Fighting Back The Right Reclaiming America From Attack On Reason David Niose

Fighting Back the Right David Niose, 2014-12-16 The political scene is changing rapidly in America The religious right is on the defensive acceptance of gay rights is at an all time high social conservatives are struggling for relevance and more Americans than ever identify as nonreligious What does this mean for the country and the future With these demographic shifts can truly progressive reason based public policy finally gain traction Or will America continue to carry a reputation as anti intellectual and plutocratic eager to cater to large corporate interests but reluctant to provide universal health care to all its citizens *Fighting Back the Right* reveals a new alliance in the making a progressive coalition committed to fighting for rational public policy in America and reversing the damage inflicted by decades of conservative dominance David Niose Legal Director of the American Humanist Association AHA examines this exciting new dynamic covering not only the rapidly evolving culture wars but also the twists and turns of American history and politics that led to this point and why this new alliance could potentially move the country in a direction of sanity fairness and human centered public policy **Fighting Back the Right** David Niose, 2014-12-16 An unlikely new alliance is fighting for rational progressive public policy in America to reverse the damage inflicted by decades of the religious right *Nonbeliever Nation* David Niose, 2012-07-17 A new group of Americans is challenging the reign of the Religious Right Today nearly one in five Americans are nonbelievers a rapidly growing group at a time when traditional Christian churches are dwindling in numbers and they are flexing their muscles like never before Yet we still see almost none of them openly serving in elected office while Mitt Romney Rick Santorum and many others continue to loudly proclaim the myth of America as a Christian nation In *Nonbeliever Nation* leading secular advocate David Niose explores what this new force in politics means for the unchallenged dominance of the Religious Right Hitting on all the hot button issues that divide the country from gay marriage to education policy to contentious church state battles he shows how this movement is gaining traction and fighting for its rights Now Secular Americans a group comprised not just of atheists and agnostics but lapsed Catholics secular Jews and millions of others who have walked away from religion are mobilizing and forming groups all over the country even atheist clubs in Bible belt high schools to challenge the exaltation of religion in American politics and public life This is a timely and important look at how growing numbers of nonbelievers disenchanted at how far America has wandered from its secular roots are emerging to fight for equality and rational public policy **The Founding Myth** Andrew L Seidel, 2019-05-14 Do In God We Trust the Declaration of Independence and other historical evidence prove that America was founded on Judeo Christian principles Are the Ten Commandments the basis for American law A constitutional attorney dives into the debate about religion s role in

America's founding In today's contentious political climate understanding religion's role in American government is more important than ever Christian nationalists assert that our nation was founded on Judeo Christian principles and advocate an agenda based on this popular historical claim But is this belief true The Founding Myth answers the question once and for all Andrew L Seidel a constitutional attorney at the Freedom from Religion Foundation builds his case point by point comparing the Ten Commandments to the Constitution and contrasting biblical doctrine with America's founding philosophy showing that the Bible contradicts the Declaration of Independence's central tenets Thoroughly researched this persuasively argued and fascinating book proves that America was not built on the Bible and that Christian nationalism is in fact un-American

Justice-Centered Humanism Roy Speckhardt,2021-04-06 Humanists are quick to defend threats to the separation of church and state but they have not always been consistently unified in engaging with pressing issues of race class gender and sexuality namely those linked to economic environmental and social justice Drawing on his tenure as executive director of the American Humanist Association Roy Speckhardt calls for humanists everywhere to center justice in their humanism by promoting public policy based on ethical humanist principles Acknowledging the challenges inherent to this type of advocacy and activism such as balancing short term needs with long term goals and espousing a common humanity without erasing differences he makes a compelling case for championing justice centered humanism He also provides guidance for doing so whether on the local state or federal level Precisely because there is no such thing as cosmic justice in an afterlife he reminds it's especially important that humanists everywhere combat injustice in this life

The Oxford Handbook of Secularism Phil Zuckerman,John R. Shook,2017 As recent headlines reveal conflicts and debates around the world increasingly involve secularism National borders and traditional religions cannot keep people in tidy boxes as political struggles doctrinal divergences and demographic trends are sweeping across regions and entire continents And secularity is increasing in society with a growing number of people in many regions having no religious affiliation or lacking interest in religion Simultaneously there is a resurgence of religious participation in the politics of many countries How might these diverse phenomena be better understood Long reigning theories about the pace of secularization and ideal church state relations are under invigorated scrutiny by scholars studying secularism with new questions better data and fresh perspectives The Oxford Handbook of Secularism offers a wide ranging and in depth examination of this global conversation bringing together the views of an international collection of prominent experts in their respective fields This is the essential volume for comprehending the core issues and methodological approaches to the demographics and sociology of secularity the history and variety of political secularisms the comparison of constitutional secularisms across many countries from America to Asia the key problems now convulsing church state relations the intersections of liberalism multiculturalism and religion the latest psychological research into secular lives and lifestyles and the naturalistic and humanistic worldviews available to nonreligious people

