[The Refugee Definition in International Law](#) Nov 14 2022 In international law, the refugee definition enshrined in Article 1A(2) of the Refugee Convention and its 1967 Protocol is central. Yet, seven decades on, the meaning of its key terms are widely seen as unclear. The Refugee Definition in International Law asks whether we must continue to accept this or whether a systematic legal analysis can shed new light on this important term. The volume addresses several framework questions concerning approaches to definition, interpretation, ordering, and the interrelationship between the definition's different elements. Each element is then analysed in turn, applying Vienna Convention of the Law of Treaties rules in systematic fashion. Each chapter evaluates the main disputes that have arisen and seeks to distil basic propositions that are widely agreed, as well as certain suggested propositions for resolving ongoing debates. In the final chapter, the basic propositions are assembled to demonstrate that in fact there is now more clarity about the definition than many think and that considerable progress has been made toward achieving a working definition.

[Commonwealth Caribbean Constitutional Law](#) May 28 2021 This book includes the reforms proposed by the various Caribbean Commissions since 1985, making it a comprehensive guide to constitutional law in the Caribbean. It outlines sources of the law and developing changes in the doctrine of sovereignty of Parliament and the Conventions of the Constitution as well as in the role of the Public Service. There is also an expanded commentary on the Caribbean judiciary in which special reference is made to the proposed Caribbean Court of Justice. Caribbean Constitutional Law will be valuable to students of law and political science and practitioners.

[Super Frank - Portrait of a Hero](#) Dec 04 2021 The King of King's Road and a vital player in England's bid for victory at the 2010 World Cup, Frank Lampard is a footballer of genuine, dynamic majesty. The East End boy who's become a West End star, he's hailed by fans, critics, players and managers worldwide as a goal-scoring genius. His tireless achievements from West Ham, Chelsea and England have established him as a bona fide legend in the game and confirmed that 'Lamps' is the perfect, highly-tuned, magnificent midfield machine. This upbeat and authoritative book chronicles his inspiring journey from apprentice schoolboy to worldwide fame. His footballer father, the former West Ham and England player Frank Lampard Senior, believed in his son's talent from the off. He taught him the work ethic learned from Bobby Moore and other heroes of England's 1966 World Cup Squad. He was unstinting in his determination for young Frank to be a winner in the family business. In this fascinating biography, acclaimed author Douglas Thompson examines Lampard's inspiring, triumphant journey to the top, from his early days of enduring chants on the pitch at Upton Park to his current, glorious reign at Stamford Bridge. He also looks at the impact of how recent events have affected the midfielder: his joy at the birth of his second daughter, Isla; his pain at the separation from Elen Rives and his grief over the death of his beloved mum, Pat, to whom he pays tribute every time he scores one of his breathtaking goals.

[AQA AS Government & Politics Student Unit Guide New Edition: Unit 2 Governing Modern Britain](#) Mar 26 2021 Written by a senior examiner, Paul Fairclough, this AQA AS Government & Politics Student Unit Guide is the essential study companion for Unit 2: Governing Modern Britain. This full-colour book includes all you need to know to prepare for your unit exam: clear guidance on the content of the unit, with topic summaries, knowledge check questions and a quick-reference index examiner's advice throughout, so you will know what to expect in the exam and will be able to demonstrate the skills required exam-style questions, with graded student responses, so you can see clearly what is required to get a better grade

[The Politics of Ontario](#) Nov 02 2021 Ontario is the most populous province in Canada and perhaps the most complex. It encompasses a range of regions, cities, and local cultures, while also claiming a long-standing pre-eminence in Canadian federalism. The second edition of The Politics of Ontario aims to understand this unique and ever-changing province. The new edition captures the growing diversity of Ontario, with new chapters on race and Ontario politics, Black Ontarians, and the relationship of Indigenous Peoples and Ontario. With contributors from across the province, the book analyses the political institutions of Ontario, key areas such as gender, Northern Ontario, the intricate Ontario political economy, and public policy challenges with the environment, labour relations, governing the GTA, and health care. Completely refreshed from the earlier edition, it emphasizes the evolution of Ontario and key public policy challenges facing the province. In doing so, The Politics of Ontario provides readers with a thorough understanding of this complicated province.

[Taiwan's Democracy](#) Aug 31 2021 Taiwan's rapid industrialization during the 1960s and 1970s, combined with the democratic revolution that began with the lifting of martial law in 1987 were of deep historic importance. Over the next decade Taiwan's "political miracle" matched its earlier "economic miracle" creating a vibrant liberal democracy complete with freedom of speech, association and assembly, rule of law, and competitive and fair multi-party elections. The continuation of these achievements and the new challenges that have surfaced are addressed in rich detail in the chapters of this volume by an international team of experts. One of the biggest such challenges is Mainland China's economic success, which has added to the complexity of Taiwan's economic and political policy options. A number of the contributors to this volume consider Taiwan's response to China's economic rise and show how Taiwanese companies have strategically taken advantage of the changing economic environment by moving up the value chain of production within Taiwan while also taking the opportunity to invest overseas. With chapters covering a wealth of topics including: Constitutional reform National identity Party politics Taiwan's development model Industrial policy Trade and investment Globalization Sustainable development Taiwan's Democracy will be of huge interest to students and scholars of Taiwan studies, Chinese politics and economics, international politics and economics, and development studies.

