

During my internship, I've decided to work for the [company name] of [city of company]. I have had a great experience working for this company as I glimpsed what this type of job is like. As an intern, my tasks revolve around [description of your tasks]. While my duties are far easier than employees of the company, I believe that I still put enough effort and took my work seriously.

My goal is to experience personal growth during this job. The transition from a classroom to an office job did require some adjustments, but with the training and knowledge I have, I was able to overcome all the obstacles I have faced.

The lessons I've learned during my [number of months]-month internship program have certainly helped in readying me for my future in this field. My colleagues and supervisors also helped me develop technical and personal skills that will be extremely beneficial in my career. I am extremely satisfied that I've chosen [company name] for my internship program.

Psychology Internship Reflection Paper

The School Psychology Internship Daniel S. Newman, 2019-08-09 Dr Newman has used his many years of experience working with interns and field supervisors to create this comprehensive guide to the school psychology internship The second edition of this text includes updated research and tools including a new job interview video and new templates for developing a cover letter CV and remediation plan Expanded content includes brand new chapters focused on applying for doctoral internships through the APPIC Match process and successfully transitioning from the internship into the early career Students and internship supervisors alike will find this easy to use guide helpful in alleviating anxiety around common internship concerns Emphasis is placed on the idea that the internship year is a dynamic and formative experience not a static event and that interns and supervisors both must be proactive planners coordinators and shapers of the experience Interns and supervisors will find this guide to be a critical support for planning and enacting a high quality school psychology internship

Clinical Psychology Internship for Underrepresented Students Anatasia Kim, Abigail Johal, 2021-08-16 This text introduces Taking Flight a year long clinical psychology internship program to be implemented for students of color and first generation college bound students The program offers hands on opportunities for participants to develop skills that will propel them to seek advanced degrees in mental health The book offers a comprehensive internship curriculum based on a culturally affirming mentorship framework that aims to increase interns exposure of clinical psychology build confidence in their ability and foster a sense of belonging as a means to inspire educational and career pursuits in the field Chapters cover topics such as common mental health concerns self reflections and insights research and clinical approaches capstone projects and presentations and integration of knowledge skills and self concept An appendix includes worksheets to utilize throughout the course of the program The program is designed to be operated within psychology departments in partnership with local high schools The text will guide mental health providers and school professionals to executing this program in the hopes of ensuring a more diverse and inclusive clinical psychology workforce

Guidebook for Clinical Psychology Interns Gary K. Zammit, James W. Hull, 2013-11-21 The internship is the capstone experience of professional education and training preparatory for the application of psychology in health and human services It is analagous for the practice of psychology to what the doctoral dissertation represents in the student s development as a scholar At its best the internship should be viewed as far more than simply a require ment for one s degree or licensure a rite de passage for entry into the profes sion Rather it should be regarded by students and faculty alike as a rich opportunity for personal and professional growth the opportunity to assess and even rethink one s assumptions about human behavior and psy chological problems in the context of different client populations types of problems addressed and psychological service system environments In articulating the first formal guidelines for the accreditation of grad uate training programs in clinical psychology a committee of the American Psychological Association comprised of distinguished psychologists of their day asked What are the aims of a psychological internship The committee replied to that question as follows Underlying all of its aims is the principle that the knowledge es sential to the practice of clinical psychology cannot be obtained solely from books lectures or any other devices which merely provide infor mation about people or about ways of studying them

Demystifying the School Psychology Internship Daniel S. Newman,2013-03-05 If you are a doctoral or non doctoral student about to begin your internship in school psychology you may have several questions about the process and what it will involve and you may even be facing some anxiety about it If you are a site or university supervisor preparing for the beginning of the internship year you may be looking for ways to improve the internship experience for your students or for yourself and your fellow supervisors Newman has used his many years of experience working with interns and field supervisors to create this guide to the school psychology internship process to address these common concerns He provides a comprehensive overview of the school psychology internship process from start to finish describing actions that can be taken to promote a high quality dynamic internship experience Emphasis is placed on the idea that the internship year is a dynamic and formative experience not a static event and that interns and supervisors both must be active planners coordinators and shapers of the experience Each part of the book explores a different phase of the internship from the first days through job applications and interviews Helpful and pragmatic tools are included throughout such as evaluation tools best practice guidelines and sample forms Online resources are also available to complement the book and include reproducible material from the book videos students can use to practice their interviewing skills and links to helpful resources