Zeran v. America Online Ebook Eric Goldman, Jeff Kosseff, 2020-09-09 The Fourth Circuit's 1997 ruling in *Zeran v. America Online* played a critical role in Section 230 jurisprudence and by extension the Internet's development To better understand this seminal case we compiled a variety of resources about the case including 1 two dozen essays reflecting upon the decision's 20th anniversary and 2 key opinions and filings from the litigation some of which have never before been available in electronic format This compilation should interest anyone researching the history of Internet Law or thinking about the implications of online speech policies and the ongoing policy debates about Section 230

The Cult of the Constitution Mary Anne Franks, 2019-05-14 A powerful challenge to the prevailing constitutional orthodoxy of the right and the left A deeply troubling and absolutely vital book Mark Joseph Stern Slate In this provocative book Mary Anne Franks examines the thin line between constitutional fidelity and constitutional fundamentalism *The Cult of the Constitution* reveals how deep fundamentalist strains in both conservative and liberal American thought keep the Constitution in the service of white male supremacy Franks demonstrates how constitutional fundamentalists read the Constitution selectively and self-servingly thus undermining the integrity of the document as a whole She goes on to argue that economic and civil libertarianism have merged to produce a deregulatory free market approach to constitutional rights that achieves fullest expression in the idealization of the Internet The fetishization of the first and second amendments has blurred the boundaries between conduct and speech and between veneration and violence But the Constitution itself contains the antidote to fundamentalism *The Cult of the Constitution* lays bare the dark antidemocratic consequences of constitutional fundamentalism and urges readers to take the Constitution seriously not selectively

[Blinders, Blunders, and Wars](#) David C. Gompert, Hans Binnendijk, Bonny Lin, 2014-11-26 The history of wars caused by misjudgments from Napoleon's invasion of

Russia to America's invasion of Iraq reveals that leaders relied on cognitive models that were seriously at odds with objective reality *Blunders and Wars* analyzes eight historical examples of strategic blunders regarding war and peace and four examples of decisions that turned out well and then applies those lessons to the current Sino American case

Comforting Thoughts about Death That Have Nothing to Do with God Greta Christina, 2015 A unique take on death and bereavement without a belief in God or an afterlife Accepting death is never easy but we don't need religion to find peace comfort and solace in the face of death In this inspiring and life affirming collection of short essays prominent atheist author Greta Christina offers secular ways to handle your own mortality and the death of those you love *I Love Jesus, But I Want to Die* Sarah J. Robinson, 2021-05-11 A compassionate shame free guide for your darkest days A one of a kind book to read for yourself or give to a struggling friend or loved one without the fear that depression and suicidal thoughts will be minimized medicalized or over spiritualized Kay Warren cofounder of Saddleback Church What happens when loving Jesus doesn't cure you of depression anxiety or suicidal thoughts You might be crushed by shame over your mental illness only to be told by well meaning Christians to choose joy and pray more So you beg God to take away the pain but nothing eases the ache inside As darkness lingers and color drains from your world you're left wondering if God has abandoned you You just want a way out But there's hope In *I Love Jesus But I Want to Die* Sarah J Robinson offers a healthy practical and shame free guide for Christians struggling with mental illness With unflinching honesty Sarah shares her story of battling depression and fighting to stay alive despite toxic theology that made her afraid to seek help outside the church Pairing her own story with scriptural insights mental health research and simple practices Sarah helps you reconnect with the God who is present in our deepest anguish and discover that you are worth everything it takes to get better Beautifully written and full of hard won wisdom *I Love Jesus But I Want to Die* offers a path toward a rich hope filled life in Christ even when healing doesn't look like what you expect [Fighting to Win](#) David J. Rogers, 1984 Applies the precepts of samurai philosophy and practice to the problems of doing business and of daily living and shows how to defeat opponents by overcoming the inner opponents *The Cambridge History of America and the World: Volume 4, 1945 to the Present* David C. Engerman, Max Paul Friedman, Melani McAlister, 2022-03-03 The fourth volume of *The Cambridge History of America and the World* examines the heights of American global power in the mid twentieth century and how challenges from at home and abroad altered the United States and its role in the world The second half of the twentieth century marked the pinnacle of American global power in economic political and cultural terms but even as it reached such heights the United States quickly faced new challenges to its power originating both domestically and internationally Highlighting cutting edge ideas from scholars from all over the world this volume anatomizes American power as well as the counters and alternatives to the American empire Topics include US economic and military power American culture overseas human rights and humanitarianism third world internationalism immigration communications technology and the Anthropocene **Crimes Committed by Terrorist Groups** Mark S.

