Jailhouse Journalism , During the past two centuries a vibrant prison press has chronicled life behind bars in American prisons championed inmate causes and challenged those in authority who sought to silence it At its apex several hundred periodicals were published by and for inmates Unlike their peers who passed their sentences stamping out license plates these convicts spent their days like reporters in any community looking for the story Yet their own story the lengthy history of their unique brand of journalism has remained largely unknown In Jailhouse Journalism James McGrath Morris presents the history of this medium the lives of the men and women who brought it to life and the controversies that often surround it The dramatic history of prison journalism has included many famous notorious and unique personalities such as Robert Morris the financier of the America Revolution the Younger Brothers of the Jesse James gang Julian Hawthorne the only son of Nathaniel Hawthorne men of the radical Industrial Workers of the World IWW Charles Chapin famed city editor of New York s Evening World until he murdered his wife Dr Frederick Cook North Pole explorer whose claim to have been the first to reach the pole is still debated today Tom Runyon who won a place for himself in history with an Underwood and Wilbert Rideau an illiterate teenaged murderer who raised prison journalism to the pinnacle of achievement In his new introduction Morris addresses the spread of prison journalism into other forms of media such as radio and the Internet He discusses the conflicts between those who publish jailhouse news and those who would wish to control or eliminate it altogether

Life Sentences Wilbert Rideau, Ron Wikberg, 1992 Drawing on their award winning reporting for the Louisiana State Penitentiary s uncensored newsmagazine The Angolite Wilbert Rideau and Ron Wikberg present the stark reality of life behind bars and the human political and fiscal costs of our long running war on crime

The Meaning of Life Marc Mauer, Ashley Nellis, 2018-12-11 I can think of no authors more qualified to research the complex impact of life sentences than Marc Mauer and Ashley Nellis They have the expertise to track down the information that all citizens need to know and the skills to translate that research into accessible and powerful prose Heather Ann Thompson author of the Pulitzer Prize winning Blood in the Water From the author of the classic Race to Incarcerate a forceful and necessary argument for eliminating life sentences including profiles of six people directly impacted by life sentences by formerly incarcerated author Kerry Myers Most Western democracies have few or no people serving life sentences yet here in the United States more than 200 000 people are sentenced to such prison terms Marc Mauer and Ashley Nellis of The Sentencing Project argue that there is no practical or moral justification for a sentence longer than twenty years Harsher sentences have been shown to have little effect on crime rates since people age out of crime meaning that we re spending a fortune on geriatric care for older prisoners who pose little threat to public safety Extreme punishment for serious crime also has an inflationary effect on sentences across the spectrum helping to account for severe mandatory minimums and other harsh punishments A thoughtful and stirring call to action The Meaning of Life also features moving profiles of a half dozen people affected by life sentences written by former lifer and award winning writer Kerry Myers The book will tie in to a campaign spearheaded by The Sentencing Project and offers a much needed road map to a more humane criminal justice system

Prison Truth William J. Drummond, 2020-01-07 San Quentin State Prison California s oldest prison and the nation s largest is notorious for once holding America s most dangerous prisoners But in 2008 the Bastille by the Bay became a beacon for rehabilitation through the prisoner run newspaper the San Quentin News Prison Truth tells the story of how prisoners many serving life terms transformed the prison climate from what Johnny Cash called a living hell to an environment that fostered positive change in inmates lives Award winning journalist William J Drummond takes us behind bars introducing us to Arnulfo Garc a the visionary prisoner who led the revival of the newspaper Drummond describes how the San Quentin News after a twenty year shutdown was recalled to life under an enlightened warden and the small group of local retired newspaper veterans serving as advisers which Drummond joined in 2012 Sharing how officials cautiously and often unwittingly allowed the newspaper to tell the stories of the incarcerated Prison Truth illustrates the power of prison media to humanize the experiences of people inside penitentiary walls and to forge alliances with social justice networks seeking reform

This Absurd Desolation: Poems and Other Observations John Corley, 2022-10-06 What is it like to be handed a life sentence in a state prison As the decades pass how does the human soul conform to penitentiary life This book is as close as most of us will ever come to understanding the isolation alienation and also moments of irony and humor such a life extracts from 80% of the inhabitants of the Louisiana State Penitentiary at Angola the lifers John Corley through his literary and journalistic skill provides that rare opportunity to go behind the bars the locked doors and into prison dorms workrooms and common areas where he lives out his incarceration Loneliness he has found is fertile ground for poetry A prison writer you say Yes Not only the principal writer for The Angolite magazine for many years but also a poet who understands the darkness that brought him here Corley speaks with his inside voice as he searches for a way out Burk Foster retired Professor of Criminal Justice University of Louisiana Lafayette John Corley is the associate editor of The Angolite the news magazine of the Louisiana State Penitentiary He is a recipient of PEN America fiction and playwriting awards and a National Council on Crime and Delinquency journalism award

