Special Events Seungwon Lee, Joe Goldblatt, 2020-08-25 Recent years have seen dramatic changes to the events industry. The influence of social media and global communications technology, increased focus on environmental sustainability and social responsibility, and changes to the economic and cultural landscape have driven rapid expansion and increased competition. *Special Events: Creating and Sustaining a New World for Celebration* has been the event planner's essential guide for three decades, providing comprehensive coverage of the theory, concepts, and practice of event management. The new Eighth Edition continues to be the definitive guide for creating, organizing, promoting, and managing special events of all kinds. Authors Seungwon Lee and Joe Goldblatt, internationally recognized leaders and educators in the industry, guide readers through all the aspects of professional event planning with their broad understanding of diverse cultures and business sectors. This definitive resource enables current and future event leaders to stretch the boundaries of the profession and meaningfully impact individuals, organizations, and cultures around the globe. Global case studies of high-profile events, such as the PyeongChang Winter Olympic Games and Norway's Constitution Day annual event, complement discussions of contemporary issues surrounding safety, security, and risk management. Each chapter includes Ecologic Techview and/or Secureview mini case studies, a glossary of terms, plentiful charts, graphs, and illustrations, and links to additional online resources.

Petroleum Accounting Dennis Jennings, John Brady, Rich Shappard, Craig Friou, 2020-06-30 This new edition covers many significant changes impacting the petroleum industry, including important updates such as current industry practice issues from a proprietary survey conducted by the Institute of Petroleum Accounting and practical guidance on new standards of revenue recognition, joint arrangements, consolidated financial statements, and disclosure of interests in other entities, which are of critical importance to those involved or interested in the petroleum industry. New chapters covering midstream operations, master limited partnerships, and SEC considerations have been added. The updated text will also address numerous operational issues that continue to evolve with the demand for capital, inherent industry risks, and the impacts of product price fluctuation.
