Eulogies to Die For May 11 2022 When death strikes words often fail us. This book helps honor ones for whom the alphabet seems inadequate. The first eulogy the author ever heard was for her aunt when she was 12; appalled that the minister knew so little about the deceased he

never once mentioned her by name, she became determined that such thoughtlessness and lack of recognition would never happen to anyone she loved in the future. Consequently, she wrote eulogies for her infant son, her mother, grandmother, mother-in-law, father, and various friends and relatives upon their deaths. In this book, she has made it possible to mix-and-match by classifying the entries alphabetically and by occupation or title. Blending humor, scripture, and classic literature, this book provides a full eulogy or seeds for thought so readers can create their own.

Branding with Powerful Stories Apr 29 2021 Whether you are branding your company, your product, your service, or yourself, learn to boost the power of your story and convey a compelling message in any setting by incorporating villains, victims, and heroes. Compelling stories exalt, motivate, and acculturate every worker in an enterprise. They also attract customers and media alike. Imagine an elderly man, snowed in, unable to shop for groceries until a supermarket comes to the rescue and delivers his food. The story of this company going out of its way to help a customer in need will resonate not only with consumers but also with employees. This book explains not just how to tell a captivating story, but also what elements—namely, villains, victims, and heroes—it should include in the first place. This approach is based on the notion that in business messaging, the villains may just be your best friends. The "villains" are simply any problems that cause pain, discomfort, or extra expense for customers, who are in effect the "victims." As for the "heroes," they are best illustrated by the supermarket going beyond expectations. Who in business wouldn't want to emulate that company? If your products and services offer real solutions to customers' predicaments, there is nothing more powerful than communicating that message and making sure your potential customers remember it.

Music and Coexistence Mar 09 2022 *Music and Coexistence: A Journey across the World in Search of Musicians Making a Difference* is both study and travelogue, as author Osseily Hanna explores the courageous work of musicians who compose and perform with their ostensible enemies or in extraordinary social situations. He documents the political and economic constraints faced by musicians, from the wall that encloses a refugee camp in Jerusalem, to the tensions among KFOR and Carabinieri peacekeepers who keep Serbs and Kosovar Albanians apart, to the cultural and linguistic suppression that afflicts minority communities in Turkey. A multilingual musician, Hanna examines the lives of the individuals and groups at the forefront of the effort to bridge ethnic, cultural, and religious divisions. Featuring musicians from thirteen different countries and territories across five continents, Hanna's story includes a remarkable cadre of performers, such as the musicians who comprise Heartbeat, a group of Israeli and Palestinian youth, who compose, record, and perform music together; the Albino musicians of Tanzania, who regularly combat persecution by local shamans; the multiracial and thriving samba musicians in Sao Paulo; and a former child soldier from Cambodia who seeks to revive traditional music following the genocide in the 1970s. With photos taken by the author during his travels, this work is a unique contribution for those interested in world music and peace

studies. This unique and remarkable work will open the eyes and the hearts of every musician and music lover who recognizes music as a universal language.

God's Amazing Grace: Reconciling Four Centuries of African American Marriages and Families Sep 14 2022 "God's Amazing Grace: Reconciling Four Centuries of African American Marriages and Families is an insightful study that will be welcomed by thoughtful practitioners and all who ponder the African American family's complexity. Readers familiar with the deep, rich reservoir of African American family literature will recognize many of the black scholars referenced in this work. Readers unfamiliar with these sources will be grateful to discover them and the effective use of disparate literature. "This work will become a different kind of guide for studying American history through the lens of the African American family. Underneath all the research is the search for answers to the compelling questions: Is there a correlation between slave owners' denial to slaves, God's design for the family, and the familial chaos that has plagued African American families for more than a hundred fifty years? And if there is connection, what is it? "The author has brought something new to a familiar topic of discussion—the Bible. The unique moral compass that steered this study is solidly anchored in the bedrock of holy scripture. In this work, the history and sociology of African American marriages are examined in light of the questions asked by Holy Scripture. In so doing, Dr. Turner skillfully attempts to help readers make sense of the story of black families in America. May this book mark the beginning to a new reality for African American families" (Dr. Willie Peterson, senior executive advisor, adjunct professor of Pastoral Ministries, Dallas Theological Seminary).

Amazon customer review - 'This series has it all, everything I want in a story and series...humor, suspense, and colorful characters. It's one of my top all-time favorite series. When Steve Higgs writes, he hits it out of the park. I find myself laughing out loud and often, which is rare for me when reading. This book's roster of suspects, witnesses, and victims are all new and Steve doesn't write a character just to have another body count, he writes each and every one to evoke some feeling, be it anger, humor, or someone you wish you had in your own roster of friends. I always say that each new story in Steve Higg's series is the best one yet, and this one had a lot going on, but it really was the best one for me yet.'

My Letter to Fear Jul 13 2022 Over the course of two years, Steffy conducted interviews with the fabulous women around her and their equally fantastic friends. She put no restrictions on age, or ethnicity. They just needed to be willing to answer some questions. Steffy asked them about the expectations they had for their lives when they were very young versus their current realities as adults. She asked them to tell her the best things about themselves (a question which was surprisingly difficult for people to answer) and the worst things. Those answers—the funny, the sad, and the hysterical—and her own experiences became the basis for these essays.

Ash Man Jan 07 2022 No one should play with the dead, especially when Raymond Faustanetti is around. For twenty-four years, the veteran cremator has burned bodies at the old cemetery; it's a job he takes very seriously. However, not everyone shares his dedication to the deceased. His new boss, Everett Cochran, pompous son of the wealthy, new owner, doesn't get Ray at all and insists on aggravating his freak employee whenever possible. But the cremator won't back down. And that

dark determination often creates sparks between them that rival the flames roasting the corpses. When an attractive girl named Alex wanders among the tombstones, both men are drawn to her. Ray refuses his primal urges to keep his haunted past buried. But nothing stops Everett who is determined to have her. With Dad's money as bait, he seems to get his wish. Soon, a twisted relationship develops, and Ray senses impending trouble for the girl. All he wants is to be left alone, but circumstances thrust him into real life with every bit of evil that goes with it. As the demons of his past are reawakened, Ray must decide if vengeance is truly history or whether protecting the dead requires eliminating the living.

The Eyes of the Master Aug 26 2023 As the Bible is the book of preference for me, I began to wonder what brought the people in the Scriptures to the place where they met the Master. The stories mostly wrote themselves. The hardest person to write about was the demonic from Gadarene. How does a person become so demon-possessed? Why does Jesus say to some, stop sinning? What did they do? They were more than likely doing the same things we are doing today.