'Reflections From Exile' Liam Kennedy, 2015 Research investigating life inside U S prisons is on the decline at the precise time when it is arguably most desperately needed And absent from much of the work that has been done is a consideration of how incarcerated men and women actually cope with conceive of and experience their imprisonment Undertaking the case study of the Louisiana State Penitentiary Angola I analyze over two decades worth of prisoners writings contained in The Angolite prison newsmagazine in order to further our understanding of the daily lived experiences of incarcerated individuals during the era of mass imprisonment First I examine how the correctional instability that characterized the last several decades of the twentieth century played out on the ground at Angola as well as how penological changes shaped the conditions of confinement and impacted prisoners lives Next I explore in depth one factor with the potential to influence a prisoner s life behind bars masculinities Specifically I investigate how prisoners navigate the hypermasculine prison code in addition to how they conceptualize manhood And in the third paper I dig deeper into Angola s plantation past That is I analyze how administrators narrate the history of the prison to tourists and outsiders as well as if and how the collective memories of slavery and the Jim Crow era inform prisoners ideas about their incarceration today Overall this project actively strives to highlight prisoners humanity and complexity document the nuances of prisoners carceral experiences and demonstrate the value of incorporating prisoners knowledges into academic debates

Solitary Albert Woodfox, 2019-03-12 An uncommonly powerful memoir about four decades in confinement A profound book about friendship and solitary confinement in the United States New York Times Finalist for the Pulitzer Prize and the National Book Award Solitary is the unforgettable life story of a man who served more than four decades in solitary confinement in a 6 foot by 9 foot cell twenty three hours a day in Louisiana s notorious Angola prison all for a crime he did not commit That Albert Woodfox survived at all was a feat of extraordinary endurance That he emerged whole from his odyssey within America s prison and judicial systems is a triumph of the human spirit While behind bars in his early twenties Albert was inspired to join the Black Panther Party because of its social commitment and code of living He was serving a fifty year sentence in Angola for armed robbery when on April 17 1972 a white guard was killed Albert and another member of the Panthers were accused of the crime and immediately put in solitary confinement Without a shred of evidence against them their trial was a sham of justice Decades passed before Albert was finally released in February 2016 Sustained by the solidarity of two fellow Panthers Albert turned his anger into activism and resistance The Angola 3 as they became known resolved never to be broken by the corruption that effectively held them for decades as political prisoners Solitary is a clarion call to reform the inhumanity of solitary confinement in the United States and around the world

Love Behind Bars Jodie Sinclair, 2020-04-28 The Powerful Poignant Story of Love Courage and Redemption from Death Row Where an Indomitable Woman Challenged Corruption in Order to Free her Husband When TV reporter Jodie Sinclair went to the Louisiana State Penitentiary also known as the Death House at Angola in 1981 she expected to report about the death penalty and leave She never expected to fall in love Billy Sinclair was an inmate at Angola sent there for an accidental murder during a robbery gone wrong After facing a trial which was skewed against him and being sentenced to death he saw first hand the corruption and abuse rife in the criminal justice system and he began an unrelenting crusade for reform When the pair married by proxy a year after meeting Jodie took up Billy s fight From then on she lived with one foot in the outside world and one in the complex and dehumanizing bureaucracy of the prison world This incredible memoir tracks her heroic twenty five year fight to save her husband from dying in prison the professional setbacks she suffered for marrying a prisoner and a pardons scandal in which she wore a wire for the FBI to help her husband expose corruption in the criminal justice system leading all the way to the governor s office which put a target on Billy s back It is the uplifting true story of a woman who stood by her man and in doing so exposed the horrors of our criminal justice system and became a voice for all those who have loved ones behind bars

Instrument of the State Benjamin J. Harbert, 2023 Angola Prison is the largest and one of the most notorious state prisons in the United States built into a slave plantation that Louisiana bought in 1901 It has also been the most musically significant Following a documentary film project author Benjamin J Harbert visited Angola gathered oral histories and conducted archival research to piece together an account of how prisoners and the administration have used music for over 120 years The book brings together well known musicians who served time there including Lead Belly Charles Neville and James Booker as well as a litany of musicians who made significant contributions to the prison s music scene only to die there or unable to establish careers upon release Instrument of the State A Century of Music in Louisiana State Penitentiary traces how musicians find small but essential freedoms by playing jazz R B country gospel rock and fusion In doing so Harbert expands folkloric definitions of prison music The book considers the broader musicality of the prison as a way of understanding state power and the fragments of hope and joy that remain in its wake Music connects to the prison s shifting and often conflicting missions rehabilitation slavery and abandonment The perspectives of incarcerated musicians will reveal how music responds to violence reform prisoner rights sensationalism and power through the twentieth century Instrument of the State is an indictment of the brutality of prison its disproportionate effects on African Americans and the desperate profiteering of a deliberately underfunded state agency
