The Palgrave Handbook of Asian Cinema Aug 30 2021 This collection offers new approaches to theorizing Asian film in relation to the history, culture, geopolitics and economics of the continent. Bringing together original essays written by established and emerging scholars, this anthology transcends the limitations of national borders to do justice to the diverse ways in which the cinema shapes Asia geographically and imaginatively in the world today. From the revival of the Silk Road as the "belt and road" of a rising China to historical ruminations on the legacy of colonialism across the continent, the authors argue that the category of "Asian cinema" from Turkey to the edges of the Pacific continues to play a vital role in cutting-edge film research. This handbook will serve as an essential guide for committed scholars, students, and all those interested in the past, present, and possible future of Asian cinema in the 21st century.

Cinema's Doppelgängers Apr 26 2021 *Cinema's Doppelgängers* is a counterfactual history of the cinema - or, perhaps, a work of speculative fiction in the guise of a scholarly history of film and movie guide. That is, it's a history of the movies written from an alternative unfolding of historical time - a world in which neither the Bolsheviks nor the Nazis came to power, and thus a world in which Sergei Eisenstein never made movies and German filmmakers like Fritz Lang never fled to Hollywood, a world in which the talkies were invented in 1936 rather than 1927, in which the French New Wave critics didn't become filmmakers, and in which Hitchcock never came to Hollywood. The book attempts, on the one hand, to explore and expand upon the intrinsically creative nature of all historical writing; like all works of fiction, its ultimate goal is to be a work of art in and of itself. But it also aims, on the other hand, to be a legitimate examination of the relationship between the economic and political organization of nations and film industries and the resulting aesthetics of film and thus of the dominant ideas and values of film scholarship and criticism. Doug Dibbern's first book, *Hollywood Riots: Violent Crowds and Progressive Politics in American Film*, won the 2016 Peter Rollins Prize. He has published scholarly essays on classical Hollywood filmmakers, film criticism for *The Notebook* at Mubi.com, and literary essays for journals like *Chicago Quarterly Review* and *Hotel Amerika*. He has a Ph.D. in Cinema Studies from New York University, where he teaches now in the Expository Writing Program.

He traces the history of the moving image in its formative years, from Edison's and Lumière's first experiments to the dawn of 'talkies'; provides a clear guide to the basics of silent film technology; introduces the technical and creative roles involved in its production, and presents silent cinema as a performance event, rather than a passive viewing experience. This new, greatly expanded edition takes the reader on a new journey, exploring silent cinema in the broader context of technology, culture, and society, from the invention of celluloid film and its related machinery to film studios, laboratories, theatres and audiences. Among the people involved in the creation of a new art form were filmmakers, actors and writers, but also engineers, entrepreneurs, and projectionists. Their collective efforts, and the struggle to preserve their creative work by archives and museums, are interwoven in a compelling story covering three centuries of media history, from the magic lantern to the reinvention of silent cinema in digital form. French Cinema in the 1980s Nov 01 2021 French film in the 1980s might have lacked the invention of the New Wave but gritty police thrillers and nostalgic costume-dramas such as *Jean de Florette* and *Manon des Sources* brought French cinema to a wider audience than ever before. This landmark study is not merely a history of French film in the 1980s, but offers a set of critical essays on the crisis of masculinity in contemporary French culture, and its interrelationship with nostalgia. After a brief overview both of the crisis in the French film industry during the 1980s, and of the socio-political crisis of masculinity in the wake of 1970s feminism, the book is divided into three sections: the retro-nostalgic film, the Polar, or police thriller, and the comic film. Films studied in detail include *Diva*, *Subway*, *Coup de foudre*, *Vivement dimanche*, *La Vie est un long fleuve tranquille*, and *Tenue de soir e*, while the volume covers actors from Gérard Philipe, Daniel Auteuil, and Yves Montand to Isabelle Adjani, Isabelle Huppert, and Emmanuelle Béart.

Spanish Cinema Feb 14 2023 How did the Franco dictatorship and subsequent transition to democracy impact upon Spanish film-making? What is meant by *nuevo cine español* or *españolada*? How do you say "close-up" or "tracking shot" in Spanish? What sort of critical methods and tools can we apply to study Spanish cinema and what resources are available to us? This book answers these and many more questions, providing crucial information and examples of analysis normally found in separate volumes. This book will be an indispensable resource for students and teachers of Spanish cinema. Topics include: -A history of Spanish cinema from 1896 to 2003 -An overview of Film Studies Basics applied to Spanish films. -A review of key critical concepts such as auteurism, genre and stars. -A critical review of Spanish film theory. -Case studies on issues of national identity and gender in Spanish cinema. -A glossary of technical terms in English and Spanish, as well as bibliographies of both English and Spanish works.

Guide to the Cinema of Spain Jul 22 2023 This guide to Spanish film documents the film industry's interpretation of the isolating effects of the cultural traditionalism of the early twentieth century to the expanding international popularity of such films as Trueba's *Belle Époque*, Aranda's *Amantes*, and Bigas Luna's *Jamón, Jamón*, and such actors as Victoria Abril, Carmen Maura, and Antonio Banderas. This is the first volume in a new Greenwood series that discusses, historically and critically, films, directors, and actors in film industries throughout the world. Each volume will include a detailed historical introduction and will provide an in-depth treatment of the most important films and individuals involved in the industry. End-of-entry bibliographies provide sources for further reading and appendixes provide additional useful information. The Guides will be valuable to scholars, students, and film buffs. Spanish cinema is in many ways a microcosm of the tensions and conflicts that have shaped the evolution of the nation over the course of this century. Spanish film as a cultural institution is rarely divorced from the political and social currents that have shaped the larger Spanish culture torn as it was between tendencies of localism and internationalism. It languished in industrial and artistic underdevelopment for many years under Franco; it is now, however, experiencing international recognition while remaining rooted in the specificity of its own popular cultural styles.
