factory But those pioneer buyers who thought themselves the first to recognize a worthy newcomer back in 1958 shouldn't take their bows too soon That year was really Act II in the tale of Peugeot In America The initial new world conquests carry much earlier datelines The lion's first invasion dates clear back to 1913 when the Peugeot name was suddenly emblazoned in American motor sports headlines by a French race driver named Jules Goux If you want a symbol for Peugeot apart from that golden lion try a family tree Both the management and the product draw their special qualities from an unbroken lineage rooted in an era that never even heard of the automobile
