**The Indigo Children Ten Years Later** Lee Carroll, 2009-11 the Indigo Children Oh yeah I know about them Wasn't there a movie about that They're those special kids who do psychic things and who have dark blue auras right If that's your take on the Indigos then you really need to read this book The Indigo Children aren't super psychic kids with dark blue auras In fact the Indigo moniker has nothing to do with auras or being psychic Some of these teenagers are actually the ones who are strapping on bombs and bringing guns to school so you can see that the subject here is far more profound than the sensational hype that often accompanies it This book is all about the children of our planet what really might be happening with them why they do what they do and what we can do to help them and our educators survive all this In addition the Indigos are slowly beginning to join the workforce gasp Join Lee Carroll and Jan Tober the original authors of The Indigo Children for a profound and frank discussion of this topic ten years later After all this time what do some in higher education say about these kids What do industry leaders say Humanity is evolving so you should definitely be aware of these individuals' opinions It's time to stop the circus that has been created around this subject and get down to finding out how to help these children survive in a world they don't understand or perhaps it's just you they don't understand Join the leaders of education and industry who speak out in this book for a peek into the real issues surrounding the Indigos and perhaps the future of humanity

Indigo Celebration Lee Carroll, Jan Tober, 2001-10-01 By now tens of thousands of readers have enjoyed our book The Indigo Children The book not only stirred the interest of many people throughout the world with respect to the profound change in consciousness being manifest in these special kids but it also taught parents teachers and caregivers how to interact with these very special Indigo children So what do you do with

Dosick, Ellen Dosick Kaufman, 2009-03-01 Since the 1980s people have been writing about the indigo children Today many believe that nearly 80 percent of all children born are indigos These are exceedingly creative high energy perceptive kids who often don t fit in They seem to have an awareness that is light years beyond their age and quite often they are labeled as ADD ADHD or ODD when in actuality they are in the words of the Dosicks simply children of spirit What sets this book apart from other books is that it approaches the issues facing indigos on a spiritual energetic rather than purely cognitive level and it is prescriptive teaching a specially developed set of games that can help heal indigo children both in their own bodies and in their earthly relationships Here the Dosicks name seventeen particular emotional wounds indigos hold in their bodies and give specific exercises for healing each one The games have proven enormously helpful to these often troubled kids even preteens and teenagers They celebrate the children s different ways of perception and calm their agitation The games involve some hands on healing techniques some scripted meditations and other quick and simple techniques Each game takes no more than two minutes to play and this book features 101 black and white photographs showing parents exactly how to use the practices **The Indigo Child Survival Guide** Baker Jacinto, Mama Indigo, Sim1 Indigo, 2012-09-06 What is an Indigo Child There really isn t one definitive answer In simple terms it is a person with a warrior spirit always questioning and challenging the ways of the world and has a strong sense of a higher purpose The name Indigo Child is the gateway that leads you to more answers The Indigo Child is what I like to call the system busters of our society They share a collective mission of taking down old outdated negative fear based ego dominated structures and lower conscious related systems to make room for creating a world of peace harmony and love for humanity and for future generations to come The purpose of this book is to help those seeking guidance Here are some questions to which the Indigo Children answer YES 1 Do you sometimes feel a lot wiser beyond your years 2 Do you feel alone or isolated in your beliefs 3 Do you have trouble conforming to the ways of society 4 Are you a seeker of truth 5 Do you feel out of place in today s society If you read them and you answered YES to at least one of them then this book might be the answer you ve been searching for Find yourself in a different world one that understands you and that you understand And while you re at it don t forget to LIVE LOVE LAUGH [Beyond the Indigo Children](#) P. *The Indigo Children* Beth Singler, 2017-09-18 The Indigo Child concept is a contemporary New Age redefinition of self Indigo Children are described in their primary literature as a spiritually psychically and genetically advanced generation Born from the early 1980s the Indigo Children are thought to be here to usher in a new golden age by changing the world s current social paradigm However as they are paradigm busters they also claim to find it difficult to fit into contemporary society Indigo Children recount difficult childhoods and school years and the concept has also been used by members of the community to reinterpret conditions such as Attention Deficit Hyperactive Disorder ADHD and autism Cynics however can claim that the Indigo Child concept is an example of special snowflake syndrome and parodies abound This book is the fullest introduction to the Indigo Child concept

to date Employing both on and offline ethnographic methods Beth Singler objectively considers the place of the Indigo Children in contemporary debates around religious identity self creation online participation conspiracy theories race and culture and definitions of the New Age movement
