaining good personal habits. The complete collection of Charlotte Mason's Original Homeschooling Series includes: Volume 1 - Home Education Volume 2 - Parents and Children Volume 3 - School Education Volume 4 - Ourselves Volume 5 - Formation Of Character Volume 6 - Towards A Philosophy of Education For over fifty years Steven M. Cahn has been a prolific contributor to discussions of philosophical and educational issues. In this volume he has chosen his favorite articles from the 1960s to the present, reflecting his long-standing interests in the concept of free will, the rationality of religious belief, the insights of John Dewey, the affirmative action debate, the aims of higher education, and the nature of living well. Also included are several philosophical puzzles. Professor Cahn is a noted teacher and lecturer, and these essays reflect his skills at explaining complex ideas with clarity and defending challenging positions with cogency. His work demonstrates how philosophical inquiry can be both engaging and enlightening. Distilled from Donald Palmer's more than 30 years of teaching experiences, this approachable text, historically organized text exemplifies Dr. Palmer's very successful light-hearted approach to teaching introduction to philosophy. Through the use of humor, drawings, charts, and diagrams, serious philosophical topics come alive for the readers--without compromising the seriousness of the subject matter. The text can be used as a core text or as a supplement to any reader. An important new book that addresses central themes in Being and Nothingness, and compares some of Sartre's views to those of his leading contemporary from the analytic school, P.F. Strawson. **ALERT:** Before you purchase, check with your instructor or review your course syllabus to ensure that you select the correct ISBN. Several versions of Pearson's MyLab & Mastering products exist for each title, including customized versions for individual schools, and registrations are not transferable. In addition, you may need a CourseID, provided by your instructor, to register for and use Pearson's MyLab & Mastering products. Packages Access codes for Pearson's MyLab & Mastering products may not be included when purchasing or renting from companies other than Pearson; check with the seller before completing your purchase. Used or rental books If you rent or purchase a used book with an access code, the access code may have been redeemed previously and you may have to purchase a new access code. Access codes Access codes that are purchased from sellers other than Pearson carry a higher risk of being either the wrong ISBN or a previously redeemed code. Check with the seller prior to purchase. -- Applying philosophy to everyday life. *Core Questions in Philosophy* emphasizes the idea that philosophy is a subject devoted to evaluating arguments and constructing theories. Presented in an engaging lecture-style format, this text/reader focuses on the basic issues and ideas in philosophy with lectures/discussions, supported by readings from historically important sources. Discussions emphasize the logic of philosophical arguments and how they relate to the content of modern physical and social sciences. *Teaching & Learning Experience* The teaching and learning experience with this program helps to: Improve Critical Thinking - Review questions at the end of each chapter allow students to review what they've just learned and think critically about related problems. Engage Students - Following a lecture format, the text portion is written in an engaging conversational tone. Explore Theory - Emphasis on evaluating arguments and constructing theories. Support Instructors - An instructor's manual, test bank, MyTest Test Bank, and PowerPoint presentation provide more teaching resources. The fifth edition of Michael L. Morgan's *Classics of Moral and Political Theory* broadens the scope and increases the versatility of this landmark anthology by offering new selections from Aristotle's *Politics*, Aquinas' *Disputed Questions on Virtue* and *Treatise on Law*, as well as the entirety of Locke's *Letter Concerning Toleration*, Kant's *To Perpetual Peace*, and Nietzsche's *On the Advantage and Disadvantage of History for Life*. "*Exploring Philosophy: An Introductory Anthology* is the most accessible yet still comprehensive topically organized introduction to philosophy. Steven Cahn has carefully selected extraordinarily clear, recent essays by noted philosophers and has supplemented these with influential historical sources. Most importantly, the articles have been carefully edited to focus on their core content and arguments, making them understandable to students studying philosophy for the first time. The topics are drawn from across the major fields of philosophy and include knowledge and skepticism, mind and body, freedom and determinism, the existence of God, the problem of evil, ethical reasoning, abortion, euthanasia, world hunger, democracy, capital punishment, and affirmative action. The readings are enhanced by concise introductions, explanatory notes, and suggestions for further reading. In the 5th edition Cahn greatly increased the number of readings by women, and this feature was very positively received by instructors. This edition has become the 2nd or 3rd best-selling reader for the intro