Piñata Theory Oct 10 2022

Pocho / Mexican Whiteboy Sep 28 2021 Pocho es una historia de amistad, aceptación y la lucha por encontrar tu identidad en el mundo. Danny es alto y delgado. A pesar de no ser fuerte, sus brazos son lo suficientemente largos como para lanzar un balón de fútbol americano con tanta fuerza, que cualquier cazatalentos lo contrataría sin pensarlo dos veces. Pero Danny ni siquiera es parte de un equipo. Cada vez que se entra en el campo, es como si perdiera sus poderes. Pero eso no tiene importancia. No es como si en la escuela privada a la que va esperen mucho de él. Danny es morenito. Y crecer en San Diego, una ciudad tan cercana a la frontera, significa que todo el mundo sabe exactamente quien es, incluso antes de pronunciar una palabra. Antes de saber que Danny no habla español y que su mamá es rubia y de ojos azules, ya todos han formado una impresión de él. Incluso el mismo. De hecho, Danny está convencido de que las discrepancias entre su piel y su cultura han sido la causa de que su padre haya regresado a México. Por eso pasará el verano con la familia de su papá. Pero para encontrarse a sí mismo, primero tendrá que enfrentarse a los demonios que tanto ha evadido, y tendrá que

aceptar abrirse a una amistad jamás imagino que formaría. ENGLISH DESCRIPTION Newbery Award-winning and New York Times bestselling author Matt de la Peña's Mexican WhiteBoy is a story of friendship, acceptance, and the struggle to find your identity in a world of definitions. Danny is tall and skinny. Even though he's not built, his arms are long enough to give his pitch a power so fierce any college scout would sign him on the spot. Ninety-five mile an hour fastball, but the boy's not even on a team. Every time he gets up on the mound, he loses it. But at his private school, they don't expect much else from him. Danny is brown. Half-Mexican brown. And growing up in San Diego that close to the border means everyone else knows exactly who he is before he even opens his mouth. Before they find out he can't speak Spanish, and before they realize his mom has blond hair and blue eyes, they've got him pegged. But it works the other way too. And Danny's convinced it's his whiteness that sent his father back to Mexico. That's why he's spending the summer with his dad's family. But to find himself, he may just have to face the demons he refuses to see--the demons that are right in front of his face. And open up to a friendship he never saw coming. Matt de la Peña's critically acclaimed novel is an intimate and moving story that offers hope to those who least expect it. Race Characters Nov 30 2021 A vexed figure inhabits U.S. literature and culture: the visibly racialized immigrant who disavows minority identity and embraces the American dream. Such figures are potent and controversial, for they promise to expiate racial violence and perpetuate an exceptionalist ideal of America. Swati Rana grapples with these figures, building on studies of literary character and racial form. Rana offers a new way to view characterization through racialization that creates a fuller social reading of race. Situated in a nascent period of ethnic identification from 1900 to 1960, this book focuses on immigrant writers who do not fit neatly into a resistance-based model of ethnic literature. Writings by Paule Marshall, Ameen Rihani, Dalip Singh Saund, Jose Garcia Villa, and Jose Antonio Villarreal symbolize different aspects of the American dream, from individualism to imperialism, assimilation to upward mobility. The dynamics of characterization are also those of contestation, Rana argues. Analyzing the interrelation of persona and personhood, *Race Characters* presents an original method of comparison, revealing how the protagonist of the American dream is socially constrained and structurally driven.

Ambiguities and Tensions in English Language Teaching Jan 21 2021 The central theme of this book is the ambiguities and tensions teachers face as they attempt to position themselves in

ways that legitimize them as language teachers, and as English speakers. Focusing on three EFL teachers and their schools in the southern Mexican state of Oaxaca, it documents how ordinary practices of language educators are shaped by their social context, and examines the roles, identities, and ideologies that teachers create in order to navigate and negotiate their specific context. It is unique in bringing together several current theoretical and methodological developments in TESOL and applied linguistics: the performance of language ideologies and identities, critical TESOL pedagogy and research, and ethnographic methods in research on language learning and teaching. Balancing and blending descriptive reporting of the teachers and their contexts with a theoretical discussion which connects their local concerns and practices to broader issues in TESOL in international contexts, it allows readers to appreciate the subtle complexities that give rise to the "tensions and ambiguities" in EFL teachers' professional lives.

