Chemistry Maths Book** Erich Steiner,1996 The Chemistry Maths Book is a comprehensive textbook of mathematics for
undergraduate students of chemistry Such students often find themselves unprepared and ill equipped to deal with the
mathematical content of their chemistry courses Textbooks designed to overcome this problem have so far been too basic for
complete undergraduate courses and have been unpopular with students However this modern textbook provides a complete
and up to date course companion suitable for all levels of undergraduate chemistry courses All the most useful and important
topics are covered with numerous examples of applications in chemistry and some in physics The subject is developed in a
logical and consistent way with few assumptions of prior knowledge of mathematics This text is sure to become a widely
adopted text and will be highly recommended for all chemistry courses **Holt McDougal Modern Chemistry** Mickey
