Case Studies In Veterinary Technology

Case Studies in Veterinary Technology Jody Rockett, Chani C. Christensen, 2010 From Anesthesia to Zoonoses this student workbook uses 160 case studies to cover every aspect of Veterinary Technology Exploring the Gray Zone Andrea DeSantis Kerr, Robert "Pete" Bill, Christina V. Tran, 2016-08-15 Veterinary technicians face difficult situations on a daily basis They dedicate their lives to aiding in the treatment of animals and relieving suffering serving as each patient's main advocate and caretaker The veterinary technician holds a unique role in patient care Acting as the intermediary between the veterinarian prescribing treatment and the patient they play a large part in the communication and education of clients Veterinary technicians have greatly expanded their roles and find themselves not only an integral part of veterinary practice but in research institutions animal shelters and universities as well This text explores difficult situations veterinary technicians face on a daily basis through the use of case examples and dialogue Each case scenario describes a real life situation for a veterinary technician poses thought provoking questions and provides commentary that focuses on the legal aspect of the scenario the social or personal ethics of the parties involved and or the welfare of the animal's The case scenarios encompass clinical situations in a practice setting as well as situations involving business ethics and interpersonal relationships between colleagues The case format of the book lends itself to discussion and can be utilized in veterinary technology courses that focus on ethics communications management and leadership The real life case examples make the book an enjoyable read for practicing veterinary technicians as well There currently are over two hundred veterinary technology programs and thousands of practicing veterinary technicians within the United States and Canada **A Case Study of Veterinary Technology Students' Experience of Continuing Human-Animal Bonds** Robert Eugene Gierka, 2015 *Small Animal Emergency and Critical Care* Lisa Powell, Elizabeth A. Rozanski, John E. Rush, 2011-06-15 *Small Animal Emergency and Critical Care Case Studies in Client Communication Morbidity and Mortality* provides a unique opportunity to learn from real life case examples Presented as a collection of short case studies the book examines a wide range of situations likely to arise in emergency practice The approach is modeled on the Morbidity and Mortality Conferences which were first established as a training and educational tool for medical doctors They have now been successfully adopted in veterinary medicine as a forum for case review and learning opportunities encouraging thorough review from different perspectives Each chapter presents a real case and highlights the pitfalls that both novice and experienced veterinarians can encounter A key theme of the book is on communication issues Owner perspectives are discussed as well as how communications between clinicians and owners can be optimized to allow veterinarians to better meet owner expectations The cases were provided by a variety of experienced veterinarians primarily specialists in veterinary emergency and critical care as well as other specialties general practice universities and private institutions This

highly readable book is suitable either to absorb from cover to cover or for reference to a specific case or situation It highlights a number of common clinical problems and communication issues that either did or may lead to difficulties in case management helping you to avoid these situations
