Hurry up and get YOUR book NOW? Welcome to "Master 4th grade Math". My name is Linda Brown and I will be leading you through this book. I have been teaching math and creating curriculum for over a decade. Is your 4th grade child struggling with Math? Does your child need additional tutoring when it comes to math? Are you a parent, or a teacher who struggles with teaching math for 4th grade kids? Would you like to have fun and help your child sharpen his mind and become a maths genius? If "yes" then this book is for you! Math in the 4th grade is quite challenging for many parents and students. This book is designed to make math easier for 4th grade students and parents. Who should take this math book? This book is for parents and teachers who want to better support their 4th grade math student and help them maximise their math skills. The confidence and self-esteem students will gain during and after learning this book will shine through over 230+ math activities with pictures. This book has included over 230+ activities, covering the most important math topics for 4th grade children include: subtraction, addition, multiplication and division, ordering, balancing equation, counting on and back, rounding numbers, ordering numbers, converting metric units, word problems and much more. Why you should take this math book? If your child is struggling in 4th grade math or you want to see your child get ahead, this book is for you. Students who take this book not only learn the fundamentals & advance of math, but they also gain self-esteem and confidence in the math classroom. The goal of this entire book is to improve the child's level of confidence and ability to concentrate. Once a child is focused, math becomes easier and maybe even enjoyable. Math class can be a frustrating place for many children, but it doesn't have to be that way. When a student understands the fundamentals of math, the classroom transforms from a place of stress and anger into a place full of exciting adventures. The confidence students earn from this book can be used each year as they conquer new math topics. Thank you so much for taking the time to check out my book. I know you're going to absolutely love it, and I can't wait to share my knowledge and experience with you on the inside! Why wait any longer? Don't delay any more thirds, scroll back up, click the "BUY NOW WITH 1-CLICK" button NOW and start to help your child become a maths genius TODAY!