Guerrilla Tacos May 05 2022 The definitive word on tacos from native Angeleno Wes Avila, who draws on his Mexican heritage as well as his time in the kitchens of some of the world's best restaurants to create taco perfection. In a town overrun with taco trucks, Wes Avila's Guerrilla Tacos has managed to win almost every accolade there is, from being crowned Best Taco Truck by LA Weekly to being called one of the best things

to eat in Los Angeles by legendary food critic Jonathan Gold. Avila's approach stands out in a crowded field because it's unique: the 50 base recipes in this book are grounded in authenticity but never tied down to tradition. Wes uses ingredients like kurobata sausage and sea urchin, but his bestselling taco is made from the humble sweet potato. From basic building blocks to how to balance flavor and texture, with comic-inspired illustrations and stories throughout, *Guerrilla Tacos* is the final word on tacos from the streets of L.A.

The Translational Turn Jun 06 2022 No contemporary development underscores the transnational linkage between the United States and Spanish-language América today more than the wave of in-migration from Spanish-language countries during the 1980s and 1990s. This development, among others, has made clear what has always been true, that the United States is part of Spanish-language América. Translation and oral communication from Spanish to English have been constant phenomena since before the annexation of the Mexican Southwest in 1848. The expanding number of counter-national translations from English to Spanish of Latinx fictional narratives by mainstream presses between the 1990s and 2010 is an indication of significant

change in the relationship. *A Translational Turn* explores both the historical reality of Spanish to English translation and the “new” counter-national English to Spanish translation of Latinx narratives. More than theorizing about translation, this book underscores long-standing contact, such as code-mixing and bi-multilingualism, between the two languages in U.S. language and culture. Although some political groups in this country persist in seeing and representing this country as having a single national tongue and community, the linguistic ecology of both major cities and the suburban periphery, here and in the global world, is bilingualism and multilingualism.

Pocho (En Espanol) Mar 03 2022 Jose Antonio Villarreal illuminates here the world of "pochos," Americans whose parents come to the United States from Mexico. Set in Depression-era California, the novel focuses on Richard, a young pocho who experiences the intense conflict between loyalty to the traditions of his family's past and attraction to new ideas. Richard's struggle to achieve adulthood as a young man influenced by two worlds reveals both the uniqueness of the Mexican-American experiences and its common ties with the struggles of all Americans—whatever their past.

The novel "Pocho" by Jose Antonio Villareal published in 1959 was the first Chicano novel. It was written primarily for an Anglo-American audience in order to explain the life of a "Pocho". Villareal wrote the novel without any guideline as no one had entered this "political vacuum" before.¹ The novel "Mona in the Promised Land" by the Chinese-American writer Gish Jen published in 1996 introduces us into the multicultural life of the predominantly Jewish New York suburb of Scarshill in 1968. I will show in this term paper that despite the many differences in the two novels there also are many commonalities and parallels what life and the problems between the two protagonists and their parents concerns. I will furthermore try to present in detail that the familiar sorrow in both novels is closely connected with the complex conflict of generations within two cultures, as well as the protagonist's search for identity that results from this. In the first part I will analyze Richard's changing relationship towards his parents. In the second part I will show that also Mona despite her completely different background and environment faces similar problems which finally lead to the break up with predominantly

her mother. Furthermore I will expose that Mona and Richard share common interests and ways. A L.A. II. "Pocho"

2.1 Background to the Novel

The term "Pocho" is an expression for a Mexican who is born and raised in the United States. It is used with an abusive connotation to describe Mexican Americans in the USA. "Pochos" are often perceived by Mexicans to be badly-educated and without a proper sense of culture. Jose Antonio Villarreal's novel "Pocho" is set after the Mexican Revolution of 1910 when millions of Mexicans migrated to the USA in order to get work by the so-called first "Bracero-Program". [...]