course, after our own #1 reader by Perry. The 6th edition will be revised in light of the reviews"-- *TWENTY QUESTIONS*, one of the best selling introduction to philosophy anthologies available today, presents a proven, well-acclaimed forum for introducing students to the rich variety of philosophical reflection. Animated by some of philosophy's more concrete questions--questions that students are likely to have pondered long before signing up for their first philosophy classes--*TWENTY QUESTIONS* fosters the creative exploration of many renowned classical and contemporary thinkers' responses to the very same questions. This best-selling text continues to fill an existing gap in the literature taught in applied ethics courses. As a growing number of courses that include the perspectives of diverse cultures are being added to the university curriculum, texts are needed that

represent more multicultural and diverse histories and backgrounds. This new edition enhances gender coverage, as nearly half of the pieces are now authored by women. The new edition also increases the percentage of pieces written by those who come from a non-Western background. It offers twelve up-to-date articles (not found in previous editions) on human rights, environmental ethics, poverty, war and violence, gender, race, euthanasia, and abortion; all of these topics are addressed from Western and non-Western perspectives. "Those who begin the study of philosophy may easily become discouraged. Many classic texts are daunting in their complexity, and much contemporary writing is intended primarily for a professional audience. A few prominent philosophers of our day write in a style understandable by all, but nonspecialists are often left unaware of this work. They may never realize that serious discussion of central problems of philosophy can proceed without arcane terminology, unexplained references, or convoluted arguments. The guiding principle of this book is that reading clear, concise essays by recent philosophers offers an inviting avenue to understanding philosophical inquiry. While some of the articles are reprinted in their entirety, many are shortened to sharpen their focus and enhance their accessibility. For readers who wish to understand the development of philosophy over the centuries, I have included a substantial number of historical sources, including without abridgement Plato's Defense of Socrates, Crito, and Meno, as well as substantial segments from his Republic, Descartes' Meditations on First Philosophy, and Hume's An Enquiry Concerning Human Understanding and Dialogues Concerning Natural Religion. Most of these are identified by the name of the work from which the selection is drawn, while with regard to some of the recent essays, I have taken the liberty of developing short, descriptive titles"-- Helps students understand the nature and purpose of philosophical inquiry, by explaining what philosophical problems are, how they can be solved, and why searching for solutions is important. By acquainting students with philosophical theories and the thought experiments used to test them, this text fosters helps students become better thinkers. "Moral philosophy is the study of how one should live. This anthology is an introduction to the that great subject. The readings cover the main moral theories and present a wealth of ideas about various practical matters."-- "Those who begin the study of philosophy may easily become discouraged. Many classic texts are daunting in their complexity, and much contemporary writing is intended primarily for a professional audience. A few prominent philosophers of our day write in a style understandable by all, but nonspecialists are often left unaware of this work. They may never realize that serious discussion of central problems of philosophy can proceed without arcane terminology, unexplained references, or convoluted arguments. The guiding principle of this book is that reading clear, concise essays by recent philosophers offers an inviting avenue to understanding philosophical inquiry. While some of the articles are reprinted in their entirety, many are shortened to sharpen their focus and enhance their accessibility. For readers who wish to understand the development of philosophy over the centuries, I have included a substantial number of historical sources, including without abridgement Plato's Defense of Socrates, Crito, and Meno, as well as substantial segments from his Republic, Descartes' Meditations on First Philosophy, and Hume's An Enquiry Concerning Human Understanding and Dialogues Concerning Natural Religion. Most of these are identified by the name of the work from which the selection is drawn, while with regard to some of the recent essays, I have taken the liberty of developing short, descriptive titles"-- Philosophy Here and Now: Powerful Ideas in Everyday Life, Fourth Edition, is a topically organized hybrid text/reader that helps students understand, appreciate, and even do philosophy. The book emphasizes philosophical writing, reinforced with step by step coaching in how to write argumentative essays and supported by multiple opportunities to hone critical thinking. It shows students how philosophy applies to their own lives and brings the subject to life with engaging chapter ending literary selections, abundant