Have you ever fumbled for the right words in a difficult or unique situation during hypnotherapy? Wouldn't it be priceless to have a resource that provided you with scripts and patters to solve many problems and unexpected events during hypnosis? Knowing the magic words to use will help you turn any difficulty into an opportunity to really help clients rather than give up in despair, and these pattern scripts will make you a better hypnotist. This book goes beyond just a few scripts of pattern. This book will actually teach you how to structure hypnosis suggestions, compounding them and making them effective. This is not a script book that gives you start-to-finish script/nosis scripts to read, but rather teaches you the useful pattern to incorporate into your own hypnotherapy sessions, actually helping you to create your own scripts and suggestions.

Hypnotic Scripts That Work John Cerbone, 2007-01-01. This work represents years of work in the field of clinical hypnosis. As a trained Hypnotic Professional, you will notice the use of deepening techniques, truisms, and confusion method techniques within these suggestion scripts to further deepen the hypnotic state while the client/patient is hypnotized to increase impact and long-term effectiveness. These scripts and techniques are written in the style and language of this profession. All of these original suggestions, techniques, and methods contained herein have proven effective and beneficial for the majority of clients/patients utilizing them, quite often achieving beneficial results in one or just a few sessions. For many Hypnotists utilizing this work, are finding clients/patients achieving breakthroughs quite rapidly.

Scripts & Strategies in Hypnotherapy Roger P. Allen, 2003-09-18. Scripts and Strategies in Hypnotherapy Volumes 1 and 2 have been combined to create the single most comprehensive source of scripts and strategies that can be used by hypnotherapists of all levels of experience to build a successful framework for any therapy session. It covers inductions, deepeners, and actual scripts for a wide range of problems, from nail biting to insomnia, sports performance to past life recall, pain management to resolving sexual problems. There is a particularly comprehensive section on smoking cessation. All scripts can be used as they stand or adapted for specific situations. Provides an imaginative source of scripts covering the most commonly met cases. For the newly qualified therapist, it is a useful addition, and for the more experienced, it is a source of inspiration.