José Antonio Villarreal and Pocho Jan 25 2024
This book blends biography, history, and literary criticism in its analysis of *Pocho* (1959), José Antonio Villarreal's evocative and semi-autobiographical novel about Richard Rubio, a

Mexican American youth raised in a pastoral community in central California where people self-identified according to race, ethnicity, or religious affiliation. Richard is the son of an Indigenous Maya mother and a Mexican, fair-skin father who fought in the 1910 Mexican Revolution as a cavalryman, placing Richard outside the town's imposed and regulated ethnic identities. In spite of his varied ancestry, his American birth, and his probing intelligence, Richard's Indigenous appearance casts him as a social outsider. Pocho was written over a nine-year period of vigorous creativity, and with Villarreal's power of recall and imagination at their prime. In writing his inaugural novel, Villarreal drew inspiration from modern narratives (paintings, novels, films), and from ancient Greek tragedy to create a Mexican American version of its classical drama ancestor. This book's critical approach to Villarreal's literary work is intelligibly written so as to be of access to a broad and all-inclusive readership and institutions, from college and university professors, public libraries, and the general reader to students of US, Mexican American, and world literatures.

The Revolt of the Cockroach People Jul 27 2021
The further adventures of "Dr. Gonzo" as he defends the "cucarachas"-- the Chicanos of East Los Angeles. One of The Atlantic's Great American Novels of the Past 100 Years Before his mysterious disappearance and probable death in 1971, Oscar Zeta Acosta was famous as a Robin Hood Chicano lawyer and notorious as the real-life model for Hunter S. Thompson's "Dr. Gonzo" a fat, pugnacious attorney with a gargantuan appetite for food, drugs, and life on the edge. In this exhilarating sequel to The Autobiography of a Brown Buffalo, Acosta takes us behind the front lines of the militant Chicano movement of the late sixties and early seventies, a movement he served both in the courtroom and on the barricades. Here are the brazen games of "chicken" Acosta played against the Anglo legal establishment; battles fought with bombs as well as writs; and a reluctant hero who faces danger

not only from the police but from the vatos locos he champions. What emerges is at once an important political document of a genuine popular uprising and a revealing, hilarious, and moving personal saga.

Reclaiming San Francisco Jan 01 2022 Reclaiming San Francisco is an anthology of fresh appraisals of the contrarian spirit of the city—a spirit "resistant to authority or control." The official story of San Francisco is one of progress, development, and growth. But there are other, unofficial, San Francisco stories, often shrouded in myth and in danger of being forgotten, and they are told here: stories of immigrants and minorities, sailors and waterfront workers, and poets, artists, and neighborhood activists—along with the stories of speculators, land-grabbers, and the land itself that need to be told differently. Contributors include historians, geographers, poets, novelists, artists, art historians, photographers, journalists, citizen activists, an architect, and an anthropologist. Passionate about the city, they want San Francisco to be more itself and less like the city of office towers, chain stores, theme parks, and privatized public services and property that appears to be its immediate fate. San Francisco is not alone in being transformed according to the dictates of the global economy. But San Franciscans are unusual in their readiness to confront the corporate agenda for their city.

Displacing Whiteness Nov 11 2022 Displacing Whiteness makes a unique contribution to the study of race dominance. Its theoretical innovations in the analysis of whiteness are integrated with careful, substantive explorations of whiteness on an international, multiracial,

cross-class, and gendered terrain. Contributors localize whiteness, as well as explore its sociological, anthropological, literary, and political dimensions. Approaching whiteness as a plural rather than singular concept, the essays describe, for instance, African American, Chicana/o, European American, and British experiences of whiteness. The contributors offer critical readings of theory, literature, film and popular culture; ethnographic analyses; explorations of identity formation; and examinations of racism and political process. Essays examine the alarming epidemic of angry white men on both sides of the Atlantic; far-right electoral politics in the UK; underclass white people in Detroit; whiteness in "brownface" in the film Gandhi; the engendering of whiteness in Chicana/o movement discourses; "whiteface" literature; Roland Barthes as a critic of white consciousness; whiteness in the black imagination; the inclusion and exclusion of suburban "brown-skinned white girls"; and the slippery relationships between culture, race, and nation in the history of whiteness. Displacing Whiteness breaks new ground by specifying how whiteness is lived, engaged, appropriated, and theorized in a range of geographical locations and historical moments, representing a necessary advance in analytical thinking surrounding the burgeoning study of race and culture.

