Latin for the New Millennium: Level 1: student workbook Milena Minkova, Terence Tunberg, 2008-01-01 Latin for the New Millennium Levels 1 and 2 is a complete introductory course to the Latin language suitable for both high school and college students consisting of two volumes each accompanied by a teacher's manual and students workbooks. The strategy employed for teaching and learning incorporates the best of both the reading approach and the more abstract grammatical method. The choice of vocabulary in each chapter reflects ancient authors commonly studied for the AP Latin examinations. There are exercises designed for oral use as well as a substantial core of more conventional exercises in each chapter. The readings, pictures, and supplementary inserts on cultural information illuminate Roman life, civilization, Roman history, and mythology, as well as the continuing use of Latin after antiquity and its vigorous literary tradition in such periods as the Middle Ages and Renaissance. Each chapter also includes derivatives, the influence of Latin vocabulary on English, and selected proverbs or common Latin sayings. Latin for the New Millennium Level 3 builds on the strong foundation of Levels 1 and 2 and provides students an in-depth experience of Caesar, Catullus, Cicero, Horace, Ovid, and Vergil, as well as of the Renaissance writer Erasmus. This text provides students an introduction to unadapted Latin literature and builds their literary analysis skills, adapted from publisher website.

**Latin for the New Millennium Level 1 Student Workbook Second Edition** Milena Minkova, Terence Tunberg, 2017-02-06 The Second Edition workbook includes the addition of a new English derivative exercise for each chapter. Student Workbooks supplement the Latin for the New Millennium textbooks with additional exercises and passages designed to reinforce the material presented in each chapter. Special Features: Content questions test students' comprehension of each chapter's Latin reading background material and grammar syntax presentations. Exercises reinforce the grammar and syntax lessons presented in the Language Facts of the student text. Translation exercises from Latin to English and from English to Latin improve students' abilities to read and write Latin. Student Workbooks expose students to adapted Latin passages not only from authors introduced in the primary text but also from other authors, for example, Phaedrus, not presented in the textbook. Exercise 2 of each chapter tests students' knowledge of derivatives. Black and white illustrations provide visual context for the Latin readings.