illustrations, and a wealth of pedagogical features. Traces the exchange of ideas between history's key philosophers. Hesiod - Homer - Socrates - Sophists - Plato - Aristotle - Epicureans - Stoics - Skeptics - Christians - Anselm - Aquinas - Descartes - Hobbes - Locke - Berkeley - Hume - Kant - Hegel - Kierkegaard - Marx - Utilitarians - Nietzsche - Pragmatists - Heidegger - Postmodernism. Reflections on the game and getting through life's hazards and roughs. In a game where players are expected to call their own penalties and scoring the least points leads to victory, decorum takes precedence over showmanship and philosophical questions become par for the course. Few other sports are as suited for ethical and metaphysical examination as golf. It is a game defined by dichotomies—relaxing, yet frustrating, social, yet solitary—and between these extremes there is room for much philosophical inquiry. In Golf and Philosophy: Lessons from the Links, a clubhouse full of skilled contributors tee off on a range of philosophical topics within the framework of the fairway. The book's chapters are arranged in the style of an eighteen-hole golf course, with the front nine exploring ethical matters of rationality and social civility in a world of moral hazards and roughs. The back nine pries even deeper, slicing into matters of the metaphysical, including chapters on mysticism, idealism, identity, and meaning. Taken together, the collection examines the intellectual nature of this beloved pastime, considering the many nuances of a sport that requires high levels of concentration, patience, and consistency, as well as upstanding character. Golf and Philosophy celebrates the joys and complexities of the game, demonstrating that golf has much to teach both its spectators and participants about modern life. "Any volume built on the premise that if Aristotle and Plato were still here they'd likely be ardent golfers is apt to tickle a few brain cells." —Golf Magazine Written by renowned Aristotle scholar Sir David Ross, this study has long been established as one of the foremost surveys of Aristotle's life, work and philosophy. With John L. Ackrill's introduction and updated bibliography, created for the sixth edition, the book continues to serve as a standard guide, both for the student of ancient history and the general reader. Esteemed moral philosopher James Rachels here collects fifteen essays, some classic and others extensively revised, on the nature and limits of moral reasoning. Rachels argues that, rather than simply expressing societal conventions, moral philosophy can subvert received opinion and replace it with something better. Combining a concern for ethical theory with a discussion of practical moral issues such as euthanasia, the rights of animals, privacy, and affirmative action. Can Ethics Provide Answers is an excellent collection for students, scholars, and anyone concerned with the degree to which our principles can guide our policies. This volume completes a trilogy of Steven M. Cahn's shorter writings that includes The Road Traveled and Other Essays (2019) and A Philosopher's Journey (2020). Included here are his contributions to three philosophical debates: first, whether events are fated to occur; second, whether God is knowable; and third, whether morality can conflict with happiness. The book contains not only Cahn's essays but also edited versions of the writings to which he is responding, thereby putting his remarks into context and rendering them accessible to all. These pieces make clear why Professor Cahn is regarded as one of the leading philosophy teachers of his generation. Introduction to Philosophy, 6th Edition, addresses the major areas of the discipline, including epistemology, free will, ethics, political philosophy, the philosophy of religion, death and the meaning of life, and philosophical "therapy". Written in the first person for maximum engagement, the textbook provides complete coverage that is both thorough and easily accessible. Written by Dr. Ted Preston, a professor of Philosophy at Rio Hondo College, this book is a great resource for college courses and the general public. Published as a Local Source Textbook, the work is an exceptional value for today's economically-conscious students and for those wishing to learn more about this interesting field. Accessible, flexible, and affordable, The World of Philosophy: An Introductory Reader, Second Edition, presents philosophy in all its diverse array of thought and practice, offering standard Western historical and analytic materials alongside writings from Chinese, Indian, Native-American, African American, continental, and other sources. Approximately 25% of the contemporary readings are by women, including leading feminist theorists. Many articles have been edited to sharpen their focus and make them understandable to students with little or no background in philosophy. The readings are enhanced by introductions, study questions, and a glossary at the end of the book. Featuring not only essential readings from the Western canon but also selections on compelling topics like Hindu and Buddhist conceptions of the self, Confucian and Buddhist morality, world hunger, animal rights, sexism, and racism, The World of Philosophy, Second Edition, offers students a distinctive blend of traditional and