*This powerful reinterpretation of United States history is remarkable not only for its scholarship and historical breadth, but also in its assertion that the success of the country depends in a large part on the unique American character, which has shaped so many historic events. In the first of a projected three-volume series, Pulitzer Prize-winning author Walter A. McDougall argues that the creation of the United States is the central event in the last four hundred years of world history. Freedom Just Around the Corner masterfully chronicles the earliest years of this nation, revealing that the genius behind the success of the United States is not based on the works and ideas of one person, but rather on the complex, irrepressible American spirit. A professor of history at the University of Pennsylvania, Walter A. McDougall is the author of many books, including the Pulitzer Prize-winning *The Heavens and the Earth and Let the Sea Make a Noise...*, *Throes of Democracy: The American Civil War Era 1829-1877*, and *Freedom Just Around the Corner: A New American History: 1585-1828*. He lives in Pennsylvania with his wife and two teenage*

children. "The chapter on the framing of the Constitution should be required reading ... Walter McDougall is a historian with a masterful grasp of his subject." — Claude Crowley, Fort Worth Star-Telegram

A fierce critique of civil religion as the taproot of America's bid for global hegemony Pulitzer Prize-winning historian Walter A. McDougall argues powerfully that a pervasive but radically changing faith that "God is on our side" has inspired U.S. foreign policy ever since 1776. The first comprehensive study of the role played by civil religion in U.S. foreign relations over the entire course of the country's history, McDougall's book explores the deeply infused religious rhetoric that has sustained and driven an otherwise secular republic through peace, war, and global interventions for more than two hundred years. From the Founding Fathers and the crusade for independence to the Monroe Doctrine, through World Wars I and II and the decades-long Cold War campaign against "godless Communism," this coruscating polemic reveals the unacknowledged but freely exercised dogmas of civil

religion that bind together a “God blessed” America, sustaining the nation in its pursuit of an ever elusive global destiny. A “fascinating” look at what students in Russia, France, Iran, and other nations are taught about America (The New York Times Book Review). This “timely and important” book (History News Network) gives us a glimpse into classrooms across the globe, where opinions about the United States are first formed. History Lessons includes selections from textbooks and teaching materials used in Russia, France, Iran, Saudi Arabia, Cuba, Canada, and others, covering such events as the American Revolution, the Cuban Missile Crisis, the Iran hostage crisis, and the Korean War—providing some alternative viewpoints on the history of the United States from the time of the Viking explorers to the post-Cold War era. By juxtaposing starkly contrasting versions of the historical events we take for granted, History Lessons affords us a sometimes hilarious, often sobering look at what the world thinks about America’s past. “A brilliant idea.” —Foreign Affairs This third edition is greatly expanded with over 600 new entries to reflect the growing number of imaginative writings about the Vietnam War. Printed in color. U.S. History is designed to meet the scope and sequence requirements of most introductory courses. The text provides a balanced approach to U.S. history, considering the people, events, and ideas that have shaped the United States from both the top down (politics, economics, diplomacy) and bottom up

(eyewitness accounts, lived experience). U.S. History covers key forces that form the American experience, with particular attention to issues of race, class, and gender. United States History (5th Edition) Student Text takes the student on a journey beginning with European contact with American Indians and ending with the inauguration of Donald Trump.