[Precedence with a Purpose](#) Jun 21 2023 This groundbreaking book aims to be the source on how to address international precedence. While precedence as a criterion plays a key role in all aspects of protocol, universal rules governing precedence do not exist. Several different methods exist instead as guidelines. Moreover, we can learn to alter these methods to adapt to cultural differences, circumstances, and the natural evolution of society as the judgment on specific topics shifts. We explore these issues that affect precedence and discuss what precedence effects "who goes where, seating, entering, and exiting venues and events, order of speeches, introductions, food service, toasting, photo opportunities, flag arrangements, etc." There is no other book addressing international precedence in this way, and it is a crucial criterion of protocol. This book is a how-to manual for quick and easy reference. The authors shared on-the-job personal experiences practically bring home the reality of situations, making this an engaging read. Precedence can be complicated when people from different nations, who do not necessarily view the world in the same way, are combined. We will examine some international organizations and seven countries: the French Republic, the Kingdom of Spain, the People's Republic of China, the Russian Federation, the United Arab Emirates, the United Kingdom, and the United States. Precedence was born of struggle and strife among rulers and their representatives to determine who precedes whom, sits where, speaks when, etc. That quest for order, predictability, and the preservation of civility provided the concept for this book.

[Romania at the Paris Peace Conference](#) Feb 15 2023 Romania at the Paris Peace Conference studies the diplomacy of Ioan I.C. Bratianu during World War I and in its aftermath that led to the formation of Greater Romania. The book describes the successful struggle waged by the Romanian government for recognition of the provisions of the secret treaty of 1916 and, in addition, for approval of the de facto annexation of Bessarabia, carried out in 1918 with the encouragement of the Central Powers. A substantial share of the credit for this achievement, Spector asserts, must be given to Ioan I.C. Bratianu, a skillful negotiator who answered all attempts to delineate more equitable frontiers with a rigid restatement of Romania's full claims.

Historical nuggets. Bibliotheca Americana or A descriptive account of my collection of rare books relating to America, H. Stevens (and H.N. Stevens). May 21 2023

The Quest for Constitutionalism Jan 17 2023 This volume provides a timely assessment on the progress made towards the achievement of a constitutional democracy in South Africa. The chapters collectively present an in-depth analysis of the development of the legal system and of the implications of the Constitution for the social configuration of power. To what extent has the vision of constitutionalism contained in the Constitution been realised? Primarily concerned with the impact of laws and the salience of their existence and enforcement for South Africans, the work highlights the importance of placing the constitutional regime in its historical, cultural, social, economic and political context. The book further recognises the importance of the South African constitutional provisions for transnational or globalised constitutionalism more broadly. It contains contributions from South African scholars, as well as European authors, bringing in new analytical angles and adding a specific comparative dimension. Through the prism of South Africa, the authors discuss the innovative character of constitutional and legal provisions in terms of both constitution-making and law-making processes and their contents. This book provides analysis that will be relevant to scholars, students and practitioners, specifically those interested in International Relations, Law, Sociology of Law, and African Studies, as well as socio-political comparative studies.

Return to Uluru Oct 14 2022 A killing. A hidden history. A story that goes to the heart of the nation. When Mark McKenna set out to write a history of the centre of Australia, he had no idea what he would discover. One event in 1934 – the shooting at Uluru of Aboriginal man Yokunnuna by white policeman Bill McKinnon, and subsequent Commonwealth inquiry – stood out as a mirror of racial politics in the Northern Territory at the time. But then, through speaking with the families of both killer and victim, McKenna unearthed new evidence that transformed the historical record and the meaning of the event for today. As he explains, 'Every thread of the story connected to the present in surprising ways.' In a sequence of powerful revelations, McKenna explores what truth-telling and reconciliation look like in practice. Return to Uluru brings a cold case to life. It speaks directly to the Black Lives Matter movement, but is completely Australian. Recalling Chloe Hooper's *The Tall Man*, it is superbly written, moving, and full of astonishing, unexpected twists. Ultimately it is a story of recognition and return, which goes to the very heart of the country. At the centre of it all is Uluru, the sacred site where paths fatefully converged. 'Mark McKenna has exposed the wounded heart of Australia. Never has a history of our country so assumed the power of sacred myth. Return to Uluru is a spellbinding story of death and resurrection that is Australian to its core.' —James Boyce 'Mark McKenna sets the highest standard for truth-telling of the kind that Australians so urgently need if they are to live in this country with honour. I feel sure that this book will become an Australian classic, not the first of its kind, but certainly the most powerful narrative I have read of frontier injustice and its resonance in our lives today.' —Marcia Langton
