A Career as an Auto Mechanic Tamra B. Orr, 2010-08-15 In good times and bad there are certain careers that remain in steady and even high demand. Auto mechanics are always in high demand especially as cars become more high tech and computerized. Increasingly few car owners have the necessary expertise to work on their own cars even for routine maintenance. This book introduces readers to all the various jobs possible within the field. As well as the range of vehicles and engines mechanics can work on from lawn mowers and weed whackers to foreign sports cars, city buses, yachts and even jet fighters and rockets. Most importantly this book maps out the educational training and professional path that should be followed to get the reader to a true safe haven from economic uncertainty.