The Pocho Research Society Field Guide to L.A.
Aug 20 2023 Visual and performance artist Sandra de la Loza presents a wry commentary on the Chicano history of Los Angeles in this field guide to Downtown and East Los Angeles. Using the format of the photographic essay, she documents the exploits of the Pocho Research Society, an organization dedicated to commemorating sites in Los Angeles that are of importance to the Chicano community but that have been erased by urban development or neglect. Through the unauthorized acts of commemoration, the Pocho Research Society calls our attention to their absence from official narratives. The field guide also offers playful tours of the murals at Estrada Courts and the Fort No Moore Secret Museum, founded by the Pocho Research Society to preserve the history of the Fort Moore Pioneer Memorial (a history that includes accounts of the Lizard People, who lived in catacombs far beneath the monument). By drawing attention to these invisible monuments and lost histories, de la Loza asks her readers to consider the broader question of what constitutes a community's history.

A Luis Leal Reader Feb 14 2023 Since his first publication in 1942, Luis Leal has likely done more than any other writer or scholar to foster a critical appreciation of Mexican, Chicano, and Latin American literature and culture. This volume, bringing together a representative selection of Leal's writings from the past sixty years, is at once a wide-ranging introduction to the most influential scholar of Latino literature and a critical history of the field as it emerged and developed through the twentieth century. Instrumental in establishing Mexican literary studies in the United States, Leal's writings on the topic are especially instructive, ranging from essays on the significance of symbolism, culture, and history in early Chicano literature to studies of the more recent use of magical realism and of individual New Mexican, Tejano, and Mexican authors such as Juan Rulfo, Carlos Fuentes, José Montoya, and Mariano Azuela. Clearly and cogently written, these writings bring to bear an encyclopedic knowledge, a deep understanding of history and politics, and an unparalleled command of the aesthetics of storytelling, from folklore to theory. This collection affords readers the opportunity to

consider—or reconsider—Latino literature under the deft guidance of its greatest reader.

The Pocho Codex Sep 21 2023 The Chicano Stephen Dedalus slouches his way through love, lust, and poetry in this whimsical novel in verse. Chaley Chastitellez leads Xochitl Flores on an adulterous love escapade that ends in tragedy for Chaley, and ultimately for Xochitl. We follow the couple from interwoven episodes of their brief involvements and their days on earth together, and also life after Chaley's death in and roves deeper into McTlán. Along the way the complex socio-historical relations between Mexico and the United States also come to structure the development of the story behind the meaning of pocho/macho conquests. Told in unconventional prose and poetry, the novel pushes the borders of genres and narrative traditions of the Americas. It experiments with narrative effects and poetics to weave mythical and real times and spaces into a mixed artifact of language and sculpture.

Luis Leal Jan 13 2023 Professor Luis Leal is one of the most outstanding scholars of Mexican, Latin American, and Chicano literatures and the dean of Mexican American intellectuals in the United States. He was one of the first senior scholars to recognize the viability and importance of Chicano literature, and, through his perceptive literary criticism, helped to legitimize it as a worthy field of study. His contributions to humanistic learning have brought

him many honors, including Mexico's Aquila Azteca and the United States' National Humanities Medal. In this testimonio or oral history, Luis Leal reflects upon his early life in Mexico, his intellectual formation at Northwestern University and the University of Chicago, and his work and publications as a scholar at the Universities of Illinois and California, Santa Barbara. Through insightful questions, Mario García draws out the connections between literature and history that have been a primary focus of Leal's work. He also elicits Leal's assessment of many of the prominent writers he has known and studied, including Mariano Azuela, William Faulkner, Octavio Paz, Carlos Fuentes, Juan Rulfo, Gabriel García Márquez, Jorge Luis Borges, Tomás Rivera, Rolando Hinojosa, Rudolfo Anaya, Elena Poniatowska, Sandra Cisneros, Richard Rodríguez, and Ana Castillo.