non-traditional perspectives. Praised for its unique combination of accessibility and comprehensiveness, Philosophy: The Quest for Truth is one of the best-selling textbooks for the introduction to philosophy course. Now in its eighth edition, it provides an excellent selection of eighty-nine classical and contemporary readings on nineteen key problems in philosophy. This edition features eleven new selections, two new sections, boldfaced key terms, a revised appendix on "How to Read and Write Philosophy Papers," and a Time Line highlighting the philosophers included in the text. The first edition of The Morality of War was one of the most widely-read and successful books ever written on the topic. In this second edition, Brian Orend builds on the substantial strengths of the first, adding important new material on: cyber-warfare; drone attacks; the wrap-up of Iraq and Afghanistan; conflicts in Libya and Syria; and protracted struggles (like the Arab-Israeli conflict). Updated and streamlined throughout, the book offers new research tools and case studies, while keeping the winning blend of theory and history featured in the

first edition. This book remains an engaging and comprehensive examination of the ethics, and practice, of war and peace in today's world. The new edition of this introductory text presents, in an accessible way, classical and contemporary readings on topics central to and representative of all major periods of the Western philosophical tradition. The book presents 55 readings (23 of which are new to the fourth edition) on seven topics: epistemology, philosophy of religion, metaphysics, personal identity and immortality, free will and determinism, ethics, and political and social philosophy. Pedagogical features make these readings accessible and interesting to beginning students. All the introductions and biographical sketches have been revised for the fourth edition, as have the study questions and glossary. The explanatory footnotes and the stylistic modernization of texts are new to the fourth edition. An accessible and engaging introduction to philosophical inquiry, this book concentrates on topics of greatest interest to beginning students: the nature and tools of philosophy, free will, philosophy of religion, ethics, and social philosophy. The work throughout is clearly written and carefully argued. For courses in Ethics, Applied Ethics, Social and Political Ethics, and Ethics and Moral Issues. This comprehensive anthology includes classic and contemporary readings in moral theory and the most current applied ethics debates emphasizing international concerns. Includes court cases in philosophical readings, an ethical theory overview; shows relevance of traditional and contemporary writers. Anthology of readings in moral philosophy. Western Philosophy: An Anthology provides the most comprehensive and authoritative survey of the Western philosophical tradition from ancient Greece to the leading philosophers of today. Features substantial and carefully chosen excerpts from all the greats of philosophy, arranged thematically and chronologically Readings are introduced and linked together by a lucid philosophical commentary which guides the reader through the key arguments Embraces all the major subfields of philosophy: theory of knowledge and metaphysics, philosophy of mind, religion and science, moral philosophy (theoretical and applied), political theory, and aesthetics Updated edition now includes additional contemporary readings in each section Augmented by two completely new sections on logic and language, and philosophy and the meaning of life Introduction to Philosophy: Classical and Contemporary Readings, Fifth Edition, is the most comprehensive topically organized collection of classical and contemporary philosophy available. Building on the exceptionally successful tradition of previous editions, the fifth edition presents seventy substantial selections from the best and most influential works in philosophy. Revised and updated to make it more pedagogical, this edition incorporates boldfaced key terms; a guide to writing philosophy papers; and a "Logical Toolkit," which lists and explains common terminology used in philosophical reasoning. This edition also features five new readings and a separate section on existential issues. First published in 1961, Forrest E. Baird's revision of Philosophic Classics continues the tradition of providing generations of students with high quality course material. Using the complete works, or where appropriate, complete sections of works, this anthology allows philosophers to speak directly to students. Esteemed for providing the best available translations, Philosophic Classics: Ancient Philosophy, features complete works or complete sections of the most important works by the major thinkers, as well as shorter samples from transitional thinkers. With an inside view from an expert in the field, solid scholarship, and a clear and engaging writing style, Asian Philosophies invites students and professors to think along with the great thinkers of the Asian traditions. John M. Koller is a scholar and teacher who has devoted his life to understanding Asian thought and practice. He wrote this text to give students and professors access to the rich philosophical and religious ideas of both South and East Asia.