Hamm,2011 This is a print on demand edition of a hard to find publication Examines terrorists involvement in a variety of crimes ranging from motor vehicle violations immigration fraud and mfg illegal firearms to counterfeiting armed bank robbery and smuggling weapons of mass destruction There are 3 parts 1 Compares the criminality of internat jihad groups with domestic right wing groups 2 Six case studies of crimes includes trial transcripts official reports previous scholarship and interviews with law enforce officials and former terrorists are used to explore skills that made crimes possible or events and lack of skill that the prevented crimes Includes brief bio of the terrorists along with descriptions of their org strategies and plots 3 Analysis of the themes in closing arguments of the transcripts in Part 2 Illus **Challenging Authority** Frances Fax Piven,2008-07-11 Argues that ordinary people exercise extraordinary political courage and power in American politics when frustrated by politics as usual they rise up in anger and hope and defy the authorities and the status quo rules that ordinarily govern their daily lives By doing so they disrupt the workings of important institutions and become a force in American politics Drawing on critical episodes in U S history Piven shows that it is in fact precisely at those seismic moments when people act outside of political norms that they become empowered to their full democratic potential *Living in the Shadow of the Cross* Paul Kivel,2013-10-01 How our dominant Christian worldview shapes everything from personal behavior to public policy and what to do about it Over the centuries Christianity has accomplished much which is deserving of praise Its institutions have fed the hungry sheltered the homeless and advocated for the poor Christian faith has sustained people through crisis and inspired many to work for social justice Yet although the word Christian connotes the epitome of goodness the actual story is much more complex Over the last two millennia ruling elites have used Christian institutions and values to control those less privileged throughout the world The doctrine of Christianity has been interpreted to justify the killing of millions and its leaders have used their faith to sanction participation in colonialism slavery and genocide In the Western world Christian influence has inspired legislators to continue to limit women s reproductive rights and has kept lesbians and gays on the margins of society As our triple crises of war financial meltdown and environmental destruction intensify it is imperative that we dig beneath the surface of Christianity s benign reputation to examine its contribution to our social problems *Living in the Shadow of the Cross* reveals the ongoing everyday impact of Christian power and privilege on our beliefs behaviors and public policy and emphasizes the potential for people to come together to resist domination and build and sustain communities of justice and peace Paul Kivel is the award winning author of *Uprooting Racism* and the director of the Christian Hegemony Project He is a social justice activist and educator who has focused on the issues of violence prevention oppression and social justice for over forty five years **My Promised Land** Ari Shavit,2013-11-19 NEW YORK TIMES BESTSELLER A NEW YORK TIMES BOOK REVIEW AND ECONOMIST BEST BOOK OF THE YEAR A deeply reported deeply personal history of Zionism and Israel that does something few books even attempt It balances the strength and weakness the idealism and the brutality the hope and the horror that has always been at Zionism s heart Ezra Klein *The New*

York Times Winner of the Natan Book Award the National Jewish Book Award and the Anisfield Wolf Book Award Ari Shavit's riveting work now updated with new material draws on historical documents interviews and private diaries and letters as well as his own family's story to create a narrative larger than the sum of its parts both personal and of profound historical dimension As he examines the complexities and contradictions of the Israeli condition Shavit asks difficult but important questions Why did Israel come to be How did it come to be Can it survive Culminating with an analysis of the issues and threats that Israel is facing My Promised Land uses the defining events of the past to shed new light on the present Shavit's analysis of Israeli history provides a landmark portrait of a small vibrant country living on the edge whose identity and presence play a crucial role in today's global political landscape

Pentagon 9/11 Alfred Goldberg, 2007-09-05 The most comprehensive account to date of the 9/11 attack on the Pentagon and aftermath this volume includes unprecedented details on the impact on the Pentagon building and personnel and the scope of the rescue recovery and caregiving effort It features 32 pages of photographs and more than a dozen diagrams and illustrations not previously available

Lurps Robert C. Ankony, 2008-10-21 *Lurps* is the revised edition of the memoir of a juvenile delinquent who drops out of ninth grade to chase his dream of military service After volunteering for Vietnam he joins the elite U.S. Army LRRP Rangers small heavily armed long range reconnaissance teams that patrol deep in enemy held territory It is 1968 and the Lurps find themselves in some of the war's hairiest campaigns and battles including Tet Khe Sanh and A Shau Readers witness all the horrors humor adrenaline and unexpected beauty through the eyes of a green young warrior Gone are the heroic clichés and bravado as compelling narrative and realistic dialogue sweep the reader along with a powerful sense that this is actually happening This poignant coming of age story explores the social background that shaped the protagonist's thinking his uncertain quest for redemption through increased responsibility the brotherhood of comrades in arms women and sexual awakening and the baffling randomness of who lives and who dies
